

RESOLUTION NO. 2024-XX

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF SANTA ANA APPROVING CONDITIONAL USE PERMIT NO. 2023-05, THEREBY REPLACING CONDITIONAL USE PERMIT NO. 2008-08, AS CONDITIONED TO ALLOW THE ON-PREMISE SALE AND CONSUMPTION OF ALCOHOLIC BEVERAGES (TYPE 47 – BEER, WINE, AND DISTILLED SPIRITS) AT LAS BRISAS RESTAURANT LOCATED AT 719 E. FIRST STREET, UNIT A.

BE IT RESOLVED BY THE PLANNING COMMISSION OF THE CITY OF SANTA ANA AS FOLLOWS:

**Section 1.** The Planning Commission of the City of Santa Ana hereby finds, determines, and declares as follows:

- A. Rudy Lopez & Raul Cueva Jr, representing Las Brisas Restaurant, on behalf of Liquor License Agents (Applicant), is requesting approval of Conditional Use Permit (CUP) No. 2023-05 to allow the sale of alcoholic beverages for on-premise consumption (Type 47- Beer, Wine, and Distilled Spirits) at an existing eating establishment located at 719 East First Street, Suite A.
- B. Santa Ana Municipal Code (SAMC) Section 41-196 requires approval of a CUP for establishments wishing to sell alcoholic beverages for on-premise consumption.
- C. The eating establishment will meet all required standards specified by Section 41-196 of the SAMC and the State Department of Alcoholic Beverage Control (ABC) for the sale of alcoholic beverages for on-premises consumption by containing a full kitchen and a menu of hot and cold food items for purchase.
- D. On June 9, 2008, the City of Santa Ana Planning Commission held a public hearing for the proposal of an on-premise sale of alcoholic beverages. The Planning Commission unanimously approved CUP No. 2008-8 to allow a Type 41 (Beer and Wine) Alcoholic Beverage Control (ABC) license.
- E. On June 10, 2024, the Planning Commission held a duly-noticed public hearing on CUP No. 2023-05.
- F. The Planning Commission determines that the following findings, which must be established in order to grant a CUP pursuant to SAMC Section 41-638, have been established for CUP No. 2023-05 to allow the on-premise sale and consumption of alcoholic beverages at an existing eating establishment located at 719 E. First Street, Unit A.

1. That the proposed use will provide a service or facility which will contribute to the general wellbeing of the neighborhood or community.

The restaurant is seeking to expand its current operations by proposing to sell distilled spirits in addition to beer and wine, through a Type 47 Alcoholic Beverage Control (ABC) license upgrade. The addition of distilled spirits for on-premise consumption at this location will provide an ancillary service to the eating establishment's customers by allowing them to purchase a variety of alcoholic beverages with their meal. This will thereby benefit the community by providing an eating establishment with an additional and complementary food related amenity. Operational standards applicable to the ABC license and conditions of approval will mitigate any potential impacts created by the use and will ensure that the use will not negatively affect the surrounding community.

2. That the proposed use will not, under the circumstances of the particular case, be detrimental to the health, safety, or general welfare of persons residing or working in the vicinity.

The proposed sale of alcoholic beverages for on-premise consumption at this location will not be detrimental to the health, safety, or general welfare of persons residing or working in the vicinity because the operational standards applicable to the alcoholic beverage control license and conditions of approval will address any potential negative or adverse impacts created by the use. The site is located adjacent to single-family residences within the Lacy Neighborhood, and located across the street from the Pacific Park Neighborhood along First Street. The site is located approximately 245 linear feet to the north from the nearest establishment selling off-sale alcoholic beverages (Hickory Liquour Inc.), 750 linear feet to the east from the nearest private charter school (Edward B. Cole Academy), and 900 linear feet to the south from the nearest public school (Garfield Elementary). Las Brisas Restaurant is an established bona-fide restaurant which already contains a Type 41 ABC license since 2008. The upgrade to a Type 47 license will still be an ancillary use to the main restaurant use.

Additionally, several conditions of approval have been included to mitigate potential detrimental effects from the approval of an upgrade to a Type 47 license. These include limiting alcohol serving hours from 8:00 a.m. to 10:00 p.m., Monday through Wednesday, and 8:00 a.m. to 12:00 a.m. Thursday through Sunday. Any future modification of alcohol servicing hours shall take into consideration any Code Enforcement violations at the time of the request and require Police Department review of the site for service calls/reports. Moreover, modification of alcohol servicing hours outside of the current proposed hours, and until

12:00 a.m., shall be subject to administrative review of the Planning Manager and/or their designee. This review shall not apply towards the regular operation of food service. Should the applicant request to expand food operational or alcohol serving hours beyond 12:00 a.m., a separate CUP shall be required.

Additional conditions shall require that all alcohol sales be served and consumed indoors within the eating establishment, and that all alcoholic beverages be dispensed and consumed onsite in separate containers provided by the business operator. No consumption of alcohol shall be permitted outside the dining area of the eating establishment. Moreover, to ensure that the approval of the applicant's request for an ABC license upgrade will not be detrimental to the local community, staff has recommended a condition of approval requiring the Planning Division to review the CUP after a six-month review period, to review of the effects of the ABC license upgrade. During this period, the applicant's operations may not demonstrate a consistent increase in the number of service calls and/or police reports.

Lastly, the Applicant shall be responsible for monitoring both patron and employee conduct on the premises and within the parking areas under his/her control to assure such conduct does adversely affect or detract from the quality of life for adjoining residents, property owners, and businesses. There are no reported incidences of violent crimes, as indicated in the Police Department Analysis on the staff report. All of the operational standards identified in SAMC Section 41-196 will apply to this establishment. Therefore, the granting of the CUP will not negatively impact any sensitive land uses that may be nearby.

3. That the proposed use will not adversely affect the present economic stability or future economic development of properties surrounding the area.

The proposed CUP modification will not adversely affect the economic stability of the area, but will instead allow the eating establishment to compete with other nearby eating establishments that offer a full selection of alcoholic beverages for sale to their customers. The alcohol license for on-premise sale and consumption will benefit the surrounding area, as the reinvestment on the commercial site will increase economic activity during additional business hours. Moreover, including the sale of distilled spirits will allow the eating establishment to remain economically viable and competitive, thereby contributing to the overall success of the City.

4. That the proposed use will comply with the regulations and conditions specified in Chapter 41 for such use.

The proposed conditional use permit will be in compliance with all applicable regulations and operational standards imposed on an eating establishment selling alcoholic beverages for on-premise consumption pursuant to Chapter 41 of the SAMC. The facility will be maintained as a bona-fide eating establishment, having suitable kitchen facilities and supplying an assortment of foods. Additionally, the eating establishment will utilize less than five percent (5%) of the gross floor area for display and storage of alcoholic beverages, which is the maximum threshold established by the SAMC. Two conditions have been included to address non-compliance with landscaping and sign standards. These conditions include: (1) The applicant shall remove window signage to no more than 25% of the window area and remove window tinting on the building; and (2) Install and maintain landscaping along the western plant buffer to the satisfaction of the Planning Division. The operational standards will ensure the project remains in compliance with all applicable codes and regulations related to alcohol sales to ensure that the use does not impact neighboring properties or create an attractive nuisance.

5. That the proposed use will not adversely affect the General Plan of the city or any specific plan applicable to the area of the proposed use.

Approval of this application will be consistent with several goals and policies of the General Plan, specifically Goals 2, 3, 4. The project is located in the Urban Neighborhood – Medium (UN-40) General Plan land use designation, which allows for the development of semi urban villages that are well connected to schools, parks, and shopping centers. These areas are accessible by multiple modes of transportation, have lively and pedestrian-friendly streetscapes, and are designed to foster community interaction. Goal 2 of the Land Use Element (LU) encourages a balance of land uses that meet Santa Ana's diverse needs. Approval of upgrade to Type 47 ABC license is consistent with Policy 2.2 of the LU as it encourages a range of commercial uses to capture a greater share of local spending and offer a range of employment opportunities. Policy 2.7 of the LU supports land use decisions that encourage the creation, development, and retention of business in Santa Ana, in which Las Brisas Restaurant proposes to achieve with a Type 47 ABC license. The inclusion of a property maintenance agreement, addition of conditions of approval, and ongoing efforts to upgrade the site as indicated on the staff report have proven consistent with the following goals and policies of the LU. Goal 3 of the LU encourages the preservation and improvement of the character and integrity of the existing neighborhoods and districts. Policy 3.7 of the LU supports the promotion of a clean, safe, and creative environment for Santa Ana's residents, workers, and visitors. Goal 4 supports a sustainable Santa Ana through improvements to the built

environment. Lastly, Policy 4.1 of the LU encourages the promotion of complete neighborhoods by encouraging a mix of complementary uses, community services, and people places within a walkable area. The granting of the CUP will provide an additional service to Santa Ana residents and visitors, thereby positively contributing to the economic viability of the area by promoting local spending, offering employment opportunities, and providing a safe workplace. In addition, the eating establishment is located within an existing commercial area and its operations will be compatible with the surrounding commercial businesses.

**Section 2.** In accordance with the California Environmental Quality Act (CEQA) and the CEQA Guidelines, the project is categorically exempt from further review per Section 15301 (Class 1 – Existing Facilities). Class 1 exemption applies to the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use. The project proposes to allow the operation of an alcoholic beverage control license to sell alcoholic beverages at an existing bona-fide eating establishment, with negligible or no expansion of the existing use proposed. As such, a Notice of Exemption, Environmental Review No. 2023-14, will be filed for this project.

**Section 3.** The Applicant shall indemnify, protect, defend and hold the City and/or any of its officials, officers, employees, agents, departments, agencies, authorized volunteers, and instrumentalities thereof, harmless from any and all claims, demands, lawsuits, writs of mandamus, referendum, and other proceedings (whether legal, equitable, declaratory, administrative or adjudicatory in nature), and alternative dispute resolution procedures (including, but not limited to arbitrations, mediations, and such other procedures), judgments, orders, and decisions (collectively “Actions”), brought against the City and/or any of its officials, officers, employees, agents, departments, agencies, and instrumentalities thereof, that challenge, attack, or seek to modify, set aside, void, or annul, any action of, or any permit or approval issued by the City and/or any of its officials, officers, employees, agents, departments, agencies, and instrumentalities thereof (including actions approved by the voters of the City) for or concerning the project, whether such Actions are brought under the Ralph M. Brown Act, California Environmental Quality Act, the Planning and Zoning Law, the Subdivision Map Act, Code of Civil Procedure sections 1085 or 1094.5, or any other federal, state or local constitution, statute, law, ordinance, charter, rule, regulation, or any decision of a court of competent jurisdiction. It is expressly agreed that the City shall have the right to approve the legal counsel providing the City’s defense, and that Applicant shall reimburse the City for any costs and expenses directly and necessarily incurred by the City in the course of the defense. City shall promptly notify the Applicant of any Action brought and City shall cooperate with Applicant in the defense of the Action.

**Section 4.** The Planning Commission of the City of Santa Ana, after conducting the public hearing, hereby approves Conditional Use Permit No. 2023-05, as conditioned in Exhibit A, and in Exhibit B, *Operational Standards for On-sale Establishments*, attached hereto and incorporated herein, for the project located at 719 E. First Street, Unit A. Conditional Use Permit No. 2023-05 will replace Conditional Use Permit No. 2008-08. This decision is based upon the evidence submitted at the above-referenced hearing, including but not limited to: The Request for Planning Commission Action dated June 10, 2024, and exhibits attached thereto; and the public testimony, written and oral, all of which are

incorporated herein by this reference.
