Subject: Item 27 - City Council Meeting May 21 2024

Attention: This email originated from outside of City of Santa Ana. Use caution when opening attachments or links.

Dear City Council,

I am writing about this item to ask that City Staff take into special consideration any residents who will be subject to water being shut off once the various state and federal funding sources terminate. Should any residents be subject to water shutoff once the ordinance is adopted, I ask that City staff go door knocking and notices mailed to ensure that any residences are well informed ahead of water shutoffs due to non-payment. I know that rising costs of living since the pandemic are causing strain for hard working families and where expiration of state and federal funds may be terminating soon, affected residents in our city deserve, at minimum, as much notice as possible before negative actions occur.

Sincerely,

Nate Greensides

Ward 5 resident
