1. PROBLEM STATEMENT

The city of Santa Ana has a large volume of motor vehicle traffic, with arterial roadways carrying an average of 30,000 to 40,000 vehicles per day. There are also four freeways that converge within the city and a total of 450 miles of streets. This creates a mobility challenge in the community.

An analysis of 2020 census data that was part of the City's Vision Zero Plan (comparing household size with the number of automobiles per household) showed that 55 percent of Santa Ana's residents did not have access to an automobile. Relative income levels and vehicle ownership within the city were significantly lower than the statewide average. The population's median age was also the youngest of the seven largest cities in Orange County, and residential density was one of the highest in the state. Transit ridership in Santa Ana was the highest in the county, with several of the busiest Orange County Transportation Authority bus lines serving the city. As a result of the area's climate and demographics, the city's actively mobile population is relatively high when compared to other communities in the county or state, including a significant portion of the city's adult residents who may not speak English or understand the rules of the road. To meet this demand, the City of Santa Ana has been working on developing an expanding network of bicycle and pedestrian facilities.

Having already been identified as a Federal Highway Administration Focus City, there is an urgent need to make immediate changes in the City of Santa Ana to improve traffic safety for all residents. The Pedestrian and Bicycle Safety Program aims to increase awareness to ultimately reduce the number of pedestrian- and bicyclist-related crashes in the city, especially for children walking to and from school. For this reason, this project is a priority for this community.

2. PERFORMANCE MEASURES

A. Goals:

1. Reduce the number of persons killed in traffic crashes.
2. Reduce the number of persons injured in traffic crashes.
3. Reduce the number of pedestrians killed in traffic crashes.
4. Reduce the number of pedestrians injured in traffic crashes.

6. Reduce the number of pedestrians injured under age 15 in traffic crashes.
7. Reduce the number of pedestrians killed over age 65 in traffic crashes.
8. Reduce the number of pedestrians injured over age 65 in traffic crashes.
9. Reduce the number of bicyclists killed in traffic crashes.
10. Reduce the number of bicyclists injured in traffic crashes.
11. Reduce the number of bicyclists under age 15 killed in traffic crashes.

3. METHOD OF PROCEDURE

A. Phase 1 – Program Preparation (1st Quarter of Grant Year)

- Develop operational plans to implement the “best practice” strategies outlined in the objectives section.
- All training needed to implement the program should be conducted in the first quarter.
- All grant related purchases needed to implement the program should be made in the first quarter.

Media Requirements

- Issue a press release approved by the OTS PIO announcing the kick-off of the grant by November 15, but no sooner than October 1. The kick-off release must be approved by the OTS PIO and only distributed after the grant is fully signed and executed. If you are unable to meet the November 15 deadline to issue a kick-off press release, communicate reasons to your OTS coordinator and OTS PIO.

B. Phase 2 – Program Operations (Throughout Grant Year)

Media Requirements

The following requirements are for all grant-related activities:

- Send all media advisories, alerts, videos, graphics, artwork, posters, radio/PSA/video scripts, storyboards, digital and/or print educational materials for grant-related activities to the OTS PIO at pio@ots.ca.gov for approval and copy your OTS coordinator. Optimum lead time would be 7 days before the scheduled release but at least 3 business days prior to the scheduled release date for review and approval is appreciated.
- The OTS PIO is responsible for the approval of the design and content of materials. The agency understands OTS PIO approval is not authorizing approval of budget expenditure or cost. Any cost approvals must come from the Coordinator.
- Pre-approval is not required when using any OTS-supplied template for media advisories, press releases, social media graphics, videos or posts, or any other OTS-supplied educational material.

However, copy the OTS PIO at pio@ots.ca.gov and your OTS coordinator when any material is distributed to the media and public, such as a press release, educational material, or link to social media post. The OTS-supplied kick-off press release templates and any kickoff press releases are an exception to this policy and require prior approval before distribution to the media and public.

- If an OTS-supplied template, educational material, social media graphic, post or video is substantially changed, the changes shall be sent to the OTS PIO at pio@ots.ca.gov for approval and copy to your OTS Coordinator. Optimum lead time would be 7 days prior to the scheduled release date, but at least 3 business days prior to the scheduled release date for review and approval is appreciated.
- Press releases, social media posts and alerts on platforms such as NextDoor and Nixle reporting immediate and time-sensitive grant activities (e.g. enforcement operations, day of event highlights or announcements, event invites) are exempt from the OTS PIO approval process. The OTS PIO and your Coordinator should still be notified when the grant-related activity is happening (e.g. car seat checks, bicycle rodeos, community presentations, DUI checkpoints, etc.).
- Enforcement activities such as warrant and probation sweeps, court stings, etc. that are embargoed or could impact operations by publicizing in advance are exempt from the PIO approval process. However, announcements and results of activities should still be copied to the OTS PIO at pio@ots.ca.gov and your Coordinator with embargoed date and time or with "INTERNAL ONLY: DO NOT RELEASE" message in subject line of email.
- Any earned or paid media campaigns for TV, radio, digital or social media that are part of a specific grant objective, using OTS grant funds, or designed and developed using contractual services by a subgrantee, requires prior approval. Please send to the OTS PIO at pio@ots.ca.gov for approval and copy your grant coordinator at least 3 business days prior to the scheduled release date.
- Social media posts highlighting state or national traffic safety campaigns (Distracted Driving Month, Motorcycle Safety Awareness Month, etc.), enforcement operations (DUI checkpoints, etc.), or any other grant-related activity such as Bicycle rodeos, presentations, or events, are highly encouraged but do not require prior approval.
- Submit a draft or rough-cut of all digital, printed, recorded or video material (brochures, posters, scripts, artwork, trailer graphics, digital graphics, social posts connected to an earned or paid media campaign grant objective) to the OTS PIO at pio@ots.ca.gov and copy your OTS Coordinator for approval prior to the production or duplication.
- Use the following standard language in all press, media, and printed materials, space permitting: Funding for this program was provided by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.
- Space permitting, include the OTS logo on all grant-funded print materials, graphics and paid or earned social media campaign grant objective; consult your OTS Coordinator for specifics, format-appropriate logos, or if space does not permit the use of the OTS logo.
- Email the OTS PIO at pio@ots.ca.gov and copy your OTS Coordinator at least 21 days in advance, or when first confirmed, a short description of any significant grant-related traffic safety event or program, particularly events that are highly publicized beforehand with anticipated media coverage so OTS has sufficient notice to arrange for attendance and/or participation in the event. If unable to attend, email the OTS PIO and coordinator brief highlights and/or results, including any media coverage (broadcast, digital, print) of event within 7 days following significant grant-related event or program. Media and program highlights are to be reflected in QPRs.
- Any press releases, work plans, scripts, storyboards, artwork, graphics, videos or any educational or informational materials that received PIO approval in a prior grant year needs to be resubmitted for approval in the current grant year.
- Contact the OTS PIO or your OTS Coordinator for consultation when changes from any of the above requirements might be warranted.

Work rendered for this program will include the following expenses: fees to perform multilingual services such as virtual and on-bike traffic safety education courses, community outreach, bike rides, bike assessment, traffic safety item distribution, and helmet distribution and fitting at community events.

Prior to finalizing the subcontract, grantee will work with the OTS to ensure the subcontract budget and all costs are allowable. Upon execution of subcontract, grantee will provide a copy of the subcontract to the OTS and will request a grant budget revision to include the associated costs of the subcontract in the grant budget as a prerequisite for claiming these costs.

Task 1a (#7 / OB046) - Traffic Safety Fair (Bike Rodeo) - Teaches youth how to safely, efficiently, and confidently interact with the roadway and traffic. These traffic safety fairs cover everything from using different intersection devices, bicycling in the roadway, bicycle safety inspections, and helmet fit. Curriculum uses a combination of traffic simulations and hands-on training to teach participants how to make safe decisions while walking or riding within the roadway. Age-appropriate bicycles will be made available for youth that do not have their bicycle with them.

Task 1b (#3 / OB032) - Bicycling Basics Course - Lessons to include topics such as choosing your bike, what to wear, importance of visibility, helmet fitting, Principles of Bicycling, Principles of Traffic Law, Bike Infrastructure, and Hazards in Bicycling. Workshop will include an on-bike section to include the ABC Quick Check before riding, practicing how to Start and Stop while riding, signaling and scanning, and taking a group ride to use these skills on the road.

Task 1c (#3 / OB032) - Wrench and Ride Course - A series of classes and workshops where participants learn about bikes, bike safety, and maintenance. Each participant chooses a donated bike and repairs it with the guidance of a volunteer mechanic, learning about how the bike works in the process. At the end of the course, the participants will participate in a bike ride accompanied by the instructor. Each participant gets to keep their bike, along with a helmet, lock, and bike lights. All classes to be taught in English, Spanish or Vietnamese, as needed.

Task 1d (#12 / M-749026) - Skateboard Safety Workshop - A Build-Your-Own Skateboard Education Workshop geared toward Santa Ana's youth. The workshop will include building a skateboard, learning skateboard safety skills, as well as tips on skating in the city. The day finishes off with a skate session and a certificate upon mastering the skateboard safety education course.

Task 1e (#3 / OB032) - Bike/Ped Safety Workshop - Presentations and interactive activities on bicycle and pedestrian safety strategies, including nationally recognized best practices and emerging successes from localities across California. Each event will also include a survey of participants to identify what was done well and what could be improved for future events. Survey results will be incorporated into the quarterly progress reports.

Task 1f (#11 / OB051) - Learn to Ride - Class is geared towards new riders to teach them basic skills and give them the confidence to begin riding a bicycle. All classes will be taught by trained League Cycling Instructors (LCIs). The target students are people who don't know how to ride, have very little experience riding a bike, and/or who have not ridden since childhood. The class is designed to increase bicyclists' safety awareness of keeping control of a bike, including, keeping eyes on the road while riding, learning how to pedal, shifting gears, and turning safely. Each class will emphasize the importance of helmet use when riding a bicycle as well as proper fit. Each participant will receive a certificate of completion upon mastering the course. Each participant will receive a helmet and bike light, if needed.

Task 1g (#10 / OB050) - LCI Seminar - League of American Bicyclists (LAB) will conduct an LCI Certification Seminar to train and certify at least 10 and up to 15 community members as League Cycling Instructors (LCIs).
Task 2a (#11 / OB051) - Family Cycling Class - Merges traffic skills curriculum developed by the League of American Bicyclists with the basic skills taught to youth in a bike rodeo. The target population for students is families that seek to ride as a family and give them the confidence to begin riding a bicycle together. Riders learn the rules of the road for entering traffic at intersections and riding in the street. Bike rides are designed to increase bicyclist's safety awareness of common car/bike crashes, teach ways to prevent and avoid crashes, and emphasize the importance of helmet use when riding a bicycle. A minimum of 2 events will be made available for the city's Spanish-speaking community.
Task 2b (#5 / OB042) - Bike/Ped Safety Community Event - Night-time pop-up community events providing education and light/reflective safety gear distribution. Bilingual educational materials will also be provided at these locations. The program is intended to provide education and encouragement for riding bikes and walking safely in Santa Ana after dark. Helmets will also be fitted and provided to those in need.
Task 2c (#5 / OB042) - Bike/Ped Safety Mobile Team - A team of cyclists will ride seek out people riding or walking in the city without lights or reflective safety gear. Bilingual educational materials will be distributed at locations throughout Santa Ana where night-time bicycle ridership and pedestrian activity is expected to be high and where Santa Ana has seen a history of incidents involving bicyclists and pedestrians at night. Helmets will also be fitted and provided to those in need.
Task 2d (# 4 / M-749030) - Santa Ana Bike and Walk Guide - A multilingual Santa Ana Bike and Walk Guide to encourage residents, including the disabled community, to interact with bicycle and pedestrian safety improvements throughout the city. It will be accessible in printed and digital formats, through digital PDF or mobile application, through the City of Santa Ana website. The material will include paths that can be completed by participants using various modes, including walking, biking, or active transportation. In addition to traffic safety education, it may include local history, public art, culturally significant sites, and popular destinations, and will also be available in English, Spanish, and Vietnamese.

GENERAL ASSURANCES

In accordance with the Acts, the Regulations, and other pertinent directives, circulars, policy, memoranda, and/or guidance, the Recipient hereby gives assurance that it will promptly take any measures necessary to ensure that:

“No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity, for which the Recipient receives Federal financial assistance from DOT, including NHTSA.”

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI of the Civil Rights Act of 1964 and other non-discrimination requirements (the Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these nondiscrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally assisted.

SPECIFIC ASSURANCES

More specifically, and without limiting the above general Assurance, the Recipient agrees with and gives the following Assurances with respect to its Federally assisted Highway Safety Grant Program:

1. The Recipient agrees that each “activity,” “facility,” or “program,” as defined in § 21.23(b) and (c) of [49 CFR part 21](#) will be (with regard to an “activity”) facilitated, or will be (with regard to a “facility”) operated, or will be (with regard to a “program”) conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations.
2. The Recipient will insert the following notification in all solicitations for bids, Requests For Proposals for work, or material subject to the Acts and the Regulations made in connection with all Highway Safety Grant Programs and, in adapted form, in all proposals for negotiated agreements regardless of funding source: *“The [name of Recipient], in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that in any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award.”*
3. The Recipient will insert the clauses of appendix A and E of this Assurance (also referred to as DOT Order 1050.2A) in every contract or agreement subject to the Acts and the Regulations.
4. The Recipient will insert the clauses of appendix B of DOT Order 1050.2A, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient.
5. That where the Recipient receives Federal financial assistance to construct a facility, or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith.
6. That where the Recipient receives Federal financial assistance in the form of, or for the acquisition of, real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property.
7. That the Recipient will include the clauses set forth in appendix C and appendix D of this DOT Order 1050.2A, as a covenant running with the land, in any future deeds, leases, licenses, permits, or similar instruments entered into by the Recipient with other parties:
 - a. for the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
 - b. for the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.
8. That this Assurance obligates the Recipient for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the Assurance obligates the Recipient, or any transferee for the longer of the following periods:
 - a. the period during which the property is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits; or
 - b. the period during which the Recipient retains ownership or possession of the property.
9. The Recipient will provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom he/she delegates specific authority to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the Acts, the Regulations, and this Assurance.
10. The Recipient agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Acts, the Regulations, and this Assurance.

By signing this ASSURANCE, the State highway safety agency also agrees to comply (and require any sub-recipients, sub-grantees, contractors, successors, transferees, and/or assignees to comply) with all applicable provisions governing NHTSA's access to records, accounts, documents, information, facilities, and staff. You also recognize that you must comply with any program or compliance reviews, and/or complaint investigations conducted by NHTSA. You must keep records, reports, and submit the material for review upon request to NHTSA, or its designee in a timely, complete, and accurate way. Additionally, you must comply with all other reporting, data collection, and evaluation requirements, as prescribed by law or detailed in program guidance.

The State highway safety agency gives this ASSURANCE in consideration of and for obtaining any Federal grants, loans, contracts, agreements, property, and/or discounts, or other Federal-aid and Federal financial assistance extended after the date hereof to the recipients by the U.S. Department of Transportation under the Highway Safety Grant Program. This ASSURANCE is binding on the State highway safety agency, other recipients, sub-recipients, sub-grantees, contractors, subcontractors and their subcontractors', transferees, successors in interest, and any other participants in the Highway Safety Grant Program. The person(s) signing below is/are authorized to sign this ASSURANCE on behalf of the Recipient.

(applies to all subrecipients as well as States)

CERTIFICATION FOR CONTRACTS, GRANTS, LOANS, AND COOPERATIVE AGREEMENTS

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions;

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Such activities include both direct and indirect (e.g., "grassroots") lobbying activities, with one exception. This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.

CERTIFICATION REGARDING DEBARMENT AND SUSPENSION **(applies to all subrecipients as well as States)**

INSTRUCTIONS FOR PRIMARY TIER PARTICIPANT CERTIFICATION (STATES)

1. By signing and submitting this proposal, the prospective primary tier participant is providing the certification set out below and agrees to comply with the requirements of [2 CFR parts 180](#) and [1200](#).
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective primary tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary tier participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default or may pursue suspension or debarment.
4. The prospective primary tier participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary tier participant learns its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

The State and each subrecipient will comply with the Buy America requirement (23 U.S.C. 313) when purchasing items using Federal funds. Buy America requires a State, or subrecipient, to purchase with Federal funds only steel, iron and manufactured products produced in the United States, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification for approval by the Secretary of Transportation.

CERTIFICATION ON CONFLICT OF INTEREST

(applies to subrecipients as well as States)

GENERAL REQUIREMENTS

No employee, officer, or agent of a State or its subrecipient who is authorized in an official capacity to negotiate, make, accept, or approve, or to take part in negotiating, making, accepting, or approving any subaward, including contracts or subcontracts, in connection with this grant shall have, directly or indirectly, any financial or personal interest in any such subaward. Such a financial or personal interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or personal interest in or a tangible personal benefit from an entity considered for a subaward.  - a. The code or standards shall provide that the recipient's officers, employees, or agents may neither solicit nor accept gratuities, favors, or anything of monetary value from present or potential subawardees, including contractors or parties to subcontracts.
 - b. The code or standards shall establish penalties, sanctions, or other disciplinary actions for violations, as permitted by State or local law or regulations.
2. The recipient shall maintain responsibility to enforce the requirements of the written code or standards of conduct.

DISCLOSURE REQUIREMENTS

No State or its subrecipient, including its officers, employees, or agents, shall perform or continue to perform under a grant or cooperative agreement, whose objectivity may be impaired because of any related past, present, or currently planned interest, financial or otherwise, in organizations regulated by NHTSA or in organizations whose interests may be substantially affected by NHTSA activities. Based on this policy:

1. The recipient shall disclose any conflict of interest identified as soon as reasonably possible, making an immediate and full disclosure in writing to NHTSA. The disclosure shall include a description of the action which the recipient has taken or proposes to take to avoid or mitigate such conflict.
2. NHTSA will review the disclosure and may require additional relevant information from the recipient. If a conflict of interest is found to exist, NHTSA may (a) terminate the award, or (b) determine that it is otherwise in the best interest of NHTSA to continue the award and include appropriate provisions to mitigate or avoid such conflict.
3. Conflicts of interest that require disclosure include all past, present, or currently planned organizational, financial, contractual, or other interest(s) with an organization regulated by NHTSA or with an organization whose interests may be substantially affected by NHTSA activities, and which are related to this award.
