## Community Development Block Grant

### Biennial Public Service Nonprofit Application

---

#### DESCRIPTION OF COMMUNITY DEVELOPMENT BLOCK GRANT

The **Community Development Block Grant (CDBG)** is a U.S. Department of Housing and Urban Development (HUD) entitlement grant that the City receives on an annual basis to develop viable urban communities by providing decent housing and a suitable living environment, and by expanding economic opportunities, principally for low- and moderate-income persons. No more than 15% of the City's CDBG grant funds may be used for the provision of public services (including labor, supplies, and materials) including but not limited to those concerned with employment, crime prevention, child care, health, drug abuse, education, fair housing counseling, energy conservation, welfare (but excluding the provision of income payments), homebuyer down payment assistance, or recreational needs. To be eligible for CDBG assistance, a public service must be either a new service or a quantifiable increase in the level of an existing service above that which has been provided by or on behalf of the City in the previous 12 calendar months. The City of Santa Ana Community Development Agency allocates these CDBG grant funds to nonprofit organizations through a transparent, competitive process for programs that most effectively serve the residents of the City. Interested and eligible organizations can apply on a biennial basis for this funding via the CDBG Biennial Public Service Nonprofit Application.

#### CDBG Biennial NOFA

Funding will be available to experienced nonprofit organizations for the provision of public services that include a priority on **crime prevention, crisis-intervention, and/or suppression efforts for children, youth and/or families.**

Priority funding will be awarded to programs that:

- Develop crime prevention and suppression programs that assist in the development of suitable living environments by targeting specific Santa Ana neighborhoods that have a long-standing history of crime involving children, youth and families. For example, crime prevention education programs or community-oriented policing programs such as establishing a neighborhood watch program.
- Develop programs that target victims of domestic violence, dating violence, sexual assault or stalking;
- Services that will benefit children (generally under age 13), including parenting skills classes;
- Health services addressing the physical health needs of residents;
- Mental health services addressing the mental health needs of residents;
- Youth services including during and after school programs that target teens (ages 13 to 19) and include recreational programs with a counseling/mentorship program on

healthy lifestyles, substance abuse prevention, crime prevention, dating violence and anti-bullying. Programs with current Memorandum of Understandings with Santa Ana Unified School District will have priority over other youth service programs;

- Legal services that provide legal aid to low and moderate income residents;
- Senior services for the elderly 62+ years.

Programs will be funded for a two-year period from July 1, 2024 through June 30, 2026.

- The **minimum** funding amount is **\$80,000** per program to ensure that CDBG programs make the greatest impact in our community.
- The **maximum** funding amount is **\$150,000** per program. However, organizations that submit a joint application may request a maximum of **\$300,000** per program.

### Organization Requirement

The purpose of this NOFA is to review, compare and evaluate organizations that want to partner with the City to implement CDBG-funded projects, activities, and programs. The City will review your application together with a panel of appointed officials on the Community Development Commission to determine if your organization:

- Has the programmatic capacity to successfully design, implement, and report on a CDBG-funded project per the requirements of the United States Department of Housing and Urban Development (HUD) and the City;
- Has the fiscal capacity to accept, manage, and report on CDBG funds on a reimbursement basis in accordance with HUD and City requirements;
- Demonstrates a solid track record and past experience in implementing similar activities and projects that are indicative of potential future success;
- Implements proper controls and best management practices to ensure fair and ethical dealings in the areas of finance and accounting, procurement, and client and vendor grievances;
- Implements eligible activities and projects that may be funded by CDBG;
- Has adopted a mission statement, goals, and objectives that closely align with those of the City (as expressed in its Consolidated Plan) and of HUD;
- Nonprofit organizations must be in good standing and have no outstanding monitoring findings prior to a FY 2024-2026 CDBG award.
- All nonprofit applicants must be able to document 501(c)(3) status. Applicants whose status is pending at the time of application will not be considered for funding.

### Nonprofit Organization Collaboration

Nonprofit organizations may submit a joint application with other nonprofit organizations. Collaborating nonprofit organizations must meet all the application requirements.

### Faith-Based Organizations

Organizations that are religious or faith-based are eligible, on the same basis as any other organization, to participate in the CDBG program. Organizations may not engage in inherently religious activities, such as worship, religious instruction, or proselytization, as a part of the

programs or services funded with CDBG funds. If the organization conducts such activities, the activities must be offered separately, in time or location, from the programs or services funded with CDBG funds, and participation must be voluntary for the beneficiaries of the CDBG-funded programs or services. Faith-based organizations may use space in their facilities to provide CDBG-funded services without removing religious art, icons, scriptures or other religious symbols. An organization that participates in the CDBG program shall not, in providing program assistance, discriminate against a program beneficiary or prospective program beneficiary on the basis of religion or religious belief. A religious organization's exemption from the federal prohibition on employment discrimination based on religion, set forth in section 702(a) of the Civil Rights Act of 1964 is not forfeited when the organization participates in the CDBG program. Notwithstanding the foregoing, nondiscrimination requirements imposed by statute on all CDBG grantees shall apply to religious and faith-based organizations

### Cost Reimbursement Agreement

Grants are provided through a Cost Reimbursement Subrecipient Agreement. Reimbursement requests are allowed on a quarterly basis. Therefore, organizations must have enough working capital to continue services until a reimbursement request can be processed by the City. Only allowable and allocable CDBG expenses will be reimbursed. The term of the agreement will be July 1, 2024 through June 30, 2026.

### Insurance Requirement

Organizations approved for CDBG funding will be required to obtain a minimum of \$1,000,000 general liability insurance, automobile insurance not less than \$1,000,000 per occurrence, and workers' compensation insurance not less than \$1,000,000 per occurrence, for the term of the agreement. In addition, the City must be listed as additionally insured via an endorsement with the endorsement stating that the insurance is primary and noncontributory.

### Eligible Activities Requirement

Public service activities which are directed toward the improvement of the quantity and quality of community services principally benefiting persons of low- and moderate-income are eligible for funding. These activities include, but are not limited to, services concerned with employment, crime prevention, childcare, health, substance abuse counseling and treatment, education, fair housing counseling, energy conservation, welfare (excluding income payments) and recreational needs. Emergency grant payments for food, clothing, and shelter (rent, mortgage, utilities) needs are eligible activities as long as the payments do not exceed three months and the payments are made directly to the provider of such services on behalf of an individual or family.

The services funded must be either a new service or a quantifiable increase in the level of service above that which has been provided by or on behalf of the City in the previous 12 calendar months. Services that were originally funded as a new or increased level of service are eligible for continued funding.

**Eligible costs** include labor, materials, supplies, some operating and maintenance costs for the

portion of the facility in which the public service is located, and equipment necessary for the provision of the public service.

**Ineligible costs** include income payments, assistance for buildings used for the general conduct of government, general local government expenses, political and religious activities, and the purchase of equipment except equipment that constitutes all or part of a public service. Income payments are payments made to an individual or family to provide basic levels of food, shelter, or clothing but do not include emergency grant payments referenced above under eligible activities.

### National Objective Requirement

The proposed program must meet the National Objective of activities that provide a benefit to low- and moderate-income persons. At a minimum, the program must serve 51% low- and moderate- income persons. **Low- and moderate-income** is defined as having an income equal to or less than 80 percent of the area median income, adjusted for household size. The specific household income limits are based on U.S. Census Bureau estimates, updated and issued by HUD annually <http://www.huduser.org/portal/datasets/il.html>. **In general, to document compliance with the national objective requirement, funded programs will require the collection, calculation, and documentation of the participants' family size and income.**

**Limited Clientele activity:** This is the category most often used for public service activities. Limited clientele activities are activities limited to a specific group of persons. At least 51 percent of those served must be low- and moderate-income persons. Services qualifying under this category **serve a specific clientele**, rather than providing service to all persons in a geographic area. Limited clientele activities may qualify as either a **presumed benefit activity** or a **direct benefit activity**. A presumed benefit activity is one that exclusively serves a specific group of people that HUD categorically considers low and moderate-income persons. These categories include: ***abused children, battered spouses, elderly persons, homeless persons, illiterate adults, persons living with AIDS, migrant farm workers, and severely disabled adults as defined by the Bureau of Census.*** The project sponsor must document that the activity is designed to be used exclusively by a category of persons presumed by HUD to be low- and moderate-income.

If the clientele served does not fall under one of the presumed benefit category of persons, it may qualify as a direct benefit activity which serves low- and moderate-income persons. The project sponsor must verify and maintain documentation regarding the family size and income of each person served. At least 51 percent of the clientele served must be low- and moderate-income persons or the activity funded must be limited exclusively to low- and moderate-income persons. The nature and location of the activity may also support a conclusion that primarily low- and moderate-income persons are served. To qualify under this definition, the service provided must be both of such nature and in such location that it may reasonably be concluded that the activity's clientele will primarily be low- and moderate-income persons.

## City of Santa Ana Consolidated Plan Priority Need Requirement

Applications for fiscal year 2024-2026 must meet a FY 2020-2024 Consolidated Plan priority need. The Consolidated plan is available for review [HERE](#).

## Federal Requirements Resource Links

If funded, organizations will also need to comply with several federal requirements. For more information on these requirements, organizations may view the following websites.

Playing by the Rules - A Handbook for CDBG Subrecipients on Administrative Systems: [HERE](#)

Guide to National Objectives and Eligible Activities for CDBG Entitlement Communities: [HERE](#)

## Additional Requirements

This application will be available for public display. Therefore, do not include any information that is subject to state or federal confidentiality regulations (i.e. an address to a domestic violence shelter).

The attached application contains several questions regarding city residents. Residency of participants is determined by the last permanent address. The City will hold organizations accountable for the information included, such as expected service level.

## Review of Applications

City staff will conduct a minimum threshold review of all applications received for completeness and to determine the eligibility of the proposed program. The Community Development Commission (CDC) will review and recommend public service funding levels to City Council. City Council will review the recommendations provided by the CDC for funding to determine which activities will be in the best interest of the community.

## **INSTRUCTIONS FOR CERTIFICATION**

1. By signing and submitting this proposal, the prospective recipient of federal assistance funds is providing the certification as set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective recipient of federal assistance funds knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the Department of Labor (DOL) may pursue available remedies, including suspension and/or debarment.
3. The prospective recipient of federal assistance funds shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective recipient of federal assistance funds learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective recipient of federal assistance funds agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the DOL.
6. The prospective recipient of federal assistance funds further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and voluntary exclusion - Lower Tier Covered Transactions," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to check the List of Parties Excluded from Procurement or Non-Procurement Programs.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the DOL may pursue available remedies, including suspension and/or debarment.
