Attention: This email originated from outside of City of Santa Ana. Use caution when opening attachments or links.

I live in the residential area and I am concerned that there WON'T be any law enforcement to control the street racing, illegal fireworks, trash from the food stands, and random people that will be using our residential streets during these times.

In the recent past unregulated food trucks were allowed to do business in the same area and there was an almost nightly occurrence of drugs, street racing, DRUNK DRIVERS, trash, human defecation, firework motors, drug sales between the cars. And, I believe, they started a couple of commercial fires that were, to my knowledge, never investigated.

I would like to hear back from someone in this matter.
