Dear Pedro:

On behalf of applicant for the proposed FX Project located at 801, 809, 809 ½ E. Santa Ana Blvd., Santa Ana, CA 92701, I submit the following materials related to our compliance with Sunshine Ordinance requirements for this project:

- Notification mailers (English and Spanish) mailed September 27, 2019 to property owners and occupants within a 500' radius of the project site
- List of property owners and residents within 500' radius of the project site, radium map, and certification by list preparer Jeffery Alvarez, Project Manager Notificationmaps.com.
- Proof of publication of announcement notice by Orange County Rerpoter
- Sign in sheets from our Sunshine Ordinance community meeting held at 1000 E. Santa Ana Blvd. Suite 220 C, Santa Ana from 5:30 p.m. – 8:30 p.m. on October 8, 2019. While the sign-in sheets show 12 attendees, we estimate total attendance over the course of the evening was closer to 20 people or more.
- Double sided English and Spanish presentation, a copy of which was provided to all attendees of the meeting.
- Meeting Notes with, comments made at meeting, and applicant responses

I confirm, under penalty of perjury, that I conducted the aforementioned community meeting as required by Santa Ana's Sunshine Ordinance, and that the foregoing details and materials enclosed wit this transmission are true, accurate, and correct to the best of my knowledge.

Dated this 10th day of October, 2019.

FX Project
Sunshine Ordinance Meeting
Notes from 10/8/19 Public Meeting

Summary of verbal comments or questions provided by the public and responses offered by members of the Project Team.

- 1) Several families came to the meeting looking for affordable housing opportunities. One woman who came with her children stated that she is paying \$1700/month, and experiences a \$100/month increase every six months. She is also currently living without hot water. She and others were referred, where appropriate, to resources such as other affordable housing projects (i.e. Legacy Square) and organizations such as Fair Housing. Guests were informed that the project has specific criteria (residents of the project must be homeless) for those eligible to live at this facility, which many of those in attendance would be unable to meet.
- 2) One gentleman came to the meeting and voiced a concern regarding parking within the Lacy Neighborhood. He was representing his family and he mentioned that his mother wanted a parking structure, not new housing. He expressed a desire to have permit parking required on Garfield Street south of Civic Center Drive to improve the current parking situation for his neighborhood. The team informed this individual that the project is designed with adequate parking so that residents will park vehicles exclusively onsite. It was explained that the Architect designed the project so that the applicable code for parking is exceeded by 3 parking spaces. The team also expressed their understanding of the difficulties that are posed by parking in the neighborhood. The gentleman explained that his own apartment building has garages which the owner refuses to rent to tenants as he rents them out to businesses to generate additional income. This leaves residents of their building with only 1 parking space per apartment unit.
