Council (cc City Manager Ridge and City Attorneys Carvalho and Funk)...On Tuesday you will be discussing in closed session item 3C. This item is where the City of Santa Ana has brought litigation against the County broadly for disproportionate impact on homelessness, transporting those experiencing homeless across Service Planning Areas (SPAs), and impact of jail policies. My goal with this email is to:

1. Encourage the city to provide an update to the residents about the status of this particular litigation.
2. Provide you information that I have gleaned from my own inquiries that may help you understand the case better and possibly provide information to your legal counsel.

Update to the Public

We all know that there is no requirement for the city to provide an update, but it seems that the city's handling of this homelessness crisis is always at the top of residents concerns. This is a closed session item and a legal matter. However, it is also a human issue and a resident issue. There is nothing stopping you from providing the public an update on this case. This can be done without divulging private client-attorney information or strategic plans about the case.

This litigation was initiated in January 2020 after approval by council. Unfortunately, this litigation has been in "continuance" mode where settlement conferences and hearing of a motion to dismiss keeps getting pushed forward in time. The most recent continuances have been from: 1) June 9 to July 9, 2) July 9 to July 29, 3) July 29 to Aug 18, 4) Aug 18 to Sept 29. That is four continuances with no action. We will see if the conference and motion hearing for Sept 29th is had or if it is further continued. I know that some continuances are necessary logistically or strategically but at the same time the public should have an update. Please see attached a picture of the recent docket history for this case and you will see the continuances as Doc #s 81, 83, 84, 85, and 86.

But more importantly, it has been over 20 months since the litigation was initiated and there has not been an update on this case. Certainly, we occasionally have an update on our city's response to those experiencing homelessness in our city but not with regards to the items of this lawsuit. The residents deserve to know what is happening here.

I urge you to provide an update to the residents of this case. Otherwise, I fear that this case will be similar to another that the city has entered into through its cross-complaint in Case No. SA CV 18-0155-DOC (KESx). That particular case was approved by the city council in April 2018 at which time the city did not actually serve any of the south county cities that was the true target of the litigation and it provided The County (which was served) an indefinite response timeframe to respond to the case. The County has yet to respond to the initiation of this litigation and the city council has never provided an update on this as to their decision not to initiate litigation as it was voted upon at its 4/25/18 council meeting (vote: 6-0, 1 absent).

Case Information

I know this is long...attached is also information that shows that OCSA has transported folks across SPA lines for the purpose of providing shelter in violation of the Catholic Worker settlement agreement along with information that the county and cities continue to distribute to those in other SPAs who may be seeking shelter.

The county has indicated that they do not keep information as it relates to transportation of homeless individuals as they indicated on page 18 of Doc 50 of the case:

20 | 67. On August 17, 2020, the County produced service logs for the period
21 | from July 24, 2019 to July 8, 2020, which reflected nearly 300 encounters with
22 | individuals experiencing homelessness, many of whom were arrested and taken to
23 | the Intake Release Center in Santa Ana, including for minor offenses (such as
24 | public urination) that simply reflect the reality of experiencing homelessness.
25 | 68. Notably, the OCSD's August 17, 2020 correspondence indicated
26 | unequivocally: "The Orange County's Sheriff's Department does not keep
27 | statistics related to the transportation of homeless individuals." The OCSD's
28 |

OF SANTA ANA

Case 8:20-cv-00069-DOC-KES Document 50 Filed 08/31/20 Page 19 of 37 Page ID #:365

1 | failure to track the number of homeless individuals it has transported is apparently
2 | intentional. It has now made it impossible for the County, the OCCW Plaintiffs,
3 | third-party beneficiaries of the OCCW Settlement Agreement (like Santa Ana), the
4 | public, or any other interested parties to monitor the OCSD's compliance with the
5 | OCCW Settlement Agreement's prohibition on the transporting of homeless
6 | individuals across SPA borders. The failure to track this important information
7 | makes it possible for the County to violate the Settlement Agreement and to escape
8 | attention and accountability.

However, the county previously provided to me information that appears it does track in their system information regarding transportation of homeless individuals. See attached email titled "RE: Public Information Request- OCSD Transport to Santa Ana". This information clearly shows that OCSD is not only tracking this information but has provided transportation to those seeking shelter across SPA lines after the Catholic Worker settlement where the county agreed to stop such action. If you have not received similar information in your queries, they are obviously withholding information or the right information is not being requested.

Further, please know that the county and other South County cities continue to distribute collateral material providing information to those who are unhoused within their own jurisdictions indicating shelter locations here in Santa Ana. Despite some of these shelters no longer being in operation. Please find attached information titled "Correspondence- 3.3.20 Closed Session". This is old information but as relevant today as it was back in March of 2020. This file also contains condensed information regarding the transportations across SPA lines.

Further, please know that the County continues to utilize OCSD to transport individuals for minor legal offenses, which are still violations so they should be handled, to their Intake Release Center (IRC) here in Santa Ana. They are often processed and then released...often late into the evening (i.e. 10pm, 11pm, etc...). These individuals then are pretty much forced to spend the night in Santa Ana unless they are able to secure safe transportation back to their city of violation. Further, these individuals' belongings are often not maintained at the IRC but instead off-site with not the same hours of operations as their release from processing at IRC. This further increases the odds of an individual being unhoused on the streets of Santa Ana. I urge you to continue to request that the county utilize its facility located in the South SPA (Musick) for releasing of individuals who are arrested in South county to increase the likelihood that they will return to the area that they are familiar with and have ties to instead of increasing the likelihood of them spending countless nights on the streets of Santa Ana.

The county should be either releasing from Musick or they should be transporting the detainee and their belongings back to their city of detainment directly from release from the IRC. This is not only best for our city but also best for the individual who was detained as that is the city they are most familiar with and have ties to. The county will say that they offer transportation but this offer is far too often inconvenient (especially for their belongs), delayed, or otherwise not encouraged. Essentially, the county's offer is not likely to provide needed transportation for the detainee who is released.

Conclusion

I continue to request that the City work on a housing first approach to reducing homelessness and act with compassion to those in need. However, the city must stand strong and fight what is best for our residents. Please provide an update on this case and also push the county acknowledge its past wrong doings and take corrective action to do better going forward. Also please make sure your legal counsel is aware of the apparent discrepancies between what the county is indicating to you versus what they provided to me (I have forwarded this to them also previously).

Thank you for working hard for our city. Blessing to you all!

Closed Session

1 i. Service Planning Area ("SPA"): Refers to the designated North, Central and
2 South geographical areas of the County as set forth in the attached SPA map,
3 Attachment "B" to this Agreement.
4

5 **4. Enforcement of Anti-Camping and Anti-Loitering Provisions**

6 The Orange County Sheriff's Department ("OCSD") shall establish the following
7 policies and procedures relating to the enforcement of the Anti-Camping and Anti-
8 Loitering provisions of the Orange County Codified Ordinances ("OCCO") on County-
9 Controlled Properties, with the exception of those County-Controlled Areas that are also
10 "Restricted Areas," as defined in Section 3 of this Agreement. The OCSD shall also use
11 the following policies and procedures relating to the enforcement of the anti-camping and
12 anti-loitering provisions of the municipal ordinances where OCSD provides contract law
13 enforcement services and the city has met the requirements of *Martin v. Boise*.
14

15 **4.1** Absent exigent circumstances, any enforcement of the Anti-Camping or
16 Anti-Loitering ordinances against a homeless person (including any of the named
17 individual Plaintiffs) will first be preceded by contacts with System of Care personnel for
18 a Field Screening to determine appropriate placement for the individual in question, per
19 the procedures outlined herein.
20

21 **4.2** In implementation of the above-section 4.1, prior to enforcement of Anti-
22 Camping or Anti-Loitering ordinances against any homeless person in the County
23 Controlled Properties, OCSD will work with Specially Trained System of Care personnel
24 to locate and offer an appropriate shelter placement for the individual within his or her
25
26
27
28

1 respective Service Planning Area ("SPA"). OCSD will not transport homeless
2 individuals across SPAs for the purposes of shelter placement.
3

4 **4.3** To any individual who declines the offered placement, OCSD will, where
5 feasible, give the person a warning and an opportunity to immediately relocate to a
6 location where the person may lawfully be present before issuing a citation and/or
7 effecting an arrest. If the individual declines the offered placement, OCSD may proceed
8 with enforcement of the applicable Anti-Camping, Anti-Loitering or comparable
9 ordinance in its discretion.
10

11 **4.4** Restricted Areas and County Parks: If the alleged violation arises from an
12 individual's presence in a Restricted Area, at any time, or on park property outside of the
13 established operational hours, and if there is no appropriate and immediately available
14 placement for the person, OCSD will advise the individual that they may move to any
15 public area outside the Restricted Area or park property as allowed by *Martin v. City of*
16 *Boise*. If the individual does not then leave the Restricted Area or park property after
17 receiving both a warning and a reasonable opportunity to gather his or her belongings,
18 OCSD, or other applicable law enforcement agency may issue a citation or arrest the
19 individual, as appropriate.
20

21 **4.5** Nothing in this Agreement constitutes an admission by the County that its
22 current policies and procedures for enforcement of Anti-Camping or Anti-Loitering
23 ordinances and/or other laws based on an individual's status as homeless are either (a)
24 different than those set forth above, or (b) in any way legally inadequate, or a concession
