Subject: #16 Adopt a Resolution for Athletic Facility Reservation Policy

Dear SA City Council,

We write you to urge you to support and vote in favor of the proposed changes to Athletic Facility Reservation Policy.

The Executive Board of Santa Ana Pony Baseball is in favor of the proposed changes. We have encountered many struggles to accommodate our youth athletes due to field restrictions. In past years we have had turn away young boys and girls because we could not secure enough baseball fields. Our goal as a board is to provide an activity for our youth that teaches them not only the game of baseball, but many other traits that help them in life.

These proposed changes allow us to change the way things have been done in the past. We believe that with cooperation we can ALL properly share our fields with all sports and youth and adult sports.

Thank you in advance for your support.

Santa Ana Pony Executive Board

Elias Cazales - President

Alex Haro - VP

Rene Germán - VP

Héctor Garnica - Treasurer

Subject: Proposed Athletics Facility Reservation Policy

As a teacher at Santa Ana High School and coach of the Santa Ana High School Boys Soccer Team I have been very honored to use the facilities like Santa Ana Stadium for practice and games over the past 10 years. Access to these facilities has greatly enhanced the high school athletic experience for our student-athletes and it has greatly improved the success of our athletic program which has won over 28 High School League Championships. The use of the city's Stadium has allowed us to grow our program to work with over 100 student-athletes from Santa Ana High School. As a result, the Santa Ana High School Soccer program can provide student-athletes, all of whom are residents in the city of Santa Ana, a quality practice facility in which to train year-round. Besides the obvious benefits to the physical wellbeing of the youth we serve in the city of Santa Ana, our program also works with students-athletes to pursue high academic achievement and civic responsibility, including public service through volunteer efforts, high graduation rates, and college acceptances. Therefore, we are in favor of the proposed "Athletic Facility Reservation Policy" because it would ensure greater access for the residents of the City of Santa Ana, and the student at Santa Ana High School to the city parks and recreation facilities.

Subject: Agenda Item #16 Park Fields Reservation Policy

Good afternoon Mayor Sarmiento and members of the city council,

My name is Alicia Reynoso, resident of the edna park neighborhood in Santana's Ward 3 for over 30 years. I grew up here and am now raising my kids here. I am writing asking you to support the new parks field reservation policy. Let me tell you, the athletic fields in Santana have for years been abused by a handful of corrupt individuals. The city has turned a blind eye to people and some city officials PROFITING off the backs of Santana taxpayers by sub-letting all of the city's fields for crazy amounts of cash and making it impossible for Santana kids and actual local leagues be able to use them even on days when they were not occupied. Growing up, my dad had to drive me to irvine and even coach his santana team there because one or two people held the keys to the city's fields. Don't continue to let a few people take advantage of our residents. Everybody should have an equal chance to use our parks fields

sincerely,

Alicia

Good morning bro. Today there is a city council meeting where they will be voting on changing the way the fields in our city have been allocated for the last 30 years. For the first time in our lifetime, we'll have the chance to make sure that our Santa Ana kids and residents have priority over the fields, which is the change we've been fighting for for years now. The biggest way you can help make that happen is by sending an email to our city to urge them to vote yes on the item. If you can please send an email today by 3pm that would really help make this change happen. Please share with anyone who would like to support as well. I drafted a sample email below for you to copy and paste. Thank you!! It's about time we made it happen!

Good afternoon Honorable Mayor, Honorable Mayor Pro Tem, and Honorable members of the city council

I'm a Santa Ana resident urging you to support and Vote YES on Item #16. This is long over due and it's time Santa Ana kids and residents have fair and equitable access to our parks.

Thank you in advance for the support!
