
City of Santa Ana Draft Maps

FEBRUARY 1, 2022

Agenda

What we will cover

- Traditional Redistricting Principles
- Census Data
- Public Submissions
- Community of Interest Testimony
- Current Lines
- Draft Maps
- Next Steps

Traditional Redistricting Principles

Complying with the Fair Maps Act

The Fair Maps Act passed by the Legislature mandates a set of criteria we must follow when drawing ward plans.

- Relatively equal size - people, not citizens
- Contiguous – wards should not hop/jump
- Maintain "*communities of interest*"
- Follow city and census designated place boundaries
- Keep wards compact – appearance/function

The mechanics of Redistricting

Census Data

Census Files come in two parts:

Geography – the underlying framework of the data

Data – the counts of population and demographics

And they can convey different information:

Point in Time – Decennial Census

Multi-year Averages – Trends/Estimates

The mechanics of Redistricting

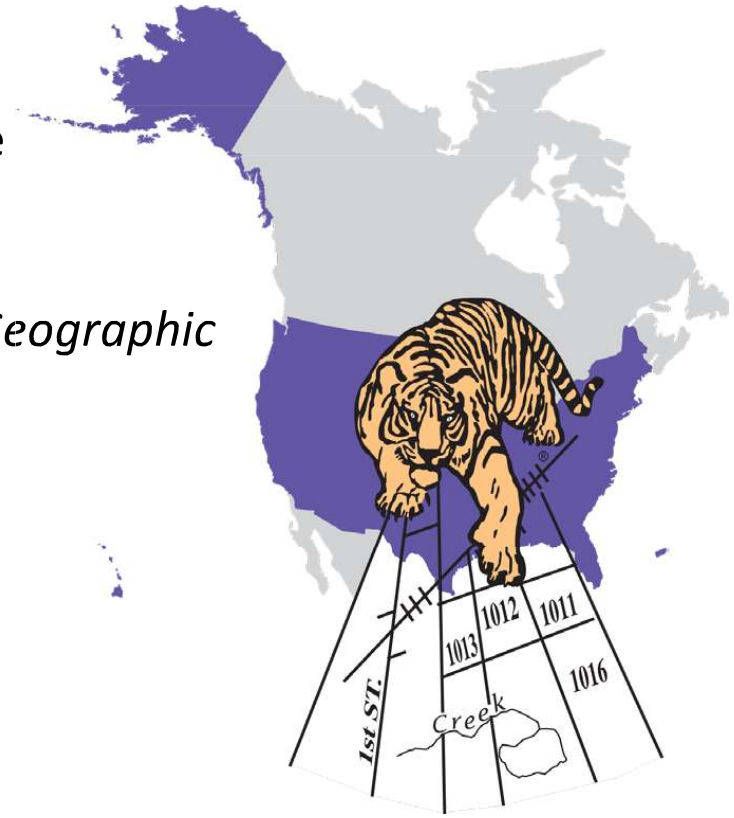
Census Data

The Geography is called the TIGER Files

- Topologically Integrated Geographic Encoding and Referencing

- Nested geographic units

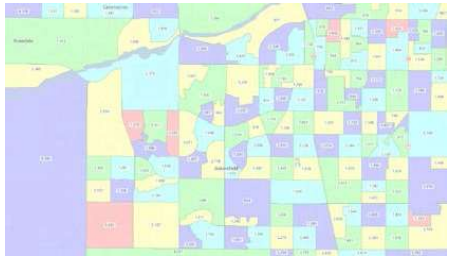
- *Block*
- *Block Group*
- *Tract*



The mechanics of Redistricting

Census Data

Census Blocks



Census Block Groups

Census Tracts

The mechanics of Redistricting

Census Data

Two different datasets most commonly used in redistricting:

- PL 94-171 - the Decennial Census File
  - Census Block Geography
  - Total Population Counts for April 1, 2020, used to determine the size of each ward
  - Required to be released before April 1, 2021, but was delayed until September 20th, with a “legacy” dataset released on Aug. 12th

The mechanics of Redistricting

Census Data

The census data file the city is required to use will be slightly different:

- Statewide Prisoner Reallocation
  - California Statewide Database | UC Berkeley – adjusted population removing state prison population and reallocating them based on where they lived prior to being incarcerated.
  - This allows a more equitable redistricting.

The mechanics of Redistricting

Census Data

Two different datasets most commonly used in redistricting:

- American Community Survey (ACS)
  - Census Block Group and Census Tract or larger geographies
  - Results in estimated data that provides more context to the Census results with demographic and socioeconomic info.
  - Provides Citizen Voting Age Population (CVAP)

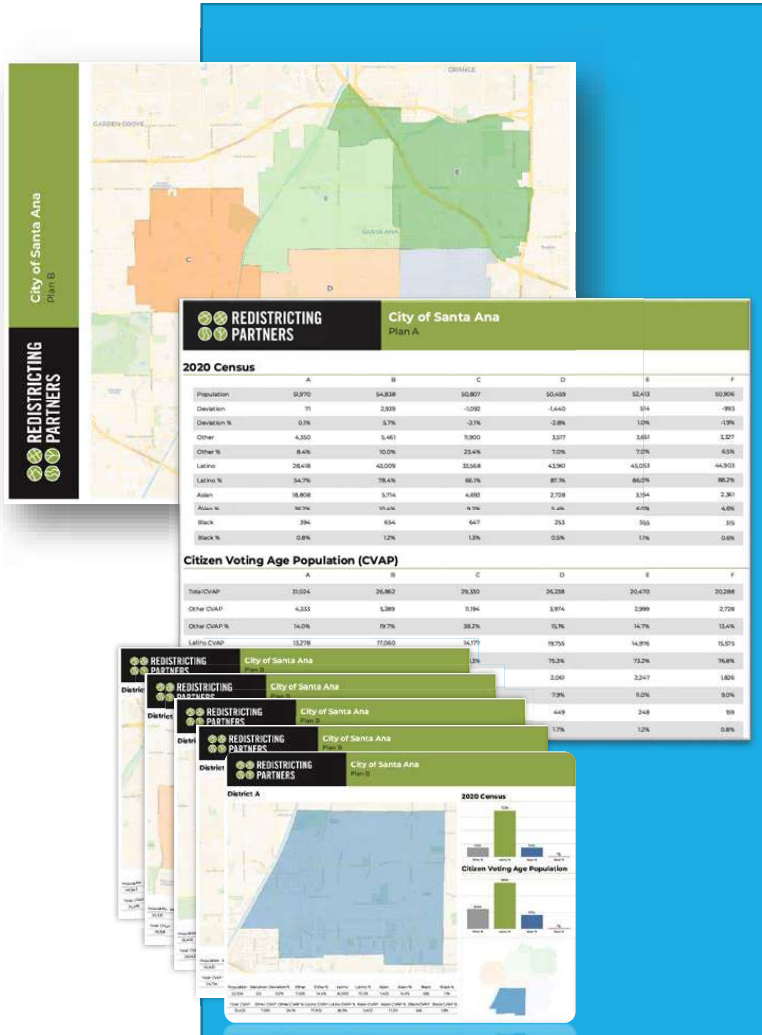
From COI to Maps

With the Fair Maps Act requiring cities to include the public input in the redistricting process, we move redistricting out into the public, with maps driven by Community of Interest testimony.

Input from community drives process with multiple ways for the public to engage.

Rules for process emphasize the importance of traditional criteria and minimizing divisions of neighborhoods.

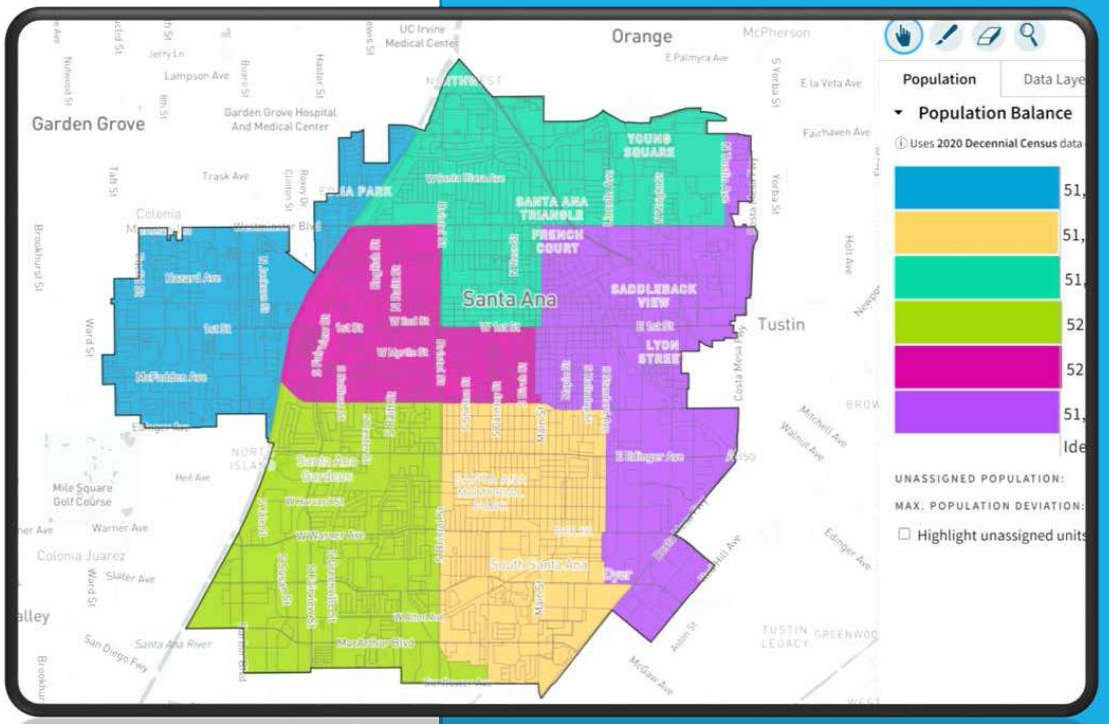
Releasing maps for feedback– today we will see plans to spark more public engagement.



Public Submissions

The City of Santa Ana City Council obtained public map submissions

- Use of the online mapping tool DistrictR to solicit input.
- Hosted 6 Community Workshops + additional community presentations
- Online training of DistrictR at each Community Workshop.
- 19 full citywide plans, 3 partial plans and 3 community of interest submissions.



Public Submissions

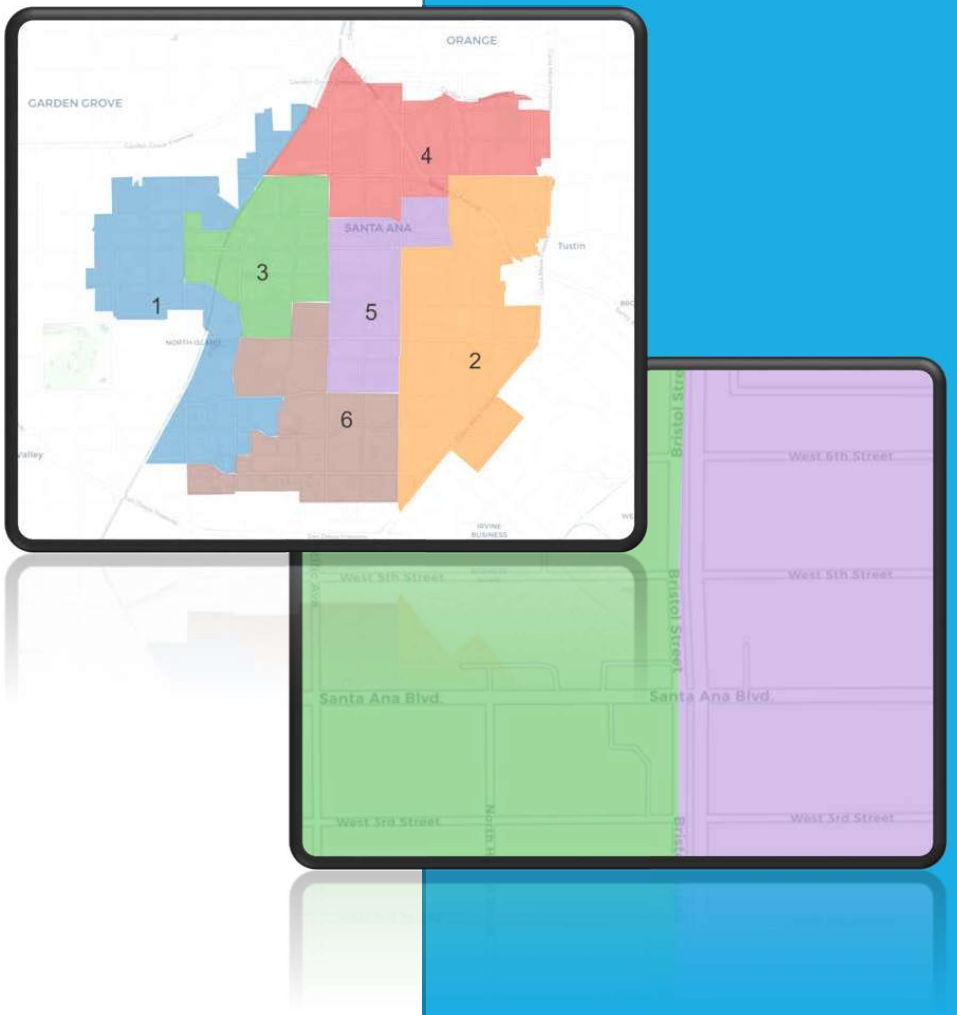
We have converted all full, partial and COI plans, received by January 25th, to our “Atlas” format which includes:

- Cover page with full districting plan overview.
- Data table with population, deviation, ethnic population, Citizen Voting Age Population (CVAP)Ethnicity and breakdowns for each ward (numbered 1-6 for a complete plan)
- Individual ward maps with street-details and data tables and charts.

Public Submissions

In addition to PDF maps of all submissions, there are also web maps provided.

These allow the user to zoom in to street level for a closer inspection.



Public Map Plan Submissions

Placing Public Plans into Mapping Schools

The city has received public plan submissions, COI submissions through DistrictR, and placemats through electronic submittal. These plans can be categorized as follows:

- COIs
- Noncontiguous or population-imbalance (total deviation above 10%)
- Major Streets
- Compact
- Multiple Central Wards
- Follow McFadden for Southern Wards
- Other Major Changes to current plan
- VietRISE Plans

Draft Plans A, A2, D, & E

Council members were provided a packet with four consultant created plans based on traditional redistricting criteria, COI testimony and amendments from the council. These maps were posted to the City's website for the public prior to Draft Map hearing.

- Wards are letters, not numbers. This is a temporary structure for identifying seats as the final draft plan is required to be numbered based on a formula in the charter.

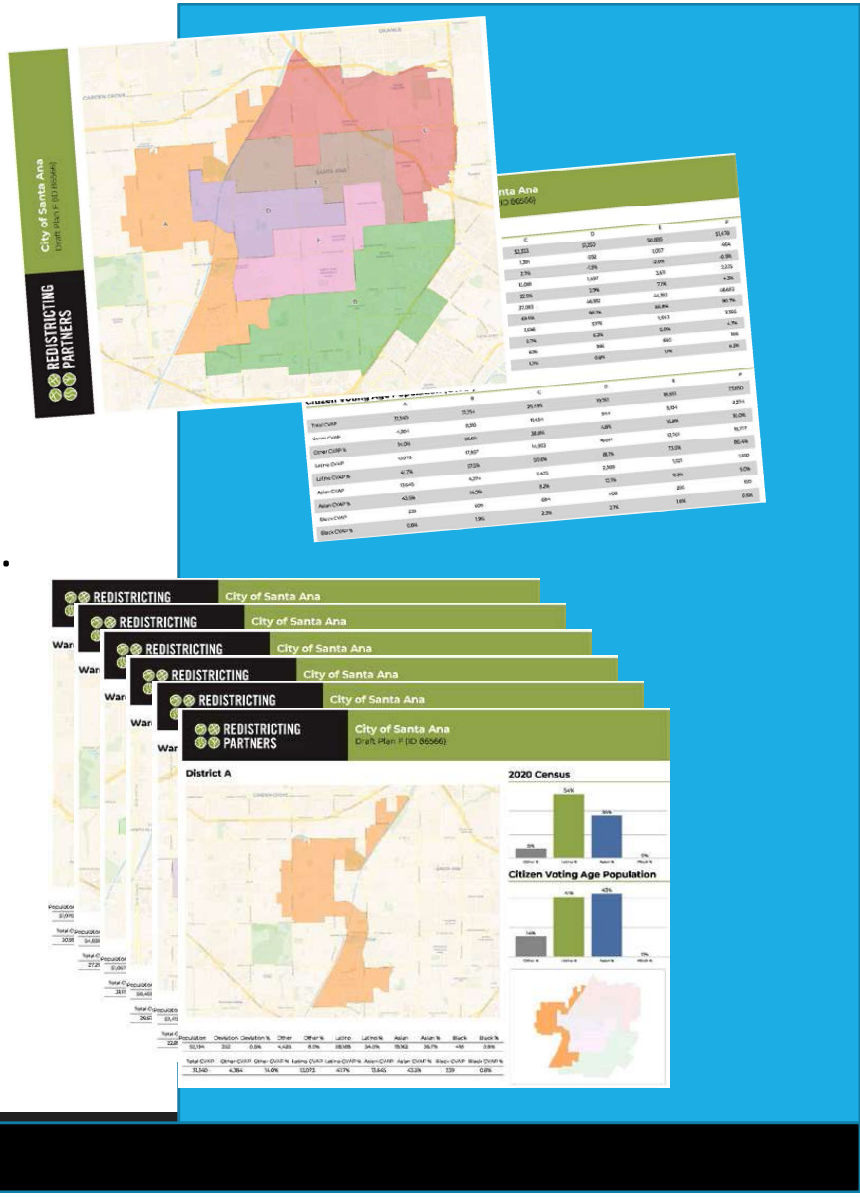
- Each draft has been created with a less than 10% total deviation.

Draft Plans F, G, H, I & J

Council Members were provided a packet with five plans based on public DistrictR submissions; the plans were reviewed to ensure they follow traditional redistricting criteria. These maps were posted to the City's website for the public prior to Draft Map hearing.

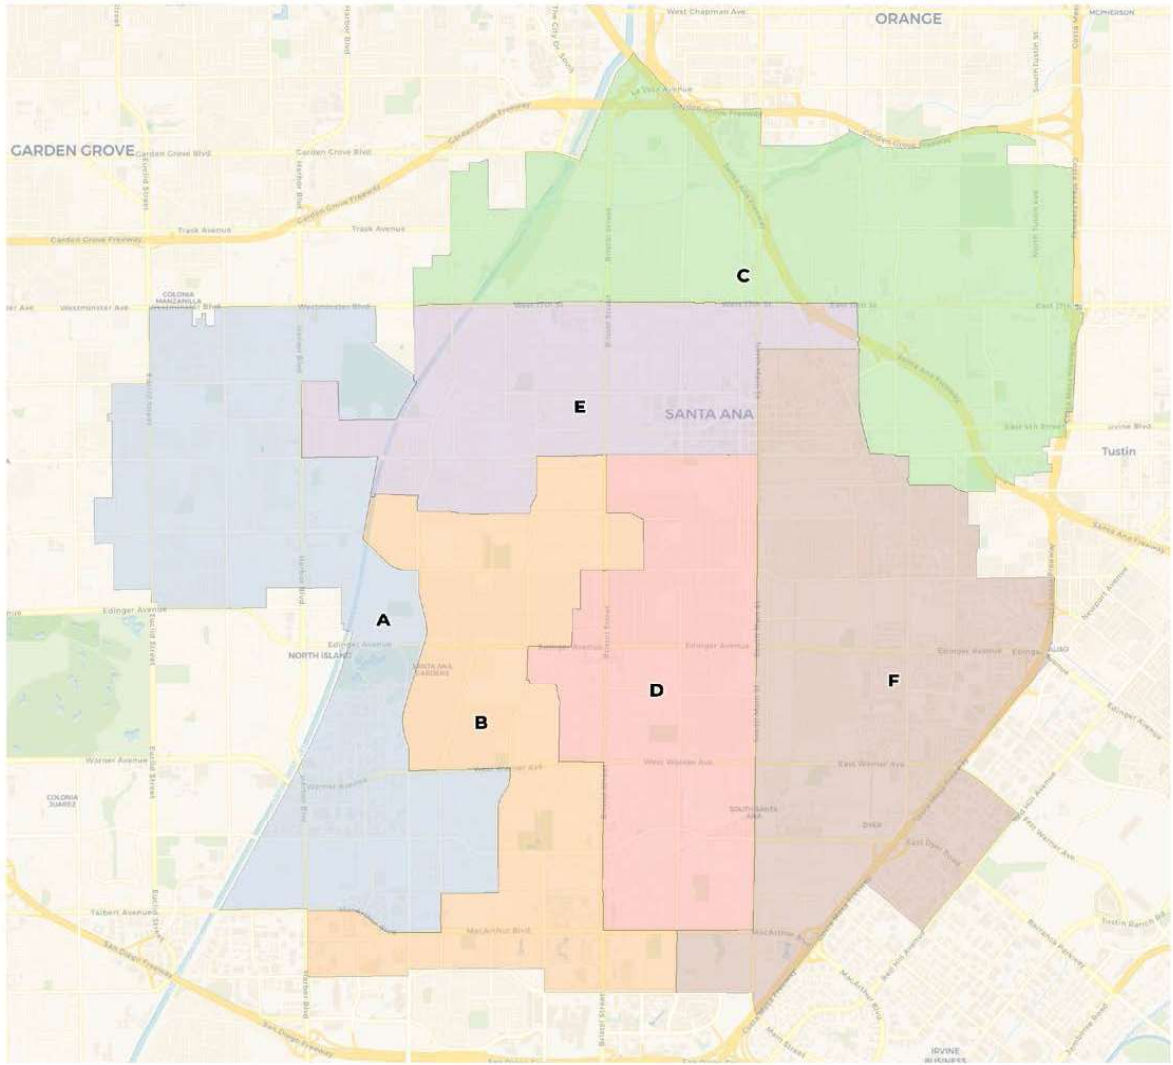
- Wards are letters, not numbers. This is a temporary structure for identifying seats as the final draft plan is required to be numbered based on a formula in the charter.

- Each draft has been created with a less than 10% total deviation.



City of Santa Ana
Draft Plan A

REDISTRICTING PARTNERS



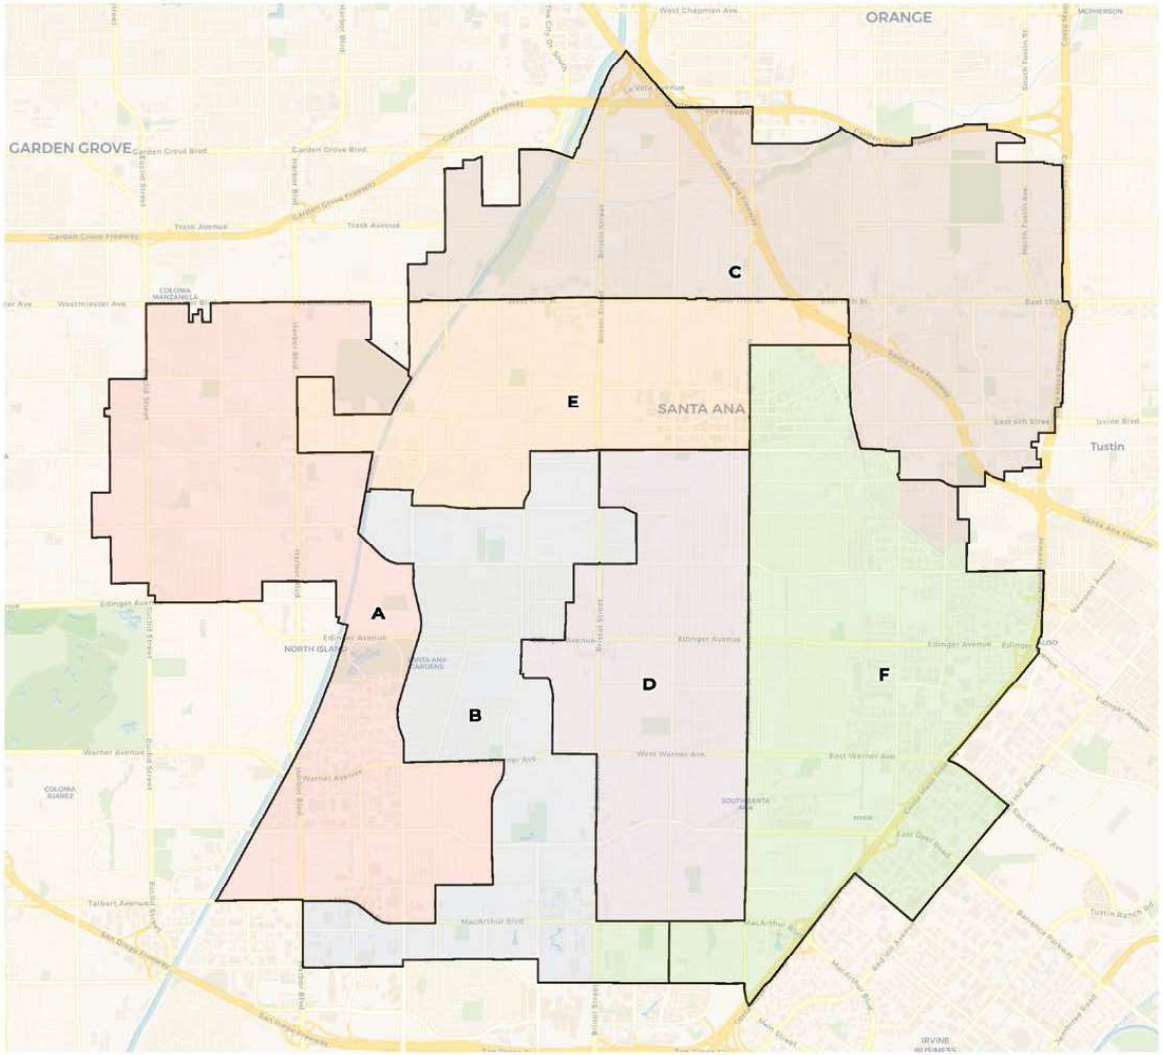
Plan A

Plan meets traditional redistricting criteria and also achieves the following:

- Deviation of % 8.5
- Creates four wards that are 50%+ Latino Citizen Voting Age Population in “B”, “D”, “E” & “F”
- Creates an Asian influence ward in Ward A at 42.4%

City of Santa Ana
Draft Plan A with Current Lines

REDISTRICTING PARTNERS



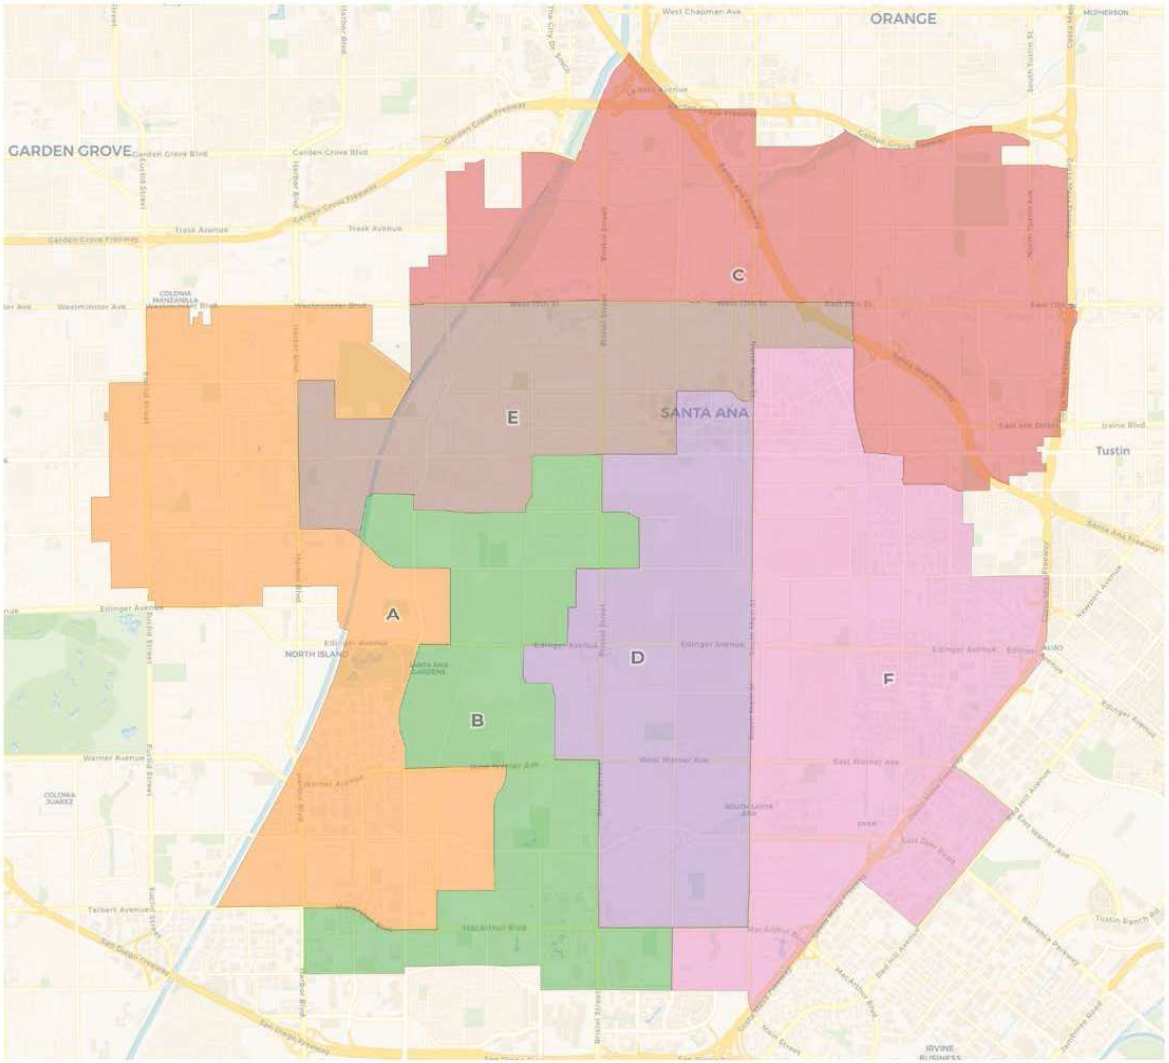
Plan A

Plan meets traditional redistricting criteria and also achieves the following:

- Uses existing lines as base
- Adjusts for population growth
- Follows major streets

City of Santa Ana
Draft Plan A2

REDISTRICTING PARTNERS



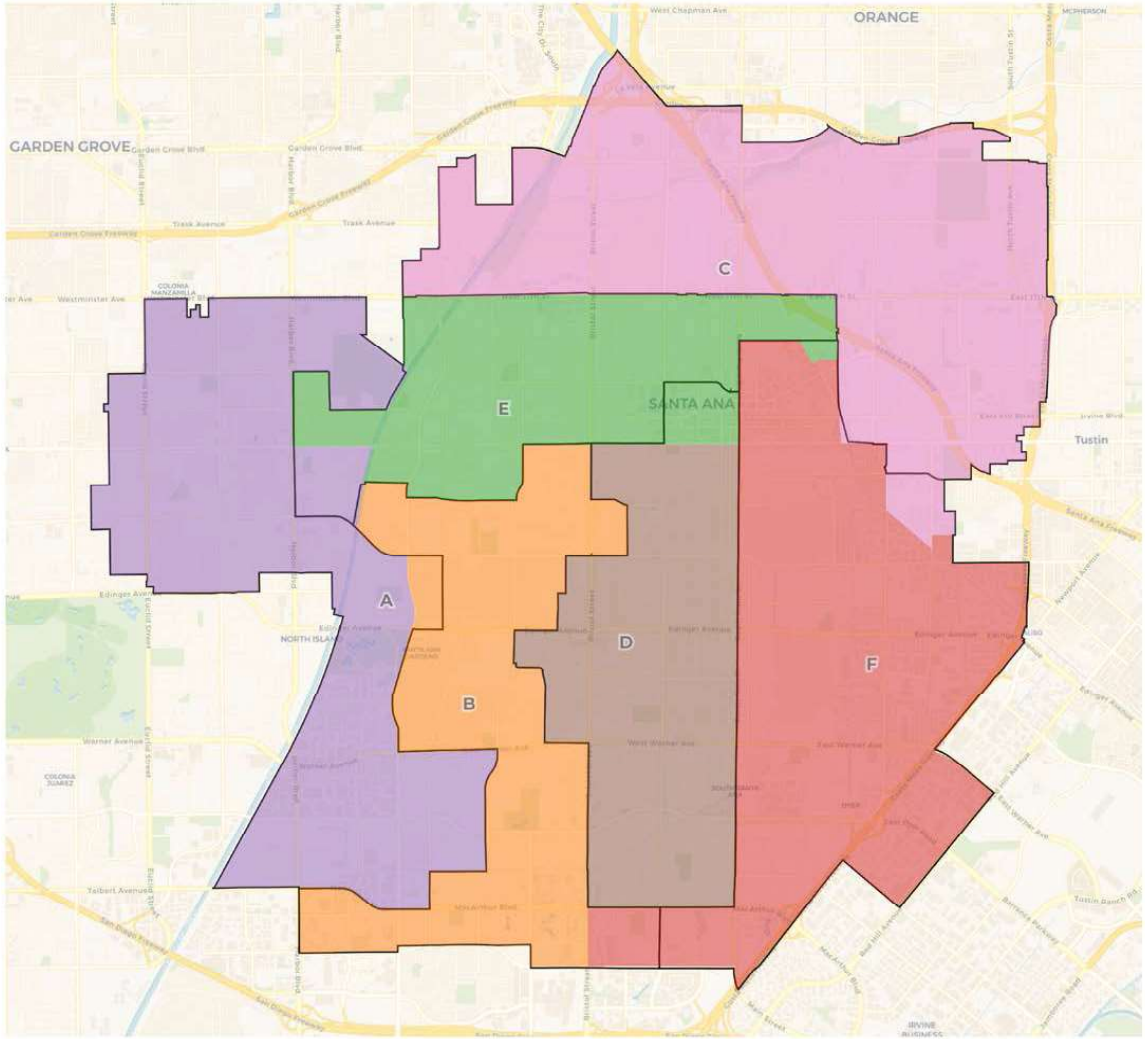
Plan A2

Plan meets traditional redistricting criteria and also achieves the following:

- Deviation of 7.4%
- Uses Draft Plan A as base
- Creates four wards that are 50%+ Latino Citizen Voting Age Population in “B”, “D”, “E” & “F”
- Creates an Asian plurality ward in Ward A at 42.9%

City of Santa Ana
Draft Plan A2 with Current Lines

REDISTRICTING PARTNERS



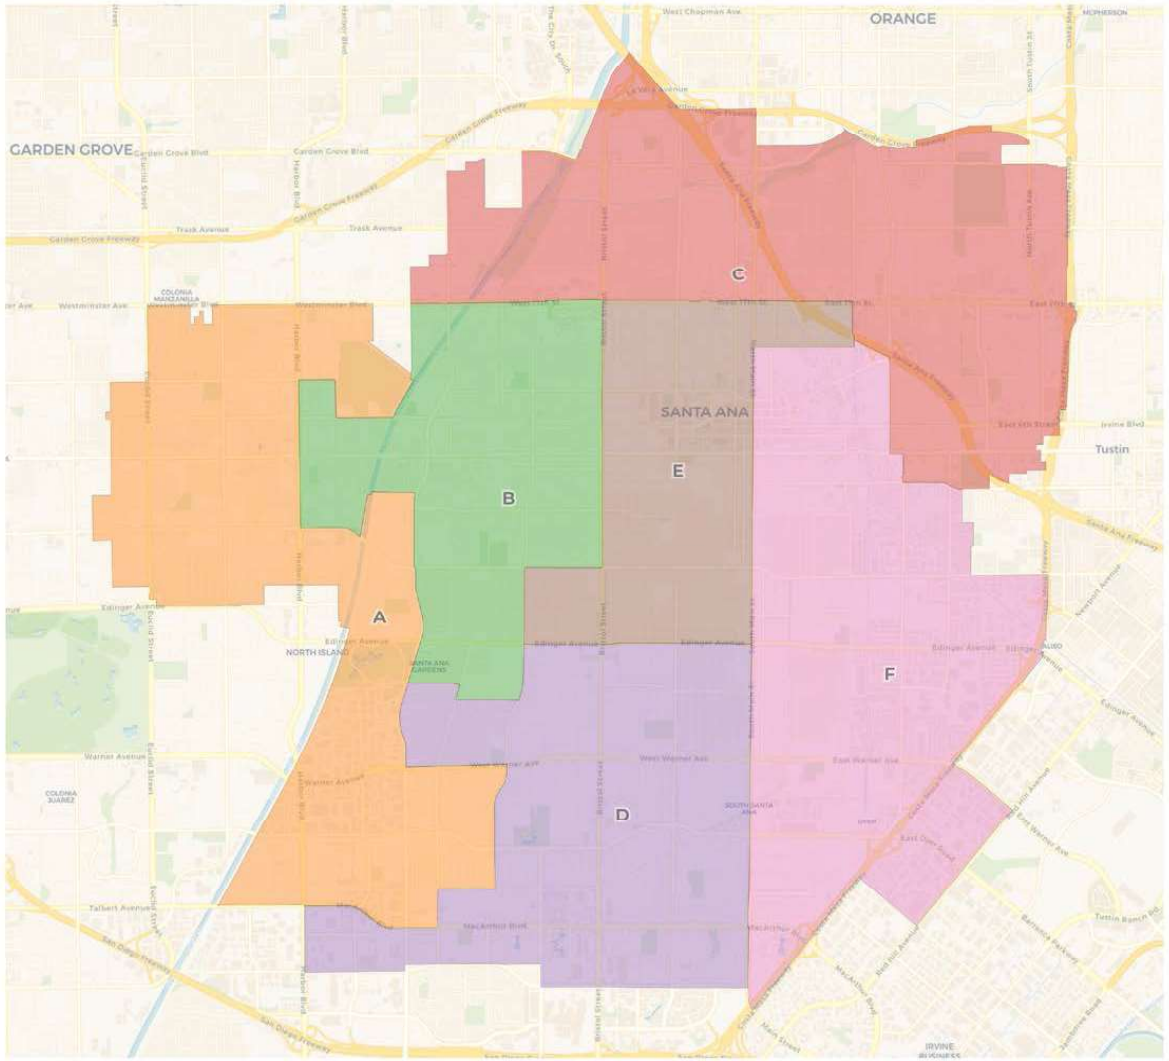
Plan A2

Plan meets traditional redistricting criteria and also achieves the following:

- Adjusts for population growth
- Follows major streets
- Moves DA boundary from 1st and Santa Ana River to S Harbor Blvd and McFadden Ave
- Move DA boundary from Fairview to S Sullivan St
- Move Downtown from DE to DD

City of Santa Ana
Draft D

REDISTRICTING PARTNERS



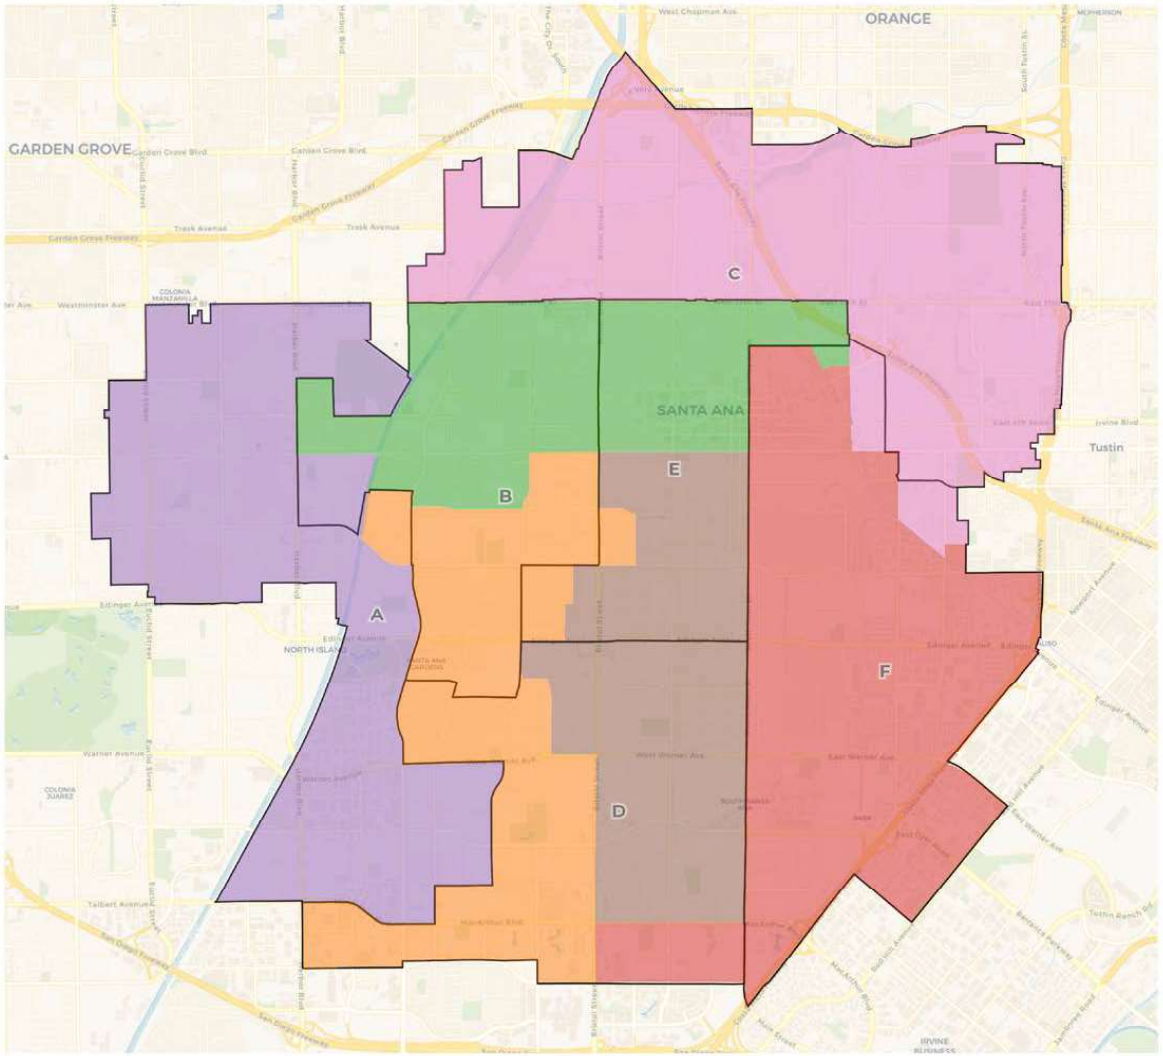
Plan D

Plan meets traditional redistricting criteria and also achieves the following:

- Deviation of 9.1%
- Follows Neighborhood lines
- Creates four wards that are 50%+ Latino Citizen Voting Age Population in “B”, “D”, “E” & “F”
- Creates an Asian plurality ward in Ward A at 42.8%

City of Santa Ana
Draft D with Current Lines

REDISTRICTING PARTNERS



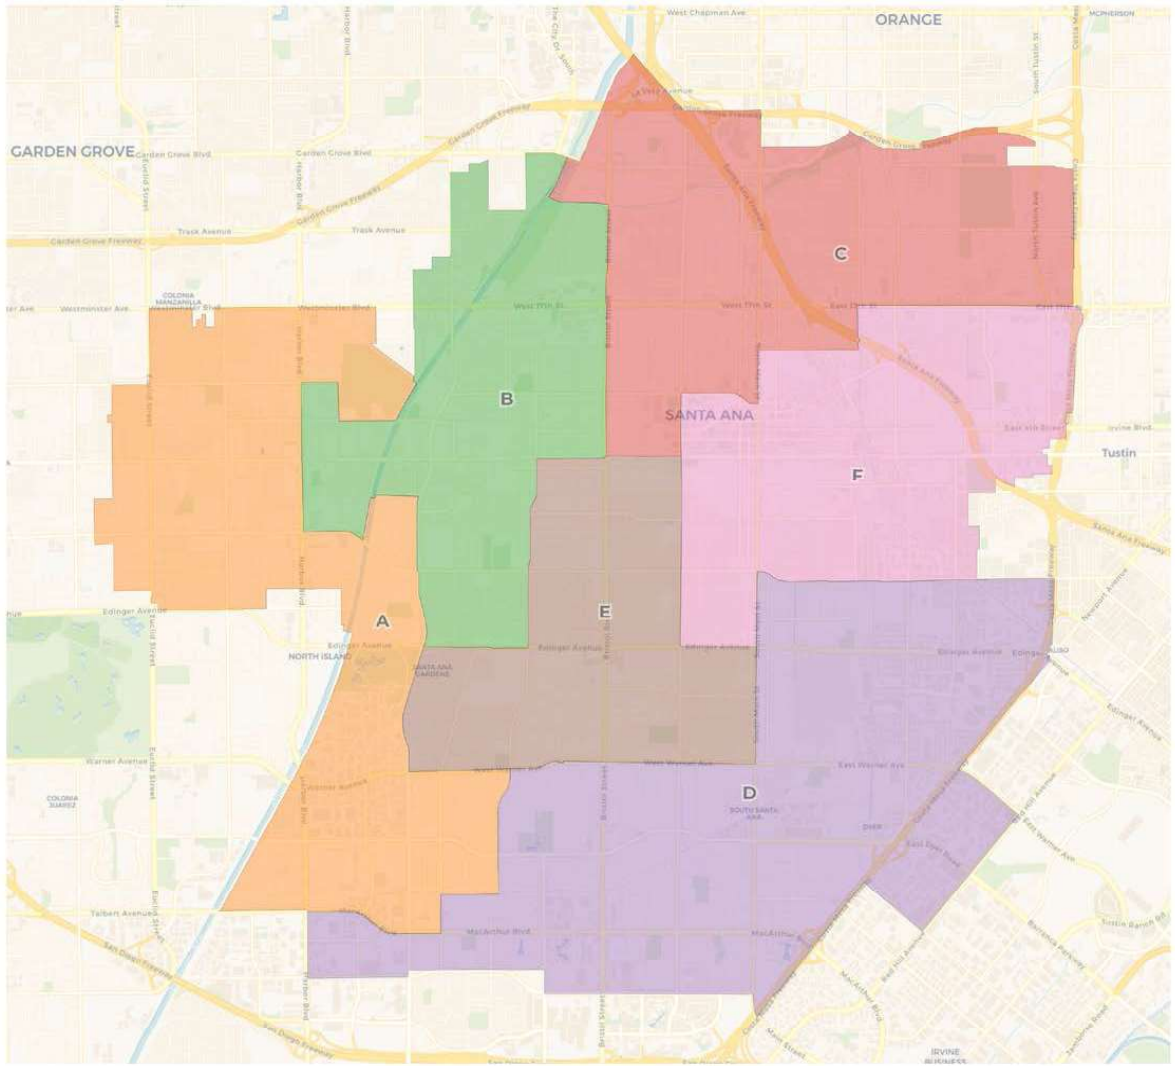
Plan D

Plan meets traditional redistricting criteria and also achieves the following:

- Keeps Northern Neighborhoods together: West Floral Park, Floral Park, Fisher Park, Morrison Eldridge Park and Park Santiago
- Keeps Southern Neighborhoods together: Sandpointe, Republic Homes, Metro Classic, Thornton Park and South Coast
- Keeps the Sullivan Community together
- Keeps Heninger Park, Wilshire Square and Downtown together

City of Santa Ana
Draft E

REDISTRICTING PARTNERS



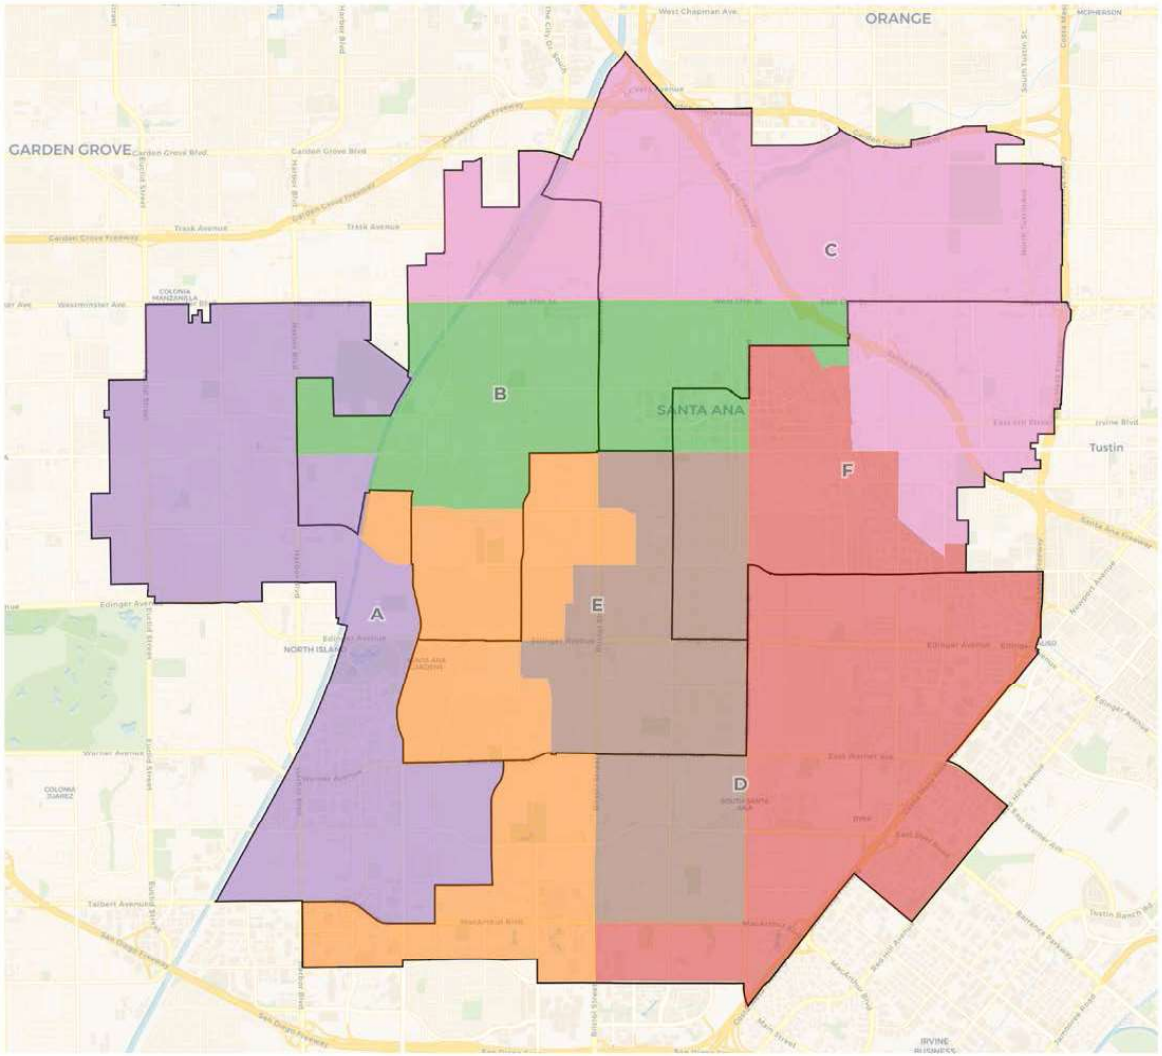
Plan E

Plan meets traditional redistricting criteria and also achieves the following:

- Deviation of 8.6%
- Follows Neighborhood lines
- Creates four wards that are 50%+ Latino Citizen Voting Age Population in “B”, “D”, “E” & “F”
- Creates an Asian plurality ward in Ward A at 42.8%

City of Santa Ana
Draft E with Current Lines

REDISTRICTING PARTNERS



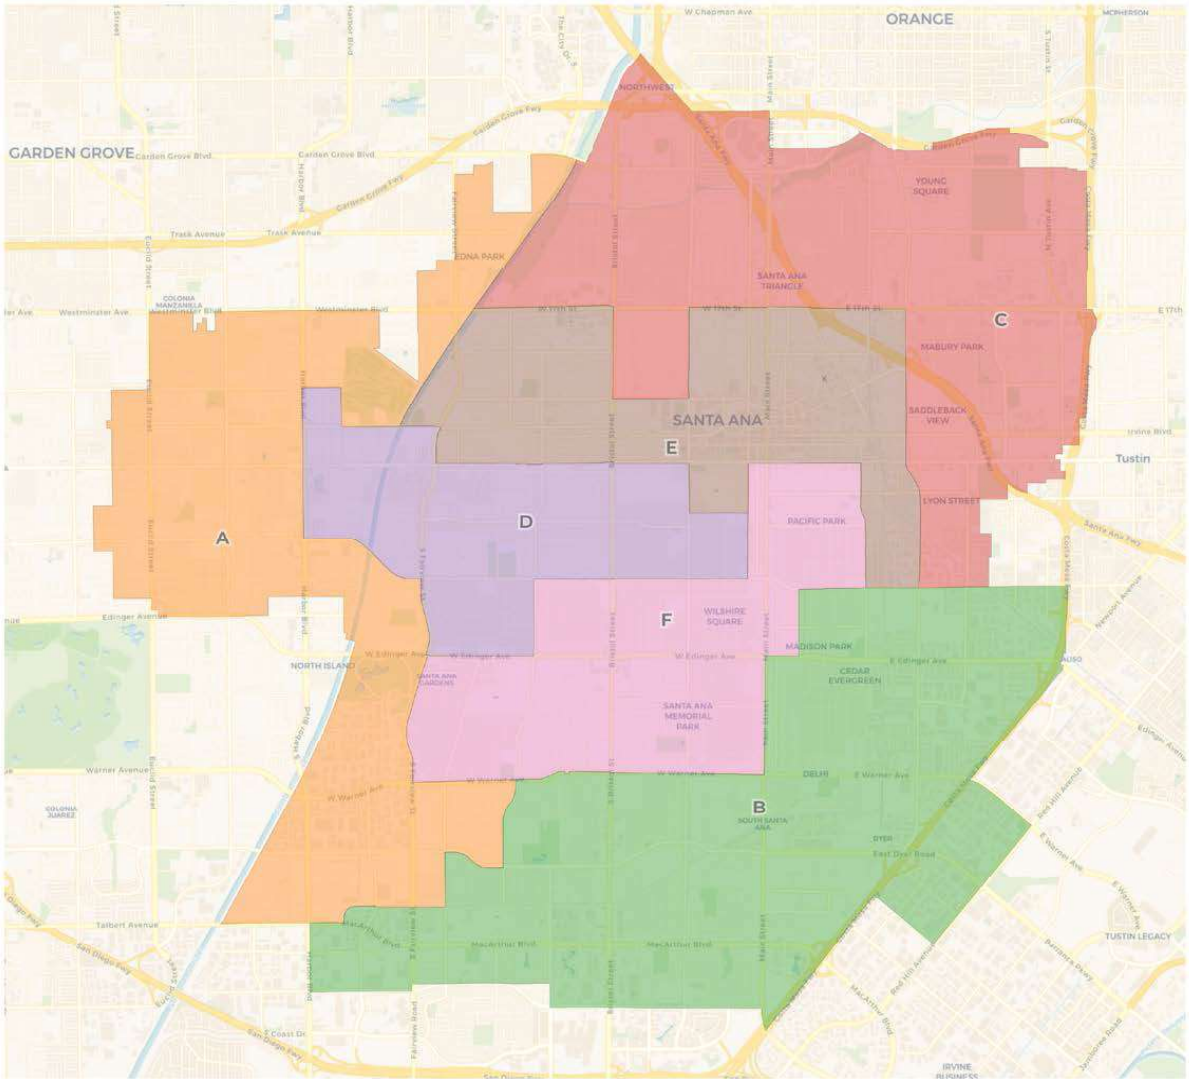
Plan E

Plan meets traditional redistricting criteria and also achieves the following:

- Keeps Northern Communities whole: West Floral Park, Floral Park, Fisher Park, Morrison Eldridge Park, and Park Santiago
- Keeps Southern Communities whole: Sandpointe, Republic Homes, Metro Classic, Thornton Park and South Coast
- Keeps the Sullivan Community together
- Keeps Heninger Park, Wilshire Square and Downtown together

City of Santa Ana
Draft Plan F (ID 86566)

REDISTRICTING PARTNERS



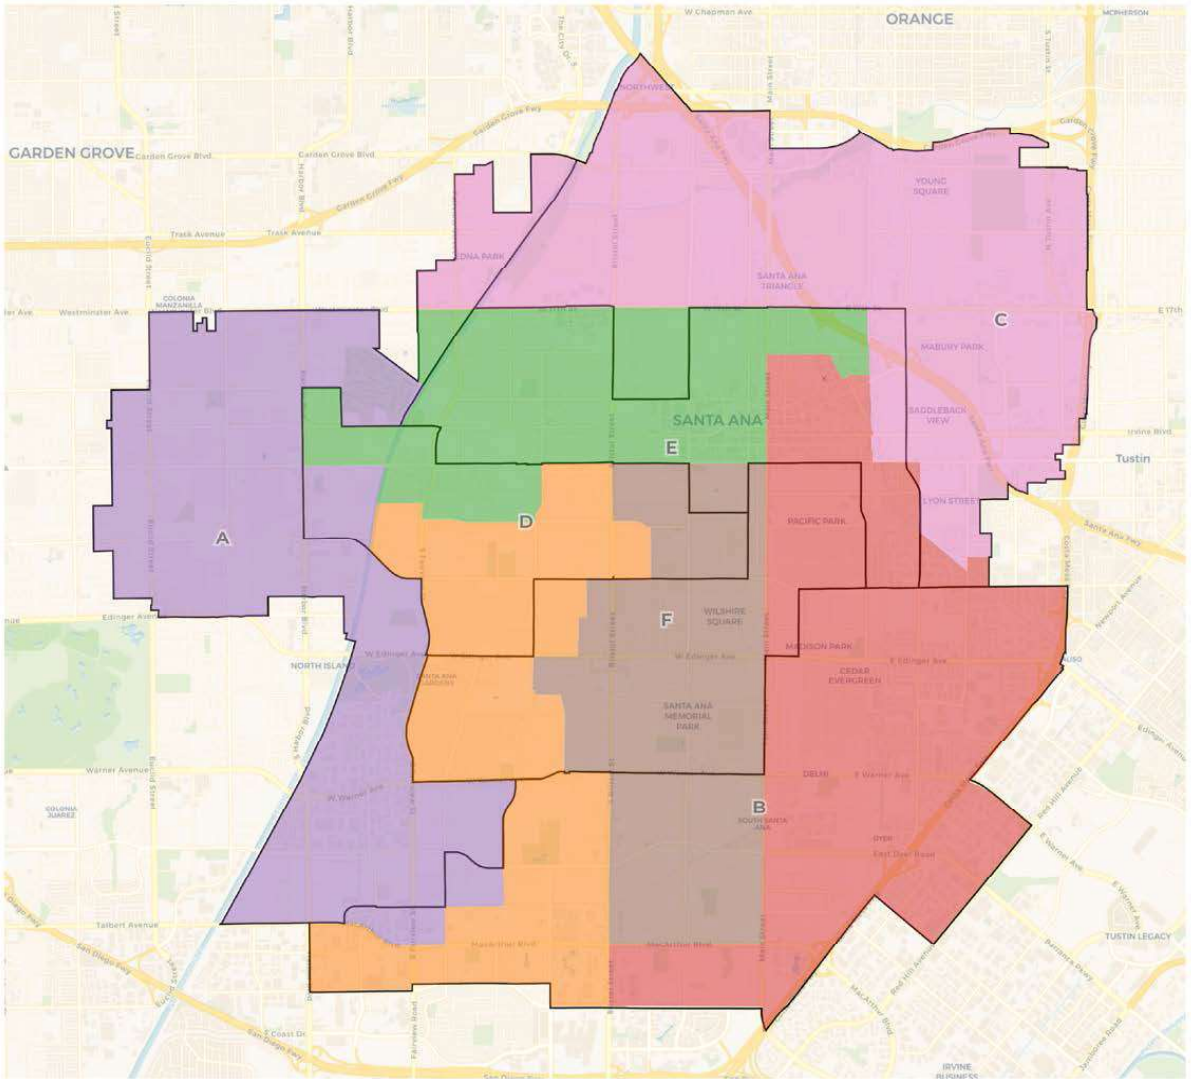
Plan F

Plan meets traditional redistricting criteria and also achieves the following:

- Deviation of 4.7%
- Based on public submission ID86566
- Creates five wards that are 50%+ Latino Citizen Voting Age Population in “B”, “C”, “D”, “E” & “F”
- Creates an Asian plurality ward in Ward A at 43.5%

City of Santa Ana
Draft Plan F (ID 86566) Current

REDISTRICTING PARTNERS



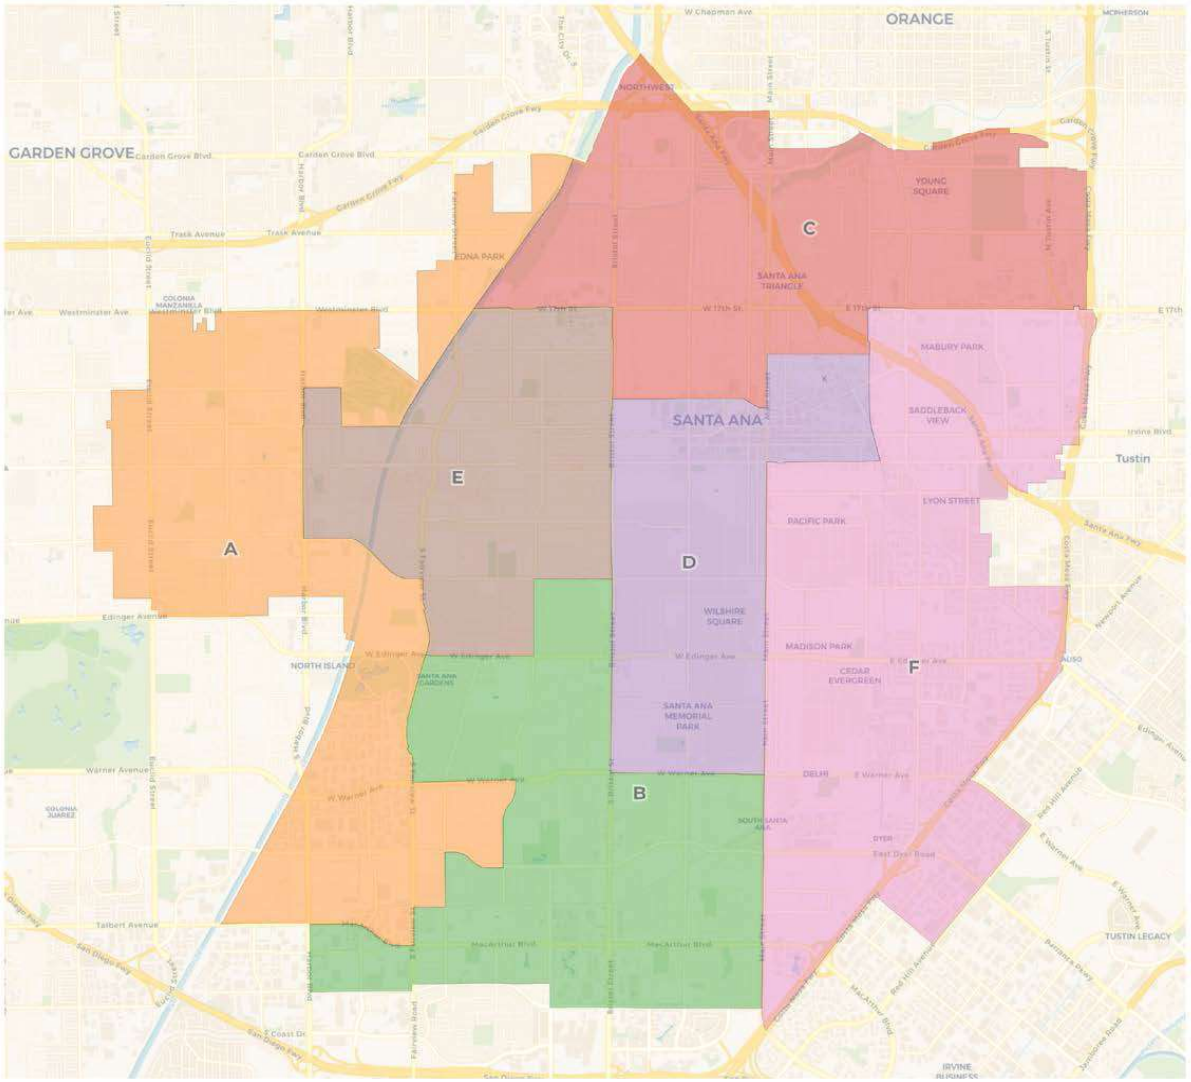
Plan F

Plan meets traditional redistricting criteria and also achieves the following:

- Follows Neighborhood lines
- Keeps Northern Communities whole: West Floral Park, Floral Park, Fisher Park, Morrison Eldridge Park, and Park Santiago
- Keeps Southern Communities whole: Sandpointe, Republic Homes, Metro Classic, Thornton Park and South Coast

City of Santa Ana
Draft Plan G (ID 77539)

REDISTRICTING PARTNERS



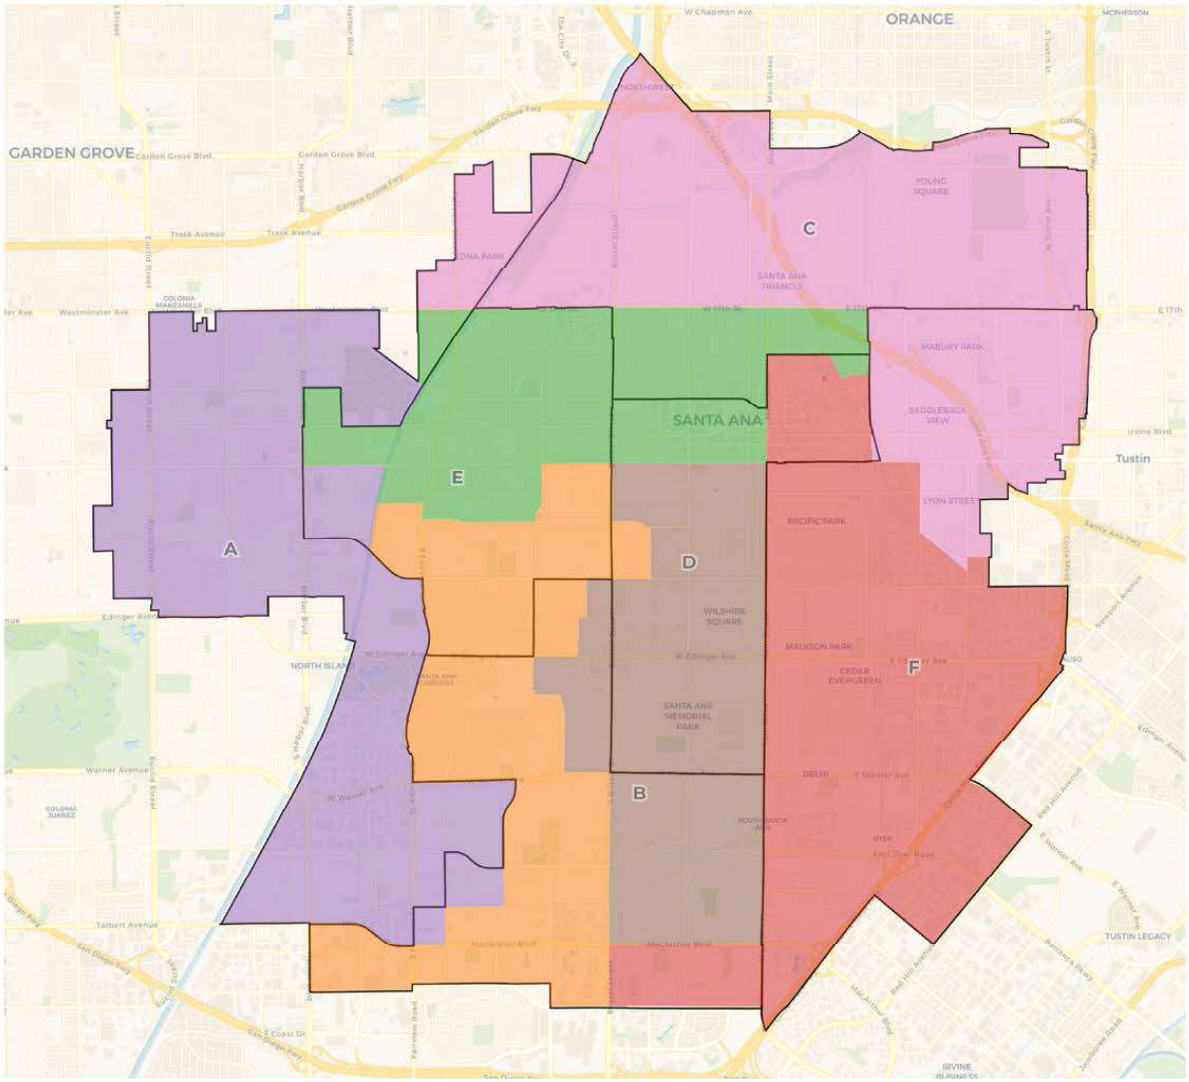
Plan G

Plan meets traditional redistricting criteria and also achieves the following:

- Deviation of 4.7%
- Based on public submission ID77539
- Creates five wards that are 50%+ Latino Citizen Voting Age Population in “B”, “C”, “D”, “E” & “F”
- Creates an Asian plurality ward in Ward A at 43.6%

City of Santa Ana
Draft Plan G (ID 77539) Current

REDISTRICTING PARTNERS



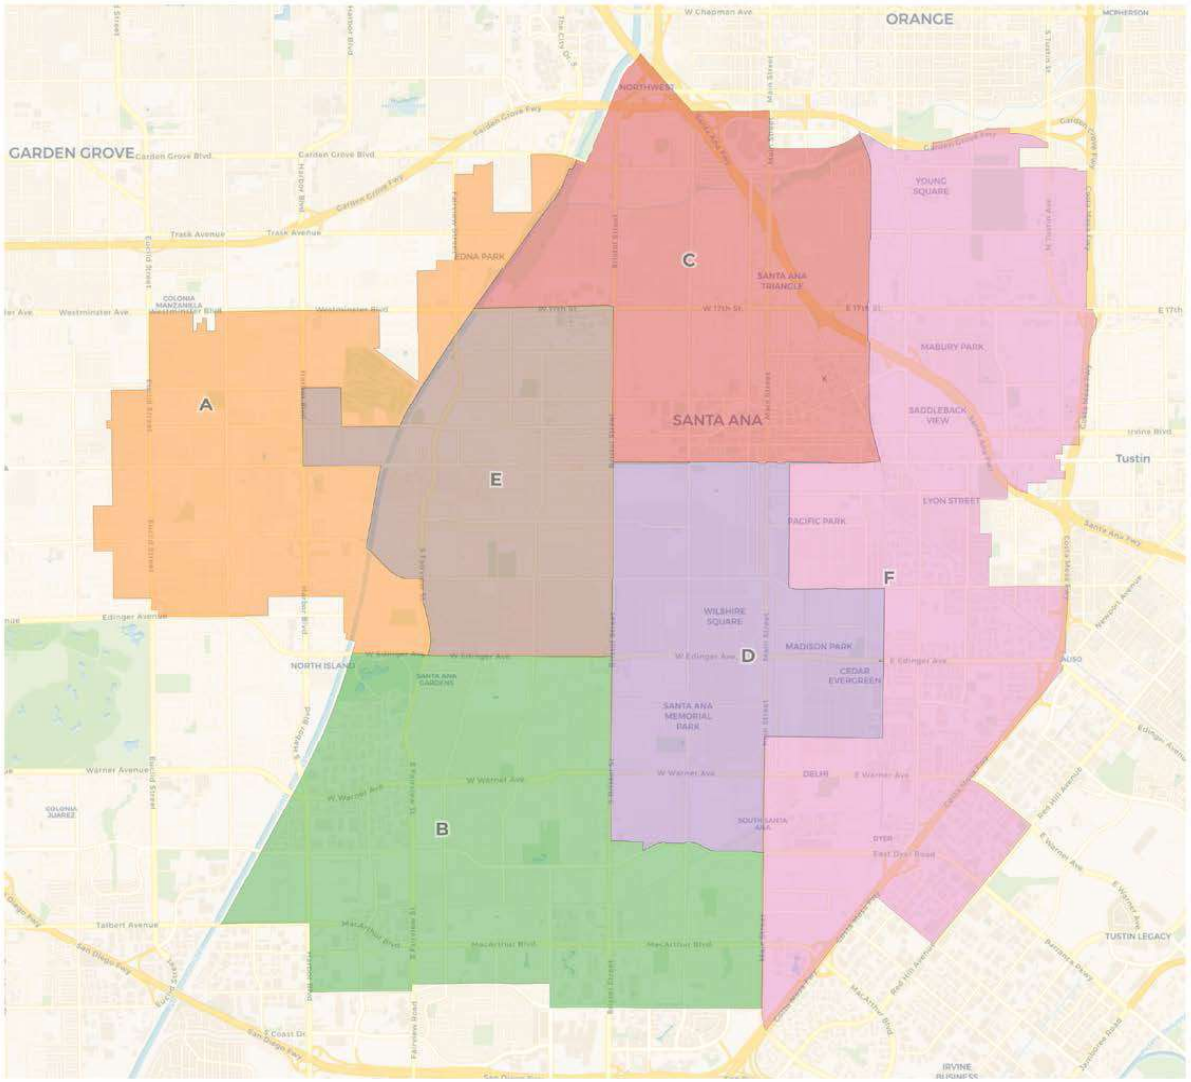
Plan G

Plan meets traditional redistricting criteria and also achieves the following:

- Keeps the Sullivan Community together
- Keeps Heninger Park, Wilshire Square and Downtown together
- Keeps Northern Communities whole
- Keeps Southern Communities whole

City of Santa Ana
Draft Plan H (ID 77567)

REDISTRICTING PARTNERS



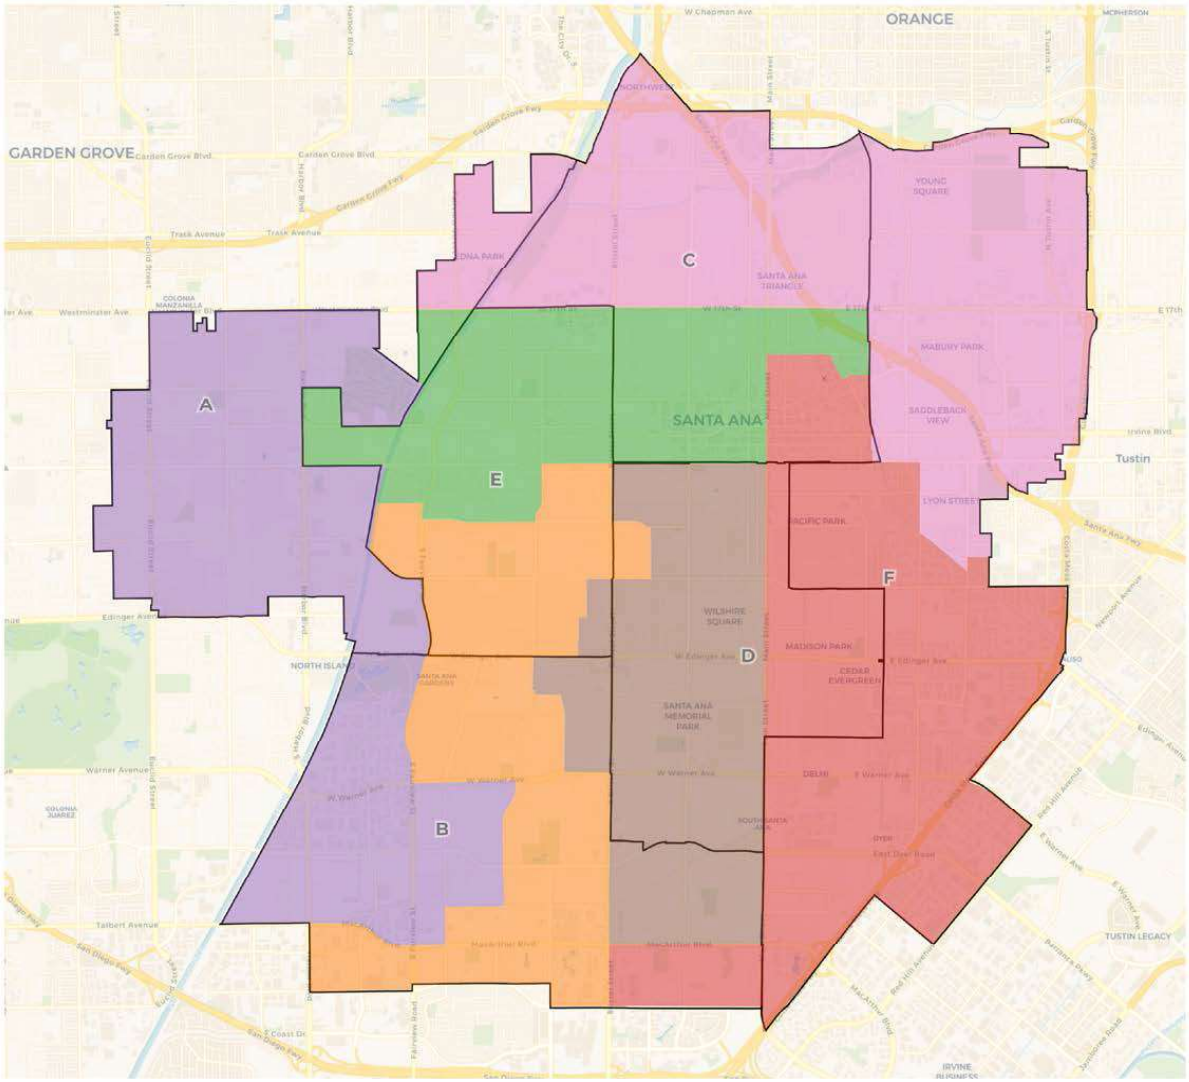
Plan H

Plan meets traditional redistricting criteria and also achieves the following:

- Deviation of 6.8%
- Based on public submission ID77567
- Creates five wards that are 50%+ Latino Citizen Voting Age Population in “B”, “C”, “D”, “E” & “F”
- Creates an Asian plurality ward in Ward A at 45.0%

City of Santa Ana
Draft Plan H (ID 77567) Current

REDISTRICTING PARTNERS



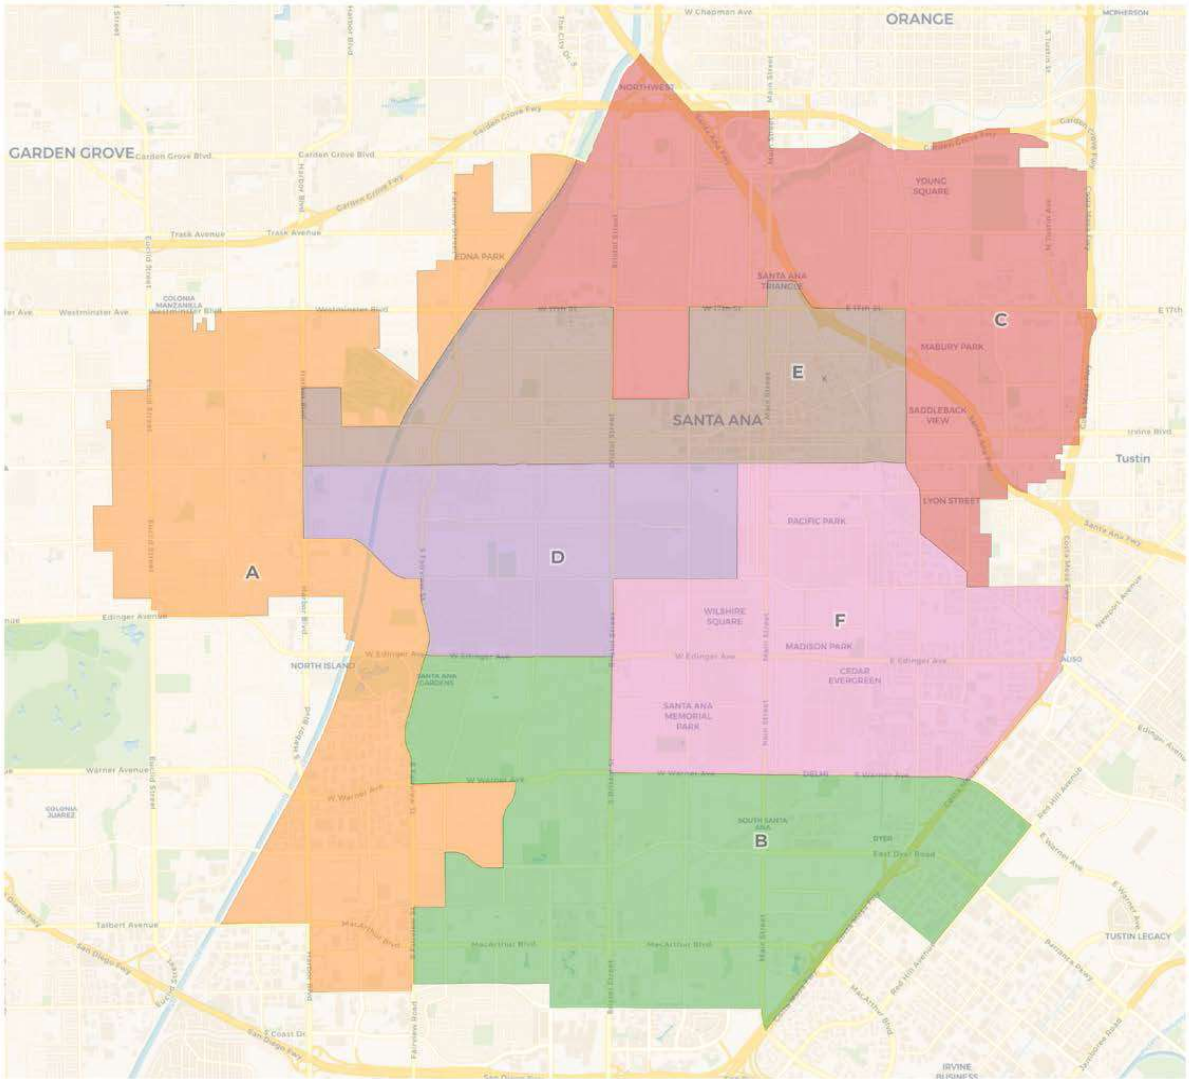
Plan H

Plan meets traditional redistricting criteria and also achieves the following:

- Keeps the Sullivan Community together
- Keeps Heninger Park, Wilshire Square and Downtown together
- Keeps Northern Communities whole
- Keeps Southern Communities whole

City of Santa Ana
Draft Plan I (ID 87613)

REDISTRICTING PARTNERS



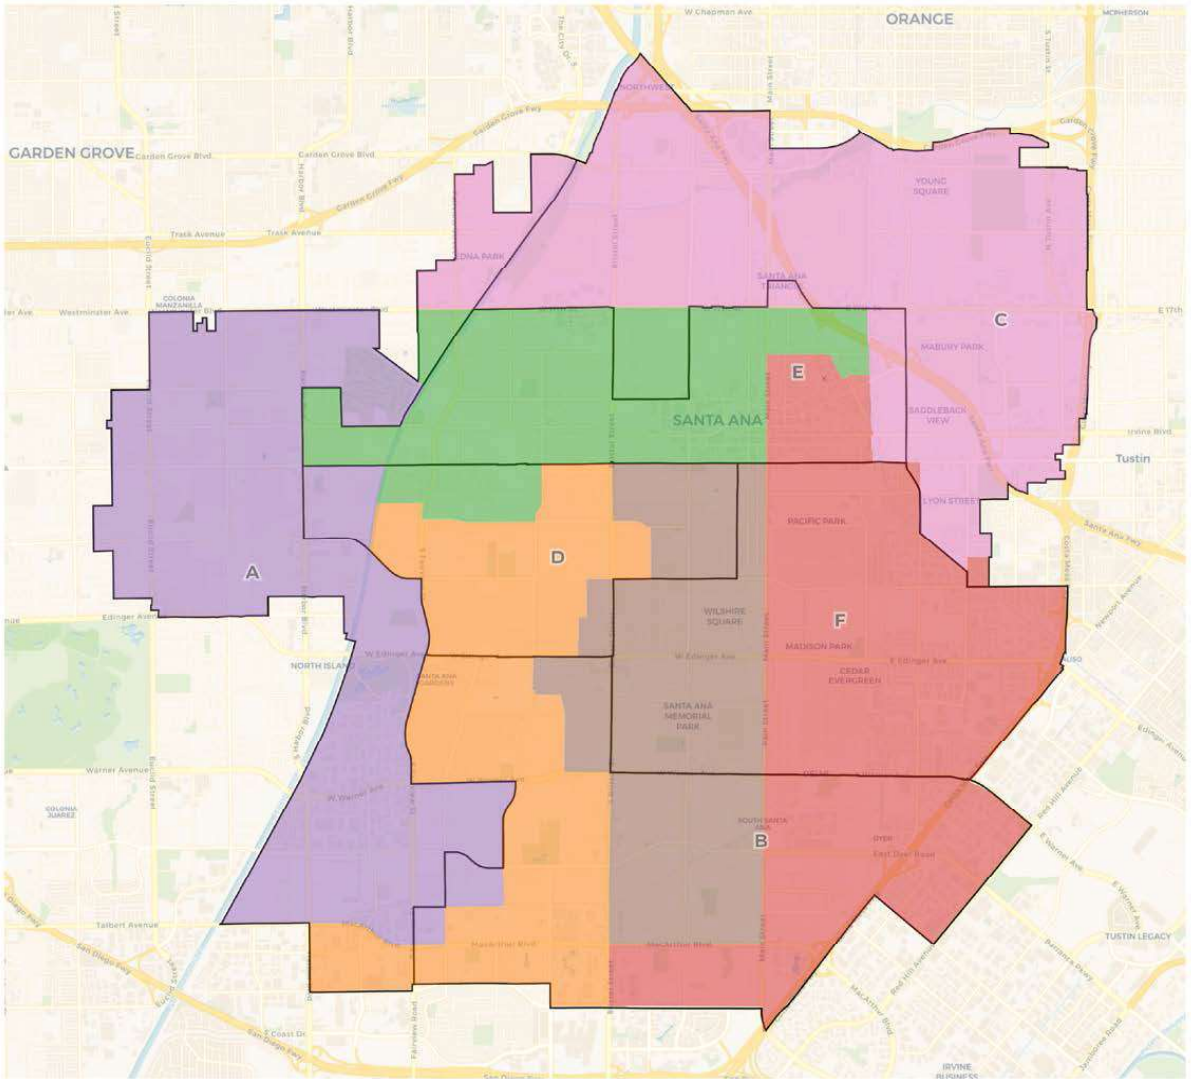
Plan I

Plan meets traditional redistricting criteria and also achieves the following:

- Deviation of 1.5%
- Based on public submission ID87613
- Creates five wards that are 50%+ Latino Citizen Voting Age Population in “B”, “C”, “D”, “E” & “F”
- Creates an Asian plurality ward in Ward A at 43.6%

City of Santa Ana
Draft Plan I (ID 87613) Current

REDISTRICTING PARTNERS



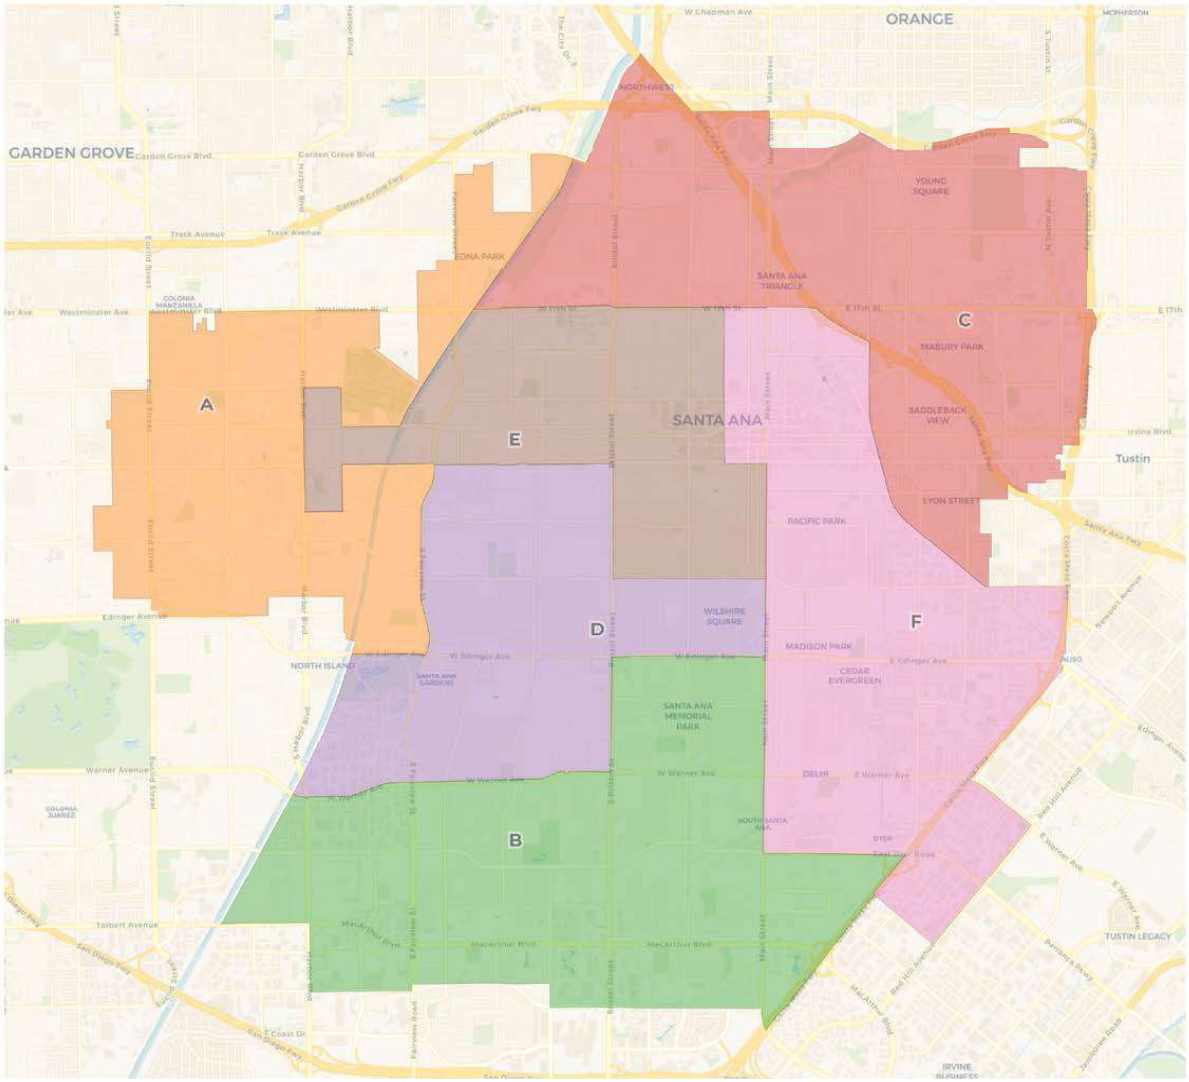
Plan I

Plan meets traditional redistricting criteria and also achieves the following:

- Keeps Northern Neighborhoods together: West Floral Park, Floral Park, Fisher Park, Morrison Eldridge Park and Park Santiago
- Keeps Southern Neighborhoods together: Sandpointe, Republic Homes, Metro Classic, Thornton Park and South Coast

City of Santa Ana
Draft Plan J (ID102694)

REDISTRICTING PARTNERS



Plan J

Plan meets traditional redistricting criteria and also achieves the following:

- Deviation of 1.5%
- Based on public submission ID102694
- Creates five wards that are 50%+ Latino Citizen Voting Age Population in “B”, “C”, “D”, “E” & “F”
- Creates an Asian plurality ward in Ward A at 43.6%

City of Santa Ana
Draft Plan J (ID102694) Current

REDISTRICTING PARTNERS

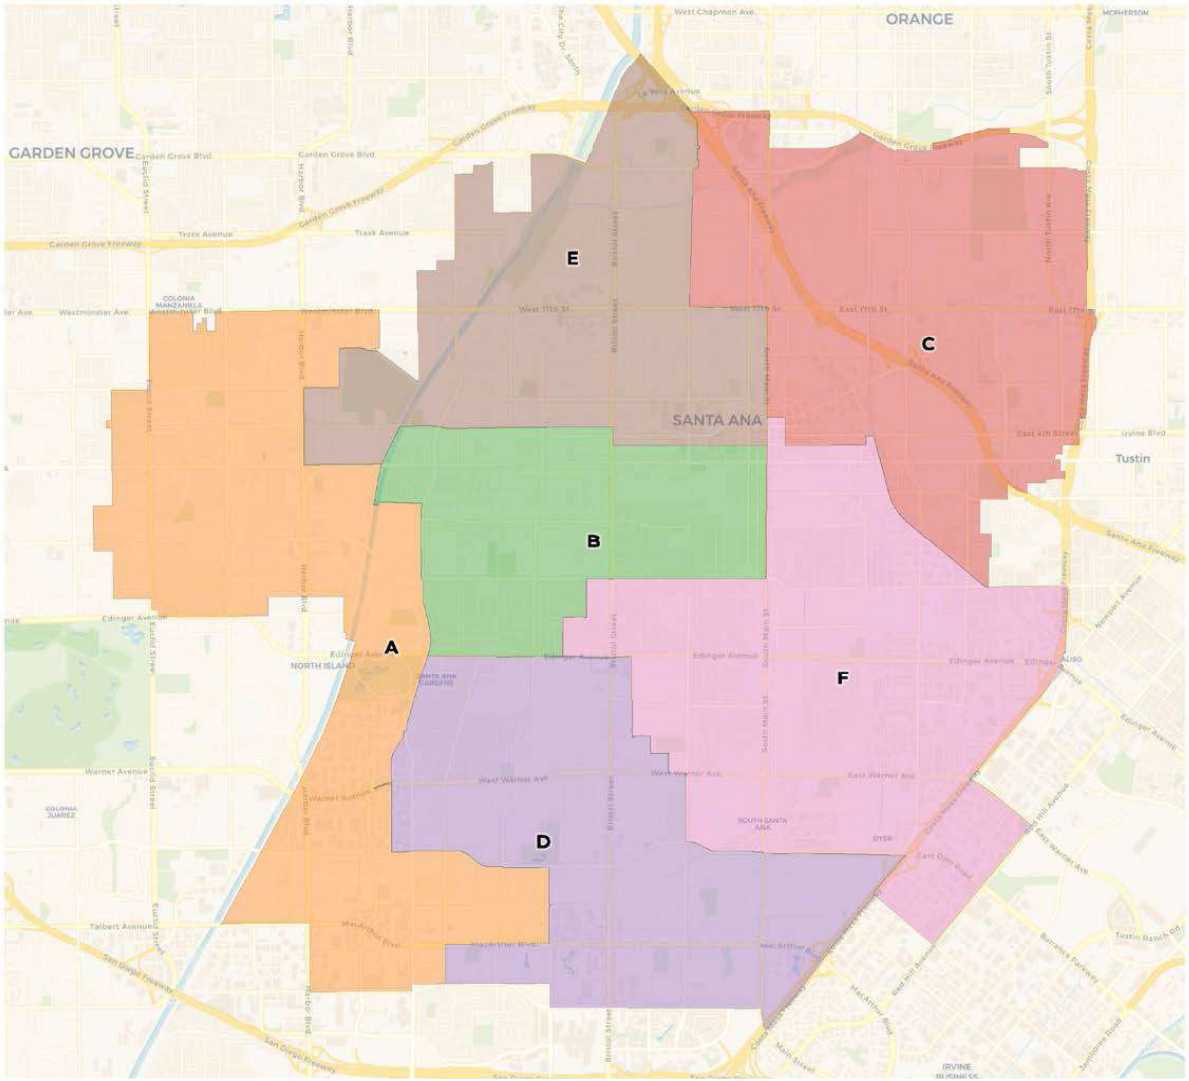
- Metro Classic, Republic Homes and Thornton Park in DB
- Sandpointe, South Coast and Rosewood Baker in DD

City of Santa Ana
VietRISE1

REDISTRICTING PARTNERS



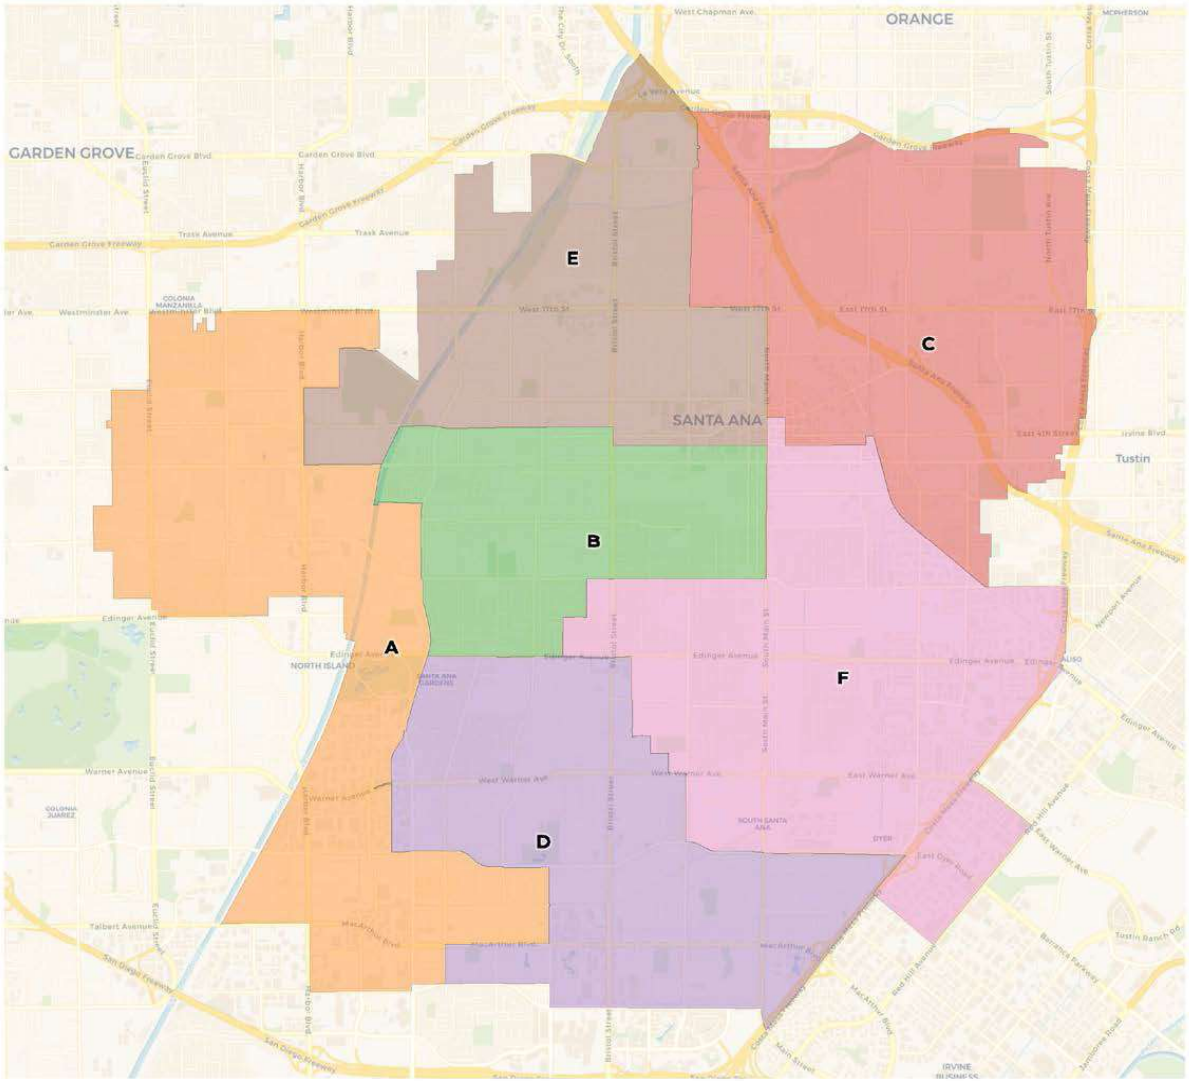
VietRISE1

Plan meets traditional redistricting criteria and also achieves the following:

- Deviation of 3.7%
- Creates five wards that are 50%+ Latino Citizen Voting Age Population in “B”, “C”, “D”, “E” & “F”

City of Santa Ana
VietRISE1

REDISTRICTING PARTNERS



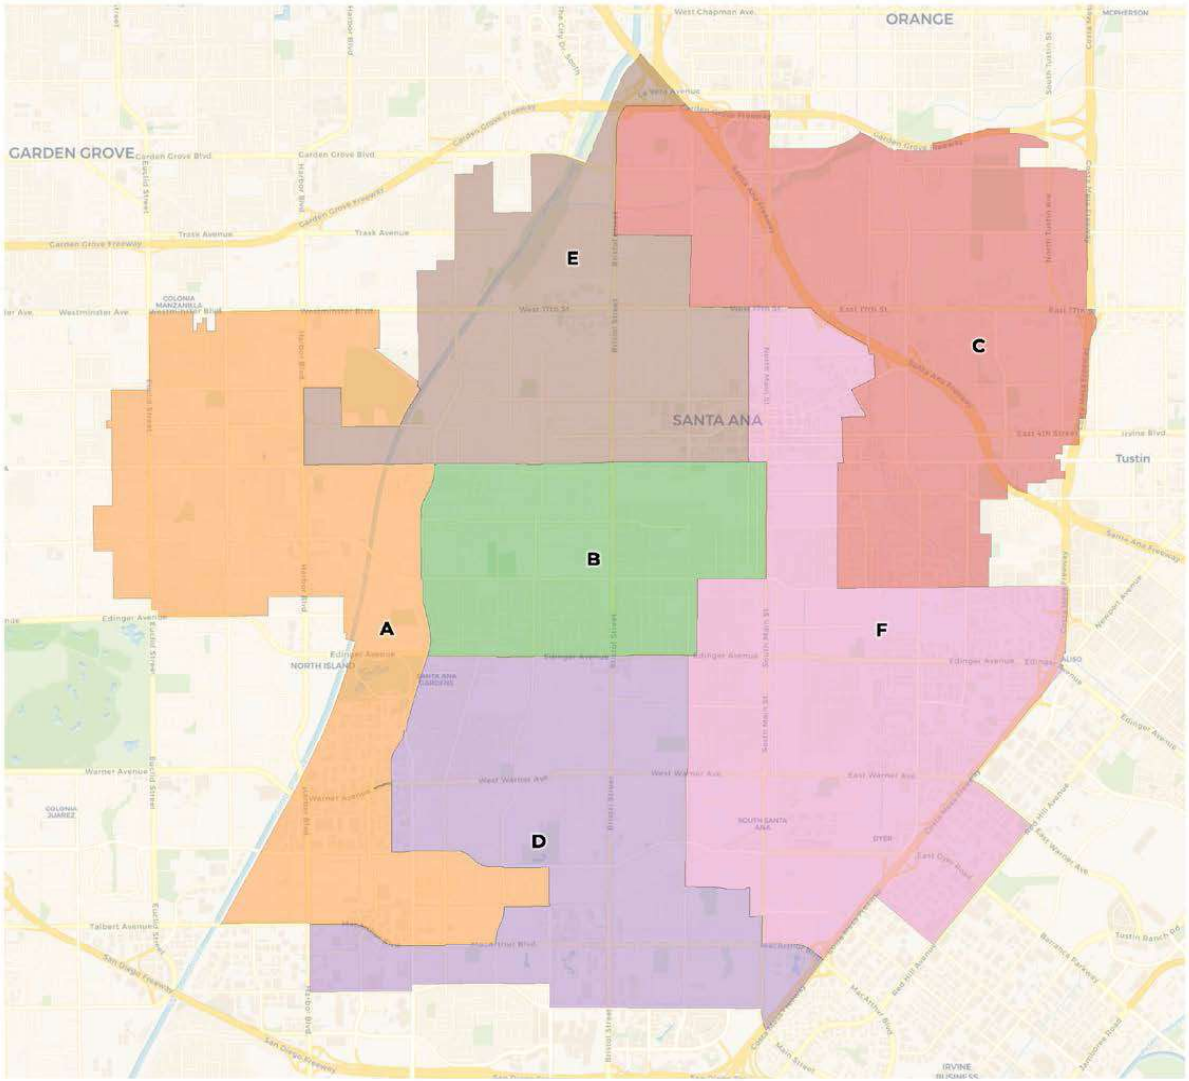
VietRISE1

Plan meets traditional redistricting criteria and also achieves the following:

- Northern Communities of West Floral Park, Fisher Park, and Morrison Eldridge Park in DE
- Northern Communities of Floral Park and Park Santiago in DC
- Keeps Southern Communities of: Sandpointe, Republic Homes, Thornton Park and South Coast in DD
- Metro Classic in DA

City of Santa Ana
VietRISE2

REDISTRICTING PARTNERS



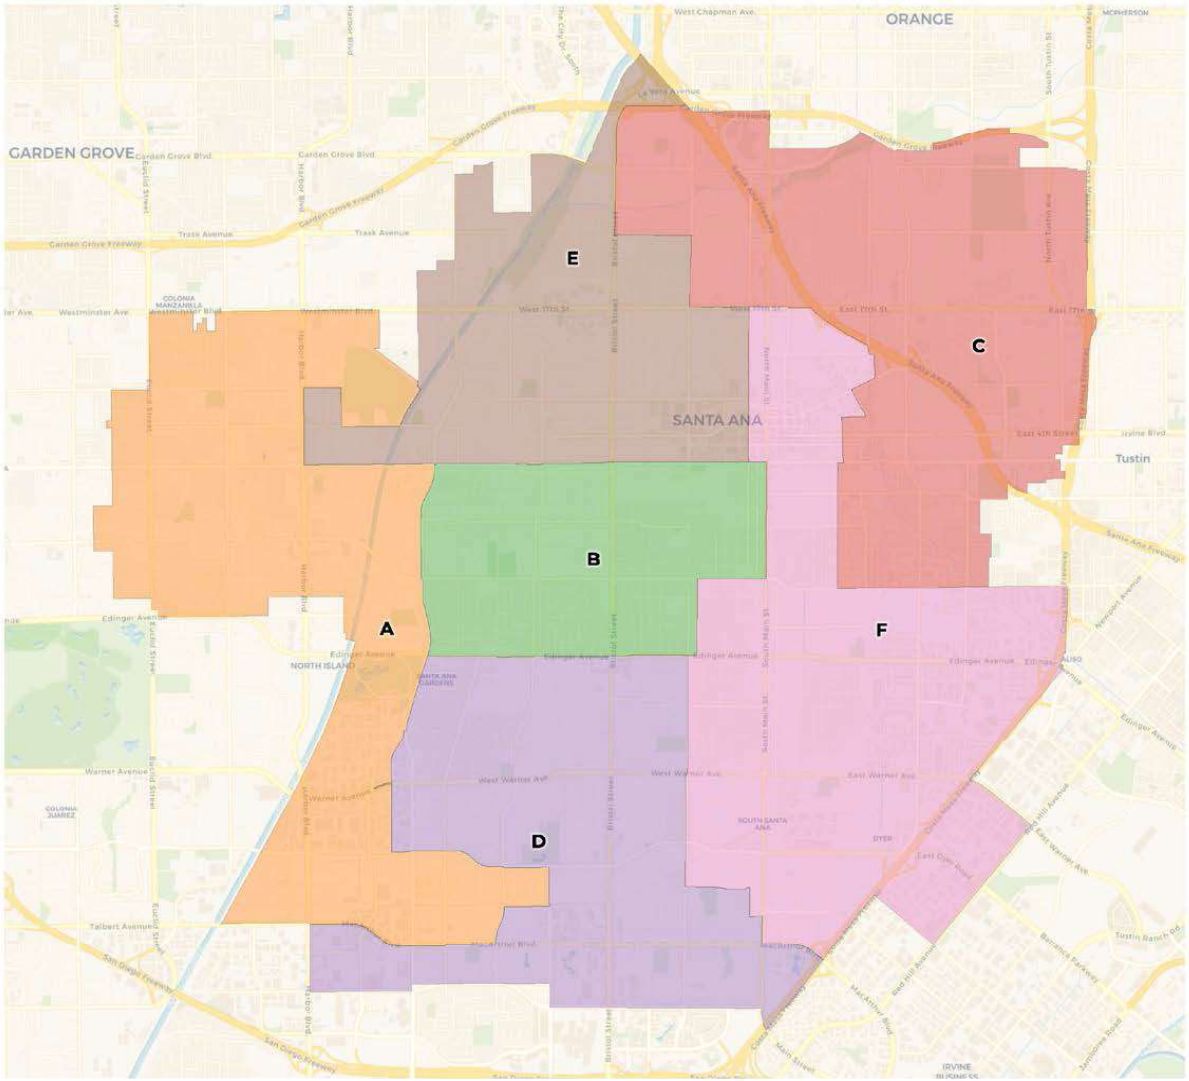
VietRISE2

Plan meets traditional redistricting criteria and also achieves the following:

- Deviation of 1.7%
- Creates four wards that are 50%+ Latino Citizen Voting Age Population in “B”, “D”, “E” & “F”

City of Santa Ana
VietRISE2

REDISTRICTING PARTNERS



VietRISE2

Plan meets traditional redistricting criteria and also achieves the following:

- Northern Communities of Floral Park, Fisher Park, Park Santiago and Morrison Eldridge Park in DE
- Northern Community of West Floral Park in DE
- Keeps Southern Communities of: Sandpointe, Republic Homes, Thornton Park and South Coast in DD
- Metro Classic in DA

Amendments to Plans

Changes to plans may need balancing and understanding of tradeoffs. Three types of changes.

1) Keeps within deviation and doesn't necessitate other changes.

2) Identifying a change and a possible tradeoff with that same ward – a "one to one swap"

3) Identify a change and a set of wards that involves multiple wards – a "rotation"

Amendments to Plans

If there are proposed changes we can look at those individually and provide input on if they can be achieved easily or require more adjustments.

What's Next

- Official council drafts will be made public in advance of a citywide public draft feedback hearing.
- All council draft plans will go to a final plan selection hearing.
- Final Plan selection hearing will consider only draft plans that have been made public for seven days.
- *Numbering of wards is done <u>at the end of the process</u>*
