Subject: Santa Ana Redistricting Public Comment Submission - In support of newly submitted SARC map and Map L

Dear Santa Ana City Council,

My name is Indigo, a resident of Santa Ana's Ward [1](#), and I am in support of the newly submitted SARC map and Map L proposed by the Santa Ana Redistricting Committee. The newly submitted SARC map keeps important communities of interests together. These include keeping the South Coast Metro area whole. It also brings together similar neighborhoods associations such as Santa Ana Memorial Park, Wilshire Square, and Heninger Park. This map also provides substantial representation to environmentally impacted communities such as Delhi and Madison Park by creating an environmental justice (EJ) district. Because of this, I strongly advocate for the Santa Ana city council to adopt either of these maps.

Sincerely,
Indigo

Subject: RE: Reelección de distribución de Distritos

Google Translate:

Hello, Mr. Mayor Sarmiento and Councilmembers, my name is Anabel Parra and I have been a resident of the city of Santa Ana for 26 years and I live between McFadden and Sullivan streets. The proposed changes to Plan K and Plan F do not represent my Community, but rather they protect the interest of the Councilors seeking re-election, therefore these revisions do not represent a commitment to the community. Thank you for your hard work and commitment. Sincerely
Anabel Parra

Subject: Reelección de distribución de Distritos

Hola sr alcalde sarmiento y concejales mi nombre es Anabel parra y soy Recidente de la ciudad de Santa Ana desde hace 26 años y vivo entre las calles McFadden y Sullivan. Los cambios propuestos al Plan K y el Plan F no representan a mi Comunidad si no que protegen el interés de los Concejales que buscan la reelección por lo tanto estas revisiones no representa un compromiso con la comunidad . Gracias por su arduo trabajo y compromiso. Atentamente Anabel parra

Good afternoon Mr Mayor and members of the Council. My name is Araceli Robles and I live on First and Orange streets. I have lived in Santa Ana for 20 years. This petition is to ask you to support the map proposed by the SARC coalition, this would allow resources to reach the communities of interest, the most vulnerable and with less resources. It is a shame to see that you only care about your political career and leaving out the needs of our community and that unfortunately you see the community as just a map that has no life or faces of our families!! I remind you that you are public servants and you are in those chairs because we think that you would protect the community. It is time for you to do the right thing. Thanks

Buenas tardes Sr Alcalde y miembros del Concilio. Mi nombre es Araceli Robles y vivo por la calle First y Orange. Hace 20 años vivo en Santa Ana. Esta petición es para pedirles que apoyen el mapa propuesto por la coalición SARC, esto permitiría que los recursos lleguen a las comunidades de interés, los más vulnerables y con menos recursos. Es una pena ver que a ustedes les importa solo su carrera política y dejando afuera las necesidades de nuestra comunidad y que lamentablemente ustedes vean a la comunidad como solo un mapa que no tiene vida ni rostros de nuestras familias!! Les recuerdo ustedes son Servidores públicos y están en esas sillas por que nosotros pensamos que protegerían a la comunidad. Es el momento que hagan lo correcto. Gracias

Subject: Santa Ana Redistricting Public Comment Submission - In support of newly submitted SARC map and Map L

I'm Niko Le, a resident of Santa Ana's Ward 1, and I am in support of the newly submitted SARC map and Map L proposed by the Santa Ana Redistricting Committee. These maps center the interests of low-income Latinx residents by drawing a district around their communities so that their voices can be amplified. The emphasis on residents of mobile home parks and apartment complexes, where a considerable proportion of Latinx households reside, will further support the interests. As a result, I strongly advocate for the Santa Ana city council to adopt either of these maps.

Subject: Redistricting Maps

Good Afternoon/ Evening Mayor and Council members,

My name is Jasmin Mendoza. I am a Santa Ana Resident that lives in Ward 2.

I would like to share with you all who and where my community of interest is located. The area I live in is composed of homeowners, renters, small businesses, parks, schooling, and more. The diversity in the community is a small part of what makes Santa Ana so great.

I support the Santa Ana Redistricting Coalition's draft maps L2 and M.

As a supporter of these draft maps, I recognize that these maps raise the voices of immigrants, renters, low-income families, and mixed-status families. Additionally, it raises critical issues related to environmental justice, such as the widespread contamination of soil with lead. Santa Ana's Maps L2 & M provide the opportunity for community members to feel empowered.

Even though I support maps L2 and M, I do not believe the proposed maps F and K will benefit local communities at all. Maps F and K only provide dilution of community voices. The very same ones who voted for you.

I urge you to consider moving forward with maps L2 and M.

Thank you for your time and consideration,
Jasmin M.

Subject: March 11,2022 Special City Council Meeting on Redistricting

I found it disingenuous to hear at the March 7th City Council meeting that the public may still submit redistricting maps. If maps are still being accepted then why do we not see them listed in the March 11, 2022 City Council Agenda? The City Council, with the assistance of Redistricting Partners, redrew five maps at the March 7th meeting. These five maps, along with the breakdown/analysis, are included in the March 11, 2022 City Council agenda. A map submitted on February 25,2022 has not been included or evaluated. Nine additional maps have been submitted since the March 7th meeting and they too are not included in the agenda. I assume these will gather dust as well.

Your voiced concerns about the lack of community participating ring hollow when you do not recognize the efforts of those who are participating. Is it really that the community is not participating or that you do not like what the community has to say?

The number of neighborhoods that will have more than one councilmember representing them is not being published. I see no reason to take the time to determine this since it was obvious at the last meeting it is not a concern of the council.

So much for being open and honest.

Sincerely,

Dale A Helvig

Subject: Santa Ana Redistricting Public Comment Submission

My name is Daniel Vasquez and I support the maps SARC 1 & SARC 2 as a resident of Santa Ana's Ward 1. These maps are crucial to the fair representation of the city's mobile home park residents. As one of Santa Ana's few remaining affordable housing options, mobile home parks provide an indispensable service to the city's low-income families. In order to support these communities and ensure their housing needs are met, the voices of mobile home park households must be heard and prioritized. Adopting these maps will be a step forward in that direction.
