**RECOMMENDED ACTION**

1. Adopt a resolution approving Historic Resources Commission Application No. 2020-16 and Historic Register Categorization No. 2020-12 (Exhibit 1).
2. Recommend that the City Council authorize the City Manager and Clerk of the Council to execute the attached Mills Act agreement with Joey Fermann and Rachel LaVigne, subject to non-substantive changes approved by the City Manager and City Attorney (Exhibit 2).

**EXECUTIVE SUMMARY**

Joey Fermann and Rachel LaVigne are requesting approval to designate an existing residence located at 1010 W. Santa Clara Avenue to the Santa Ana Register of Historical Properties, as well as approval to execute a Mills Act agreement with the City of Santa Ana.

**DISCUSSION**

**Project Location and Site Description**

The subject property is located on the south side of Santa Clara Avenue in the West Floral Park neighborhood. The site contains a 1,709-square-foot, Ranch style residence and detached garage on a 7,600-square-foot residential lot (Exhibit 3).

**Analysis of the Issues**

*Historical Listing*

In March 1999, the City Council approved Ordinance No. NS-2363 establishing the Historic Resources Commission and the Santa Ana Register of Historical Properties. The Historic Resources Commission may, by resolution and at a noticed public hearing, designate as a historical property any building or part thereof, object, structure, or site

having importance to the history or architecture of the city in accordance with the criteria set forth in Section 30-2 of the Santa Ana Municipal Code (SAMC). This project entails applying the selection criteria established in Chapter 30 of the Santa Ana Municipal Code (Places of Historical and Architectural Significance) to determine if this structure is eligible for historic designation to the Santa Ana Register of Historical Properties. The first criterion for selection requires that the structures be 50 or more years old.

The structure identified meets the minimum selection criteria for inclusion on the Santa Ana Register of Historical Properties pursuant to criteria contained in Section 30-2 of the Santa Ana Municipal Code, as the structure is 67 years old and is a good example of period architecture. No known code violations exist on record for this property.

The Mason-Heike House is architecturally significant as a simple but relatively intact example of a Ranch style tract house in Santa Ana. According to City building records, it was built in 1955 by Chad Turner Construction Co. for approximately \$17,000. The house was first sold in 1956 to Robert E. and Marjorie Mason who lived on the property until 1963. Robert Mason owned R.E. Mason Realty at 1017 N. Main Street (alternatively 1206 N. Main Street). Robert and Marjorie Mason sold the property to Homer W. and Ruth Ellen Packard who resided on the property until 1967. Homer and Ruth first resided at 2014 Woodland Place in Santa Ana before purchasing 1010 W. Santa Clara Avenue. Ralph E. and Gwendolyn Susan Webster purchased the property in 1967 and resided on the property until 1975. According to City directories, the property was sold to Ronald H. and Patricia Heike in 1975 who resided at the property until 2020.

The house is a one-story single-family residence on a large parcel, sited with a deep setback and constructed in a Ranch House style. A detached garage is located towards the south end of the rear elevation of the residence. Asymmetrical in design, the house exhibits a strong horizontal emphasis expressed through a moderately pitched, cross-gabled roof with a prominent front-facing gable. The exterior of the house is clad in a combination of exterior materials including stucco, brick, wood overlap, and distinctive board and batten siding. The entry porch is characterized by a partial width front porch whose roof is supported by slender, paired posts. The entry also features an X-paneled and partially glazed front door adjacent to a prominent, single-hung, multi-light window. Occupying most of the façade east of the entry is a series of wood, multi-light windows, centered within a wood overlap projection that wraps around the east elevation. Wood multi-light windows also appear on the west and south elevations. A centralized, interior brick chimney rises above the roofline. Alterations to the house include the removal of two windows along the east elevation. Other than the relatively minor noted changes, the house appears intact and is in good condition. The property is landscaped with a lawn, low vegetation and a long driveway leading towards the rear, detached garage. Character-defining features of the Mason-Heike House include, but may not be limited to: horizontal massing and composition; combination of exterior materials including

stucco, brick, wood overlap, and distinctive board and batten siding; X-paneled and partially glazed front door; and multi-light windows.

The Mason-Heike House qualifies for listing in the Santa Ana Register of Historical Properties under Criterion 1 as relatively intact example of a Ranch style tract house in Santa Ana. The recommended categorization is “Contributive” because it contributes to the overall character and history of West Floral Park and is a representative example of Ranch style architecture.

### *Mills Act Agreement*

Ordinance No. NS-2382 authorized the Historic Resources Commission to execute Historic Property Preservation Agreements (HPPA), commonly known as Mills Act agreements for eligible properties (Exhibit 2). To be eligible for the Mills Act, the property must be listed on the Santa Ana Register of Historical Properties. The Historic Resources Commission Application and Historic Register Categorization actions proposed for this site authorize the listing of the property on the local register. The agreement provides monetary incentives to the property owner in the form of a property tax reduction in exchange for the owner’s voluntary commitment to maintain the property in a good state of repair as necessary to maintain its character and appearance. Once recorded, the agreement generates a different valuation method in determining the property’s assessed value, resulting in tax savings for the owner. Aside from the tax savings, the benefits include:

- Long term preservation of the property and visual improvement to the neighborhood
- Allows for a mechanism to provide for property rehabilitation
- Provides additional incentive for potential buyers to purchase historic structures
- Discourages inappropriate alterations to the property

The property has no identified unauthorized modifications. Upon consideration of the application, it is recommended that the City enter into a Historic Property Preservation Agreement.

### **Public Notification**

The subject site is located within the West Floral Park Neighborhood Association. The president of this Neighborhood Association was notified by mail 10 days prior to this public hearing. In addition, the project site was posted with a notice advertising this public hearing, a notice was published in the Orange County Reporter and mailed notices were sent to all property owners within 500 feet of the project site. At the time of this printing, no correspondence, either written or electronic, has been received from any members of the public.

### **ENVIRONMENTAL IMPACT**

Pursuant to the California Environmental Quality Act (CEQA) and the CEQA Guidelines, the project is exempt from further review pursuant to Section 15331 of the CEQA Guidelines (Class 31 – Historical Resource Restoration/Rehabilitation) as these actions are designed to preserve historic resources. Based on this analysis, a Notice of Exemption, Environmental Review No. 2022-46 will be filed for this project.

### **FISCAL IMPACT**

The Historic Property Preservation Agreement will reduce the Property Tax revenue account 01102002-50011 to the City by an estimated \$1,027.95 annually, for a period of not less than ten years.

d. If either the Owner or the City serves notice to the other of nonrenewal in any year, the Agreement shall remain in effect for the balance of the term then remaining, either from its original execution or from the last renewal of the Agreement, whichever may apply.

**3. Standards and Conditions for Historic Property.**

During the term of this Agreement, the Historic Property shall be subject to the following conditions, requirements and restrictions:

a. Owner shall maintain the Historic Property in a good state of repair and shall preserve, maintain, and, where necessary, restore or rehabilitate the property and its character-defining features described in the "Historical Property Description" attached hereto, marked as Exhibit B, notably the general architectural form, style, materials, design, scale, proportions, organization of windows, doors, and other openings, textures, details, mass, roof line, porch and other aspects of the appearance of the exterior to the satisfaction of the City.

b. All changes to the Historic Property shall comply with applicable City plans and regulations, and conform to the rules and regulations of the Office of Historic Preservation of the State Department of Parks and Recreation, namely the U.S. Secretary of the Interior's Standards and Guidelines for Historic Preservation Projects. These guidelines are attached hereto, marked as Exhibit C, and incorporated herein by this reference. Owner shall continually maintain the Historic Property in the same or better condition.

c. A view corridor enabling the general public to see the Historic Property from the public right-of-way shall be maintained, and Owner shall not be permitted to block the view corridor to the property with any new structure, such as walls, fences or shrubbery, so as to prevent the viewing of the historic landmark by the public.

d. The following are prohibited: demolition of the Historic Property or destruction of character-defining features of the building or site; removal of trees and other major vegetation unless removal is approved by a rehabilitation plan approved by the Historic Resources Commission; paving of yard surface; exterior alterations or additions unless approved by the Historic Resources Commission and such alterations are in keeping with the Secretary of Interior's Standards; deteriorating, dilapidated or unrepaired structures such as fences, roofs, doors, walls, and windows; storage of junk, trash, debris, discarded or unused objects such as cars, appliances, or furniture; and other unsightly by decoration, structure or vegetation which is unsightly by reason of its height, condition, or inappropriate location.

#### **4. Furnishing of Information.**

The Owner hereby agrees to furnish the City with any and all information requested which may be necessary or advisable to determine compliance with the terms and provisions of this Agreement.

#### **5. Cancellation.**

a. The City, following a duly noticed public hearing by the City Council as set forth in Government Code Section 50280, et. seq., may cancel this Agreement if it determines that the Owner have breached any of the conditions of this Agreement, or has allowed the property to deteriorate to the point that it no longer meets the standards for a qualified Historic Property, or if the City determines that the Owner have failed to restore or rehabilitate the property in the manner specified in Section 3 of this Agreement. If a contract is cancelled for these reasons, the Owner shall pay a cancellation fee to the County Auditor as set forth in Government Code Section 50286. This cancellation fee shall be a percentage (currently set at twelve and one-half (12 ½) percent by Government Code Section 50286) of the current fair market value of the

b. No fee shall be imposed in the case of destruction by acts of God or natural disaster.

c. If the Historic Property is acquired by eminent domain and the City Council determines that the acquisition frustrates the purpose of this Agreement, this Agreement shall be cancelled and no fee imposed, as specified in Government Code Section 50288.

## **6. Enforcement of Agreement.**

a. In lieu of and/or in addition to any provisions to cancel the Agreement as referenced herein, City may specifically enforce, or enjoin the breach of, the terms of the Agreement. In the event of a default, under the provisions to cancel the Agreement by Owner, the City shall give written notice to Owner by registered or certified mail, and if such a violation is not corrected to the reasonable satisfaction of the City Manager or designee within thirty (30) days thereafter, or if not corrected within such a reasonable time as may be required to cure the breach or default, or default cannot be cured within thirty (30) days (provided that acts to cure the breach or default may be commenced within thirty (30) days and shall thereafter be diligently pursued to completion by Owner), then City may, without further notice, declare a default under the terms of this Agreement and may bring any action necessary to specifically enforce the obligations of Owner growing out of the terms of this Agreement, apply to any court, state or federal, for injunctive relief against any violation by Owner or apply for such relief as may be appropriate.

b. City does not waive any claim of default by the Owner if City does not enforce or cancel this Agreement. All other remedies at law or in equity which are not otherwise provided for in this Agreement or in City's regulations governing historic properties are available to City to pursue in the event that there is a breach of this Agreement. No waiver by City of any breach or default under this Agreement shall be deemed to be a waiver of any other subsequent breach thereof or default hereunder.

## **7. Binding effect of Agreement.**

a. Owner hereby subjects the Historic Property, located at **1010 W. Santa Clara Avenue**, Assessor Parcel Number, **001-181-07**, and more particularly described in Exhibit A, in the City of Santa Ana, to the covenants, conditions, and restrictions as set forth in this Agreement.

**8. No Compensation.**

Owner shall not receive any payment from City in consideration of the obligation imposed under this Agreement, it being recognized that the consideration for the execution of this Agreement is the substantial public benefit to be derived therefrom and the advantage that will accrue to Owner as a result of the effect upon the assessed value of the Property on the account of the restrictions on the use and preservation of the Property.

## **ARCHITECTURAL STYLE:** Ranch House

Widely published in *Sunset* and *House Beautiful* magazines, the Ranch House dominated post-World War II residential expansion and represented the most popular house form in the United States from the 1950s through 1970s. The Ranch House originated in the 1930's designs of Southern California architect Cliff May, who sought to reinvent the West's vernacular housing traditions by combining the form and massing of the traditional ranch house with a modernist's concern for informality, expressed in materials and plan, and indoor-outdoor integration.

While the style includes several variants, a basic set of character-defining features applies to most examples. In form and massing, the style evokes a sprawling ranch that developed over time, with a central block extended by wings of varying roof heights. Generally L-shaped or U-shaped in plan, the Ranch House typically has a one-story profile with strong horizontal emphasis expressed through a low pitched or flat roof with wide overhanging eaves. Asymmetrical in design, the Ranch House is often sheathed in and accented with rustic materials such as board-and-batten siding, high brick foundations, art stone, and wood shake roofs. Indoor-outdoor integration is achieved through the use of recessed or extended porches, set low to the ground, and the generous use of large picture, ribbon, or corner windows. Window detailing can include wood frames, decorative shutters, and diamond-patterned muntins. Ornamentation includes rusticated elements, such as carved porch supports and exposed rafters, uneven rakes and flared eaves, and faux dove cotes and bird houses.

## **SUMMARY/CONCLUSION:**

The Mason-Heike House qualifies for listing in the Santa Ana Register of Historical Properties under Criterion 1 as relatively intact example of a Ranch style tract house in Santa Ana. The recommended categorization is "Contributive" because it contributes to the overall character and history of West Floral Park and is a representative example of Ranch style architecture. (Santa Ana Municipal Code, Section 30-2.2).

*Located in West Floral Park, the Mason-Heike House is a one-story single-family residence on a large parcel, sited with a deep setback and constructed in a Ranch House style. A detached garage is located towards the south end of the rear elevation of the residence. Asymmetrical in design, the house exhibits a strong horizontal emphasis expressed through a moderately-pitched, cross-gabled roof with a prominent front-facing gable. The exterior of the house is clad in a combination of exterior materials including stucco, brick, wood overlap, and distinctive board and batten siding. The entry porch is characterized by a partial width front porch whose roof is supported by slender, paired posts. The entry also features an X-paneled and partially glazed front door adjacent to a prominent, single-hung, multi-light window. Occupying most of the façade east of the entry is a series of wood, multi-light windows, centered within a wood overlap projection that wraps around the east elevation. Wood multi-light windows also appear on the west and south elevations. A centralized, interior brick chimney rises above the roofline. Alterations to the house include the removal of two windows along the east elevation. Other than the relatively minor noted changes, the house appears intact and is in good condition. The property is landscaped with a lawn, low vegetation and a long driveway leading towards the rear, detached garage.*

*The Mason-Heike House is architecturally significant as a simple but relatively intact example of a Ranch style tract house in Santa Ana. According to City building records, it was built in 1955 by Chad Turner Construction Co. for approximately \$17,000. The house was first sold in 1956 to Robert E. and Marjorie Mason who lived on the property until 1963. Robert Mason owned R.E. Mason Realty at 1017 N. Main Street (alternatively 1206 N. Main Street). Robert and Marjorie Mason sold the property to Homer W. and Ruth Ellen Packard who resided on the property until 1967. Homer and Ruth first resided at 2014 Woodland Place in Santa Ana before purchasing 1010 W. Santa Clara Avenue. Ralph E. and Gwendolyn Susan Webster purchased the property in 1967 and resided on the property until 1975. According to City directories, the property was sold to Ronald H. and Patricia Heike in 1975 who resided at the property until 2020. Ron was a fish salesman and a member of Citizens for a Better Santa Ana and the Santa Ana Society of Neighbors.*

**\*B10. Significance (continued):**

*Santa Ana was founded by William Spurgeon in 1869 as a speculative town site on part of the Spanish land grant known as Rancho Santiago de Santa Ana. The civic and commercial core of the community was centered around the intersection of Main and Fourth Streets. Stimulated by the arrival of the Santa Fe Railroad and incorporation as a city in 1886, and selection as the seat of the newly created County of Orange in 1889, the city grew outwards, with residential neighborhoods developing to the north, south, and east of the city center. Agricultural uses predominated in the outlying areas, with cultivated fields and orchards dotted with widely scattered farmhouses.*

*Since the second half of the twentieth century, the neighborhood in which the Mason-Heike House is located has been known as West Floral Park. Bounded by Santiago Creek on the north, West Seventeenth Street on the south, North Flower Street on the east and North Bristol Street on the west, this residential area largely developed after 1947. Prior to that time, the area was primarily agricultural, and other than Flower Street, which was improved with houses during the 1920s and 1930s, contained only a handful of residences on Baker and Bristol Streets, the City Water Works pumping plant at 2315 North Bristol Street, and the Animal Shelter and City/County Pound at 2321 North Bristol Street. Between 1947 and 1950, around two dozen homes were constructed on Baker, Olive, Towner, and Westwood Streets. Construction boomed throughout the neighborhood during the 1950s, with the California Ranch emerging as the favored residential style.*

*The Mason-Heike House qualifies for listing in the Santa Ana Register of Historical Properties under Criterion 1 as relatively intact example of a Ranch style tract house in Santa Ana. The recommended categorization is "Contributive" because it contributes to the overall character and history of West Floral Park and is a representative example of Ranch style architecture. (Santa Ana Municipal Code, Section 30-2.2). Character-defining features of the Mason-Heike House include, but may not be limited to: horizontal massing and composition; combination of exterior materials including stucco, brick, wood overlap, and distinctive board and batten siding; X-paneled and partially glazed front door; and multi-light windows.*

Exhibit C

Exterior work shall be reviewed by the Historic Resources Commission and subject to the U.S. Secretary of the Interior's Standards for Rehabilitation of Historic Buildings, as follows:

1. Every reasonable effort shall be made to provide a compatible use for a property which requires minimal alteration of the building, structure, or site and its environment, or to use a property for its originally intended purpose.
2. The distinguishing original qualities or character of a building, structure or site and its environment shall not be destroyed. The removal or alteration of any historic material or distinctive architectural features should be avoided when possible.
3. All buildings, structures, and sites shall be recognized as products of their own time. Alterations that have no historical basis and which seek to create an earlier appearance shall be discouraged.
4. Changes which may have taken place in the course of time are evidence of the history and development of a building, structure, or site and its environment. These changes may have acquired significance in their own right, and this significance shall be recognized and respected.
5. Distinctive stylistic features or examples of skilled craftsmanship which characterize a building, structure, or site shall be treated with sensitivity.
6. Deteriorated architectural features shall be repaired rather than replaced, whenever possible. In the event replacement is necessary, the new material should match the material being replaced in composition, design, color, texture, and other visual qualities. Repair or replacement of missing architectural features should be based on accurate duplications of features, substantiated by historic, physical, or pictorial evidence rather than on conjectural designs or the availability of different architectural elements from the other buildings or structures.
7. The surface cleaning of structures shall be undertaken with the gentlest means possible. Sandblasting and other cleaning methods that will damage the historic building materials shall not be undertaken.
8. Every reasonable effort shall be made to protect and reserve archaeological resources affected by, or adjacent to any project.
9. Contemporary design for alterations and additions to existing properties shall not be discouraged when such alterations and additions do not destroy significant historical, architectural or cultural material, and such design is compatible with

size, scale, color, material and character of the property, neighborhood, or environment.

10. Wherever possible, new additions or alterations to structures shall be done in such a manner that if such additions or alterations need to be removed in the future, the essential form and integrity of the structure would be unimpaired.
