

**CITY OF SANTA ANA FY 22/23CIP
CAPITAL IMPROVEMENT PROJECT WORKSHEET**

PROJECT TITLE:

Downtown Flood Reduction & Stormwater Infiltration Project

PROJECT CATEGORY:

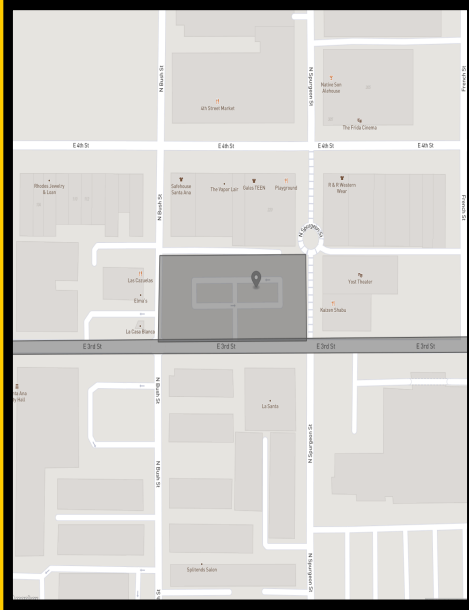

*Utility/Drainage/Lighting
Improvements
Storm Drain/Water Quality*

PROJECT DESCRIPTION:

Upgrade existing stormdrain infrastructure along 3rd Street, installation of a subsurface stormwater infiltration system, and redevelopment of a City-owned parking lot to include stormwater Best Management Practices (BMPs), drought tolerant landscaping, and interpretive signage.

PROJECT NEED:

The City experiences significant flooding during intense rain events, particularly in the Downtown area. The multi-benefit project will help alleviate flooding via the reconstruction and upgrade of the existing stormdrain infrastructure along 3rd Street, and construction of a subsurface infiltration system that will capture and infiltrate stormwater.
