**RE: Transmittal of materials for August 15, 2022, Sunshine Ordinance Meeting for
Cabrillo Town Center (1901 and 1971 E. 4th Street and 515 and 525 N. Cabrillo Park
Drive in Santa Ana)**

Dear Pedro:

On behalf of Fairfield, the applicant for the proposed Cabrillo Town Center located at 1901 and 1971 E. 4th Street and 515 and 525 N. Cabrillo Park Drive in Santa Ana, I submit the following materials related to our compliance with Sunshine Ordinance requirements for this project for the meeting held on Monday, August 15, 2022:

- Notification mailers in English and Spanish mailed on August 3, 2022 to property owners and occupants within a 1,000' radius of the project site and List of property owners and occupants within 1,000' radius of project site, radius map and certification by the list preparer Susan Case, Inc.
- Proof of publication of the announcement notice by Orange County Register and La Opinion
- Sign In Sheets from the Sunshine Ordinance meeting held at 1901 E. 4th Street, Suite 205 at 6:00pm on Monday, August 15, 2022.
- Copies of the exhibits presented at the meeting
- Meeting Minutes, with comments made at meeting, with applicant responses

I confirm, under penalty of perjury, that I conducted the aforementioned community meeting as required by Santa Ana's Sunshine Ordinance, and that the provided details and materials enclosed with this transmission are true, accurate and correct to the best of my knowledge.

Dated this 16th day of August 2022.

Grant Williams

Fairfield- Cabrillo Town Center

Sunshine Meeting Minutes- Monday, August 15, 2022, 6:00-7:00pm

Ed McCoy of Fairfield provided an introduction of Fairfield and the proposed project (exhibits attached). The following are the questions, comments and responses:

1. **Did the City change the codes to allow this?** Response: Yes, the City of Santa Ana adopted the MEMU overlay Specific Plan in 2018 which allows for higher density development subject to the plan provisions.
2. **What do you think this project will do to our property values?** Response: This project represents a \$200 million investment in the area and can only help your property values.
3. **How much parking is there?** Response: 2 stalls per unit, overall, the proposed mix of units is 65% Studio and 1 bedroom units and 30% 2 bedroom units and remaining live/work lofts. There is on street parking on Park Place between the apartments and townhomes. The townhomes each have 2 car garages and is parked 2.2 stalls per unit. Fairfield has apartment nationwide and develops and manages them, the average parking provided is 1.75 stalls per unit. The Fair Housing Act allows 2 persons per bedroom plus 1, which Fairfield complies with and the property managers limit with leases.
4. **Other projects have changed from what is intended.** Response: Fairfield just completed apartment and townhome projects in Orange called Ora and Vita, you are welcome to tour them to see the type of development we provide.
5. **What are the occupancy rates on 1st Street? We heard 1901 is full.** Response: Not aware of 1st Street projects.
6. **There are so many units around City.** Response: The City is trying to comply with RHNA numbers allocated by State of California.
7. **Who will enforce who can be in apartments?** Response: The on site leasing office has property managers who address resident issues.
8. **How long does it take to build project?** Response: We just submitted our applications, best case we hope to get approval in early 2023 and submit for plancheck about mid 2023, could possibly start construction late 2023. Then 24 months to have 1st apartment unit ready to lease and then additional 6 months to complete all units. The townhomes may start a little later and will be built by another developer, but will finish before the apartments.
9. **What about the traffic study?** Response: The traffic study indicates that a dedicated right turn lane on Cabrillo Park Drive is required and possibly a contribution to an I-5 on ramp improvement.
10. **What are the access points for the project?** Response: There is access at 4th Street and Cabrillo Park Drive.
11. **Can there be a stop light at Fruit and Cabrillo?** That location isn't addressed in traffic analysis, there will be a signal at Park Place and Cabrillo Park Drive.
12. **Will there be elevators?** In the apartment there will be elevators.

13. **It's not a fair traffic study when you have an empty lot next to you.** Response: Our traffic study is required to look at traffic through 2046 and does include the Centerpointe project as well as 37 other projects either in review process or approved but not yet built. The Centerpointe project is required to widen a section of Cabrillo Park Drive on Cabrillo Park Drive and add an on-ramp at I-5 Freeway. The traffic study used 2019, Pre-Covid traffic data not current traffic data.
14. **When someone leaves the project they will need to do a u-turn.** Response: Yes, the traffic analysis indicates that a left turn could be provided but City staff had indicated we should not provide, we will discuss.
15. **Do you own the 9 acres?** Response: No, we are in escrow to buy, the sale would not be finalized until entitlement process completed.
16. **What are plans for next door (Golden Circle)?** Response: We do not know.
17. **Is City going to have a meeting about empty lot and Enderle Center?** Response: We do not know about those projects. We will have another meeting after we receive comments from City on our application and make a resubmittal.
18. **Will pylons be required for the 5 story construction?** Response: We need to look at what the Geotechnical Report requires. We know construction will generate noise and vibration, there are measures we will be required to use to minimize impacts to surrounding neighbors.
19. **When does escrow close?** After entitlement approvals.
20. **Concerned about people parking in neighborhoods.** Response: The townhomes will have CC&Rs that require both spaces in garage be used for cars, not storage and will be enforced by HOA. Townhomes will be built by another developer, we develop apartments.
21. **What are estimated prices?** Response: The process for town homes will be market driven. You could check what the current selling prices are at the townhome project in Orange.
22. **Impact on utilities in the area?** Response: The City did environmental analysis as a part of the MEMU Specific Plan in 2018 which should have addressed potential impacts of future development.
23. **Do you think there will be utility cost increases because of project?** Response: Not to my knowledge.
24. **Will there be solar in project?** Response: May be a limited amount on apartments, it is difficult as the parking structure area at top is limited. The 3 story townhomes could incorporate solar.
25. **Is there a pool?** Yes, on ground floor.
26. **Are you a part of Mabury Park Water Reclamation project?** Response: No
27. **What commercial is on site?** Response: Retail will be at corner of 4th and Cabrillo, possibly a sandwich or coffee shop or local serving retail.
28. **Is there a dog park?** Response: Along the eastern property line there is a 20' wide storm drain easement that will be landscaped and will be a walking trail that people can take their dogs.

29. **How is parking laid out in apartments?** Response: The ground floor will be parking for guests, retail and live/work lofts. The second level will be gated and those floors will be for residents.
30. **The project can be 10-12 stories in height?** Response: The MEMU allows for those heights, this project will be 5 stories.
31. **Is there access to the park? The City won't let us have access from our homes.**
Response: There is an easement that will be maintained, the City requested we provide access, but they are reviewing our plans now.
32. **Will Red Cross be touched? I want to keep the access to the Red Cross.** Response: That is not a part of our project.
33. **Signal, what direction?** Response: That will be decided with design at Cabrillo Park Drive.
34. **Parking on apartments?** Response: See Response to Comment/Question #3. The ground floor of parking structure will be completed first so construction vehicles can be parked there, then proceed with other levels.
35. **Will you use Republic Trash?** Response: We need to look into.
36. **What is the retail parking?** Response: It is included in the 2 stalls per unit.
37. **Parking for a 1 Bedroom Space, do you charge for parking?** Response: 2 stalls are provided per unit, it depends on project. Generally 1 stall is provided per unit and we charge for the second but it depends on City and will be determined.
38. **Is the project a similar look as shown there (points to elevation)?** Response: Yes, these are the proposed colors and materials and an elevation of what it should look like from a view from corner of Cabrillo Park Drive and 4th Street.
39. **Did Fairfield do any of the Great Park development?** Response: No, we have the project in Orange, a non-wrap project in La Habra, a project called Blue Sol in Costa Mesa and some in San Diego. If you go to the Fairfield Residential website you can see our products.
40. **The Traffic analysis took into account the project across the street and 300 cars can go north in the peak morning? We are concerned about traffic going north through our neighborhood, 100 cars an hour in morning. The City is not responsive to our concerns.**
Response: The City is reviewing the traffic analysis.
41. **Is there a formula for low- income units?** Response: The City allows options, for this project there will be no designated onsite affordable units, all will be market rate. Based on recently adopted City fees the project will pay over \$7 million for in lieu fees that the City can use to build affordable housing elsewhere in City or use for programs supporting affordable housing.
42. **How long does the Company keep a project like this?** Response: It depends on the type of asset but usually around 10 years. Fairfield is owned by the California State Teacher's Retirement Fund who is involved in such decisions.
43. **Can we access the plans?** Response: Yes, they are on the City's website.
44. **Is there a bus stop nearby?** Response: Yes, in front of this building (we are in) on 4th Street. A dedicated turn lane is located in the area of the bus stop so we will work with OCTA to move stop out of the turn lane area.
45. **What about the homeless in the area?** Response:

46. **Is a bike lane proposed on 4th Street?** Response: I don't know, we need to look at City's plan. Fairfield provides locked bike rooms in the parking structure for bike storage and often offers 30-day metro passes at move in to encourage apartment tenants to use mass transit.
47. **Will there be electric vehicle plug ins?** Response: Yes
48. **What is the project time frame?** Response: Currently in escrow and applications being reviewed by City staff, we hope to get approvals in early 2023, after entitlement do building permit plans and would start construction in October/November 2023. 24 months to first apartment being leased then an additional 6 months to complete. Town homes would start after apartment start but finish before end of apartment construction.
49. **When do tenants have to vacate these buildings?** Response: Are you a tenant? We will need to follow up with owner on timing.
50. **How many retail spaces?** Response: 6,000sf of retail and 9,00sf, 12 live-work loft units.
51. **We want to keep egress to park.**
52. **We will have another meeting after a submittal is made to City following receipt of first comments.**

AFFIDAVIT OF PUBLICATION

STATE OF CALIFORNIA, }

SS.

County of Orange

I am a citizen of the United States and a resident of the County aforesaid; I am over the age of eighteen years, and not a party to or interested in the above entitled matter. I am the principal clerk of The Orange County Register, a newspaper of general circulation, published in the city of Santa Ana, County of Orange, and which newspaper has been adjudged to be a newspaper of general circulation by the Superior Court of the County of Orange, State of California, under the date of November 19, 1905, Case No. A-21046, that the notice, of which the annexed is a true printed copy, has been published in each regular and entire issue of said newspaper and not in any supplement thereof on the following dates, to wit:

10/28/2022

I certify (or declare) under the penalty of perjury under the laws of the State of California that the foregoing is true and correct:

Executed at Anaheim, Orange County, California, on
Date: October 28, 2022.

Cabrillo Town Center

2nd Sunshine Ordinance Meeting- November 10, 2022

Questions and Responses

Apartments

How many persons in a bedroom?

Response: Per State Housing Law 2 persons per bedroom +1 so 3 persons per 1 bedroom unit and 5 persons for a 2 bedroom unit.

Comment: So, there will be 3 cars?

Response: Fairfield's experience with all properties is the average apartment unit has 1.75 persons per unit. 898 stalls are provided for 598 bedrooms, based on Fairfield's experience, that is a sufficient parking ratio.
ratio.

Will they be leased?

Response: Yes the apartments are leased, the townhomes will be for-sale.

Comment: It seems there will be a glut of apartments in the area

You'll have a presence on site?

Response: Yes, there will be property management on site. Fairfield is very careful about the leasing and management of buildings to protect the asset.

What is in the apartments?

Response: The amenities include co-work space, roof top recreation area, courtyards, a pool/jacuzzi, fitness center, bike room and open spaces throughout.

Will there be low-income units?

Response: Not on site, Fairfield is going to pay in-lieu fees for affordable housing to the City, about \$7-8 million dollars.

Why wasn't access designed differently?

Response: We need direct visual and parking access along the main streets, Fourth Street and Cabrillo Park Drive. The project is putting in turn lane a turn lane at Fourth Street to allow better turning movements with a wider street at the corner.

How many units?

Response: 449 apartment units and 58 townhomes.

Traffic

People want to get to Freeway?

Response: The Center Point project is to provide southbound right turn lane on Cabrillo Park Drive and adding another lane of Fourth Street. Fairfield will add a west-bound right turn lane. We don't know the schedule for the Center Point improvements.

No Median in Cabrillo Park Drive, so no left turns, people will have to make U-turns?

Response: U turns may occur, but most drivers will adjust their driving patterns based on experience and may change routes.

Do you address traffic of other projects?

Response: The traffic analysis included this project plus 37 other recent or proposed projects. The traffic for this project generates slightly more average daily trips vs. the existing office complex but generates less trips during the morning and evening peak driving times which are the time periods the City is concerned about.

A lot is being developed on First Street and with Center Point it will destroy traffic flow.

Response: The City adopted the MEMU plan in 2017, this area is intended to be an Urban Activity Zone, it is not intended to be a single- family residential area.

Mabury Park Existing Traffic Concerns, not project related:

Need illuminated street stop signs at Fruit and Cabrillo

Need a crosswalk at Wellington and Cabrillo, near 17th Street.

Need ways to slow down cars from Fruit north so pedestrians can cross street.

Per Tay Aston, she received an email from City, they want to work on intersections with Police Department, she will follow up.

Parking

We are concerned about cars parking on our streets. People living on 1st Street park on our street and ride skateboard back to their homes. Concerned about accidents with pedestrians.

Response: You can contact the City to investigate getting, permit parking on your street. Usually there is an annual fee and on-street parking is restricted to permit holders. Permits can only be issued to residents but check with City to see if this is possible.

What parking is in townhomes?

Response: There are two garage spaces for each of the 58 units plus 11 off street guest stalls. There are also 23 on-street stalls on Parkcourt Place.

Schedule

When will it be built?

Response: We will be resubmitting our second round entitlement by end of the month, we will receive additional comments and possibly a third round and then City staff will prepare staff report and a hearing date will be set with Planning Commission. Residents around project will be notified of the hearing and can attend. Following approvals it will require another year to obtain building permits and then 18-24 months for construction.

Miscellaneous

Will there be electric charging stations or solar?

Response: Yes, there will be charging stations in the parking structure, either assigned to a particular vehicle or appointments for use.

No solar panels on the apartments. Townhomes will have solar. Electric stoves in apartments.

Has escrow closed on property? Will it close before entitlement?

Response: No, intent is to close with entitlements.

When escrow closes will leases be terminated?

Response: We don't have any answer, we can get back to you.

Comment from tenant: "It is my understanding we get 6 months from escrow closing".

Who bought property across the street (Center Point)?

Response: We don't know.

Any restrictions on retail?

Response: Fairfield's partner does not allow cannabis, adult book stores, tattoo parlors and similar retail uses.

Where is access to apartments?

Response: There is a right in/right out off of both 4th Street and Cabrillo Park Drive

What are the rents? If high people will have to double up.

Response: For a \$2,500 a month rent, the person will need to make \$90,000 to qualify. Incomes in the area are such that our rent levels are achievable.

Are they going to clean up First Street?

Response: The idea is that with the multi-family residential there will be eyes on the street, lighting and activity so that the area polices itself.
