

# CITY OF SANTA ANA FY 22/23CIP CAPITAL IMPROVEMENT PROJECT WORKSHEET

**PROJECT TITLE:***Warner Ave Flood Protection Project***PROJECT CATEGORY:***Utility/Drainage/Lighting  
Improvements  
Storm Drain/Water Quality***PROJECT DESCRIPTION:***This project features the upgrade of existing City stormdrain on Warner Avenue, from Oak Street to Standard Avenue. Construction of the new stormdrain will be completed as part of the Warner Avenue Phase II Improvements Project. Project will increase the capacity of the City's stormdrain to reduce flooding and include stormwater treatment devices.***PROJECT NEED:***The City experiences significant flooding during intense rain events, which can have negative impacts on vehicle and pedestrian travel, business operations, and can cause property damage. The City's 2018 Storm Drain Master Plan recommended numerous stormdrain system improvements citywide in order to facilitate storm flows and reduce flooding.***LOCATION MAP****PROJECT COSTS**
