

ORDINANCE NO. NS-XXX

AN UNCODIFIED ORDINANCE OF THE CITY COUNCIL OF
THE CITY OF SANTA ANA EXERCISING ITS RETENTION
OF LOCAL LAND USE CONTROL PURSUANT TO
CALIFORNIA GOVERNMENT CODE SECTIONS
65912.114(i) AND 65912.124(i) AND EXEMPTING CERTAIN
PARCELS FROM CALIFORNIA GOVERNMENT CODE
SECTIONS 65912.114 AND 65912.124 BASED UPON
WRITTEN FINDINGS

WHEREAS, in 2022, the state legislature approved two bills requiring local governments, including charter cities, to approve residential development “by right” in commercial zones, under certain circumstances, where residential uses would otherwise be prohibited; and

WHEREAS, one of these bills was California Assembly Bill 2011, known as the Affordable Housing and High Road Jobs Act of 2022 (“AB 2011”), which was approved by the legislature, signed by the Governor on September 28, 2022, and codified at Government Code sections 65912.100 through 65912.140; and

WHEREAS, AB 2011 serves to override local zoning regulation in the above respect and will take effect on July 1, 2023; and

WHEREAS, AB 2011 and similar housing bills passed by the state legislature and signed by the governor overriding local zoning regulations are intended to address the state’s housing crisis by circumventing local land use and zoning regulations that some agencies have adopted to limit housing development; and

WHEREAS, to the contrary, the City of Santa Ana completed a seven-years long effort to comprehensively update its General Plan in April 2022, with a land use plan encompassing over 1,500 acres of land designated in five Focus Areas throughout the City and including over 770 acres allowing residential development at densities at or exceeding 30 dwelling units per acre, the threshold established and deemed appropriate by Government Code Section 65583.2(c)(3) to accommodate housing for lower income households for jurisdictions in a metropolitan county; and

WHEREAS, the City’s General Plan Land Use Element allows for residential developments in the areas identified above with the appropriate infrastructure improvements required to sustain high-quality housing and residential communities; and

WHEREAS, the City of Santa Ana’s 6th Cycle Housing Element for the 2021-2029 planning period was certified by the California Department of Housing and Community Development (HCD) on September 16, 2022; and

WHEREAS, the City of Santa Ana has a proven track record of permitting housing units at all affordability categories as demonstrated by exceeding its 5th Cycle (2014-2019) Regional Housing Needs Allocation (RHNA) by over 2,400 percent; and

WHEREAS, the City of Santa Ana continues to meet or well exceed its affordable housing and other residential development requirements, far outpacing any city in Orange County, as evidenced by issuing 1,635 permits for housing units across all affordability categories, fulfilling 52 percent of its 6th Cycle (2021-2029) RHNA less than two years into the eight-year planning period, as documented in the 2022 Housing Element Annual Progress Report submitted to HCD and the Governor's Office of Planning Research (OPR) on March 23, 2023; and

WHEREAS, AB 2011 specifically provides streamlined, ministerial, CEQA-exempt review for 100 percent affordable, multifamily housing development projects located in neighborhood plan areas where multifamily housing is permitted on the site and commercial zones where office, retail, or parking are a principally permitted use, where both satisfy a series of objective development standards and other requirements, as codified in Government Code section 65912.114; and

WHEREAS, AB 2011 also provides streamlined, ministerial, CEQA-exempt review for mixed-income housing development projects along commercial corridors in neighborhood plan areas where multifamily housing development is permitted on the site and in commercial zones where office, retail, or parking are a principally permitted use, where both satisfy a series of objective development standards and other requirements, as codified in Government Code section 65912.124; and

WHEREAS, AB 2011 permits a local government to exempt a parcel from these types of streamlined approval before a developer submits a development application on the parcel if: (1) the local government identifies one or more alternative sites for residential development; (2) the local government has permitted the alternative parcels not otherwise eligible for development pursuant to AB 2011 to be developed pursuant to AB 2011 streamlining; (3) the local government has permitted the alternative parcels that are subject to AB 2011 streamlining to be developed at densities above the residential density required in subdivision (b) of Section 65912.113 (100 percent affordable) or subdivision (b) of 65912.123 (Mixed-Income) of the Government Code; (4) the alternative development would result in no net loss of the total potential residential density in the jurisdiction; (5) the alternative development would result in no net loss of the potential residential density of housing affordable to lower income households in the jurisdiction; and (6) the alternative development would affirmatively further fair housing; and

WHEREAS, the City of Santa Ana has identified the parcels listed in Attachment 1 and Attachment 2 to this Ordinance as parcels eligible for streamlined review pursuant to Government Code sections 65912.114 and 65912.124; and

WHEREAS, the parcels identified in Attachment 3 and Attachment 4 to this Ordinance have been identified as alternative parcels for residential development; and

WHEREAS, the City of Santa Ana has permitted the parcels listed in Attachment 3 and Attachment 4 to this Ordinance that are not otherwise eligible for development pursuant to AB 2011 streamlined review to be developed pursuant to the requirements of AB 2011; and

WHEREAS, the parcels listed in Attachment 3 and Attachment 4 to this Ordinance may be developed at the residential density required by AB 2011 or the residential density set forth in the City's General Plan, whichever is higher; and

WHEREAS, exempting the parcels listed in Attachment 1 and Attachment 2 to this Ordinance will not result in a net loss of the total potential residential density in the jurisdiction permitted by or subject to AB 2011 because there is a surplus of residential capacity on the alternative parcels identified in Attachment 3 and Attachment 4 that are eligible for AB 2011 streamlined review above the baseline residential density established by Government Code sections 65912.113(b) and 65912.123(b) for the eligible parcels whereby there will not be a net loss in the potential residential units permitted by or subject to AB 2011 streamlining; and

WHEREAS, there will be no net loss of the potential residential density of housing affordable to lower income households in the jurisdiction because the parcels identified and listed in Attachment 3 and Attachment 4 allow density meeting or exceeding that required by Government Code Section 65583.2(c)(3) of 30 dwelling units per acre, the threshold established and deemed appropriate to accommodate housing for lower income households for jurisdictions in a metropolitan county; and

WHEREAS, the City's local inclusionary housing ordinance, known as the Affordable Housing Opportunity and Creation Ordinance (AHOCO), will require eligible projects citywide to set aside units as affordable to lower and moderate-income households for at least 55 years; and

WHEREAS, development of the alternative parcels eligible for AB 2011 streamlined review and listed in Attachment 3 and Attachment 4 will result in affirmatively furthering fair housing because the parcels are within census tracts that are generally categorized as High Resource and Moderate Resource areas by the Fair Housing Task Force Opportunity Map (2023) that was convened by the California Tax Credit Allocation Committee and HCD (TCAC/HCD) and which have opportunity area composite scores that have rapidly improved since first documented in 2021, are located within specific plan areas and the five General Plan Focus Areas that have been the focus of redevelopment and investment in the City, and provide increased access to amenities, public transit, and jobs; and

WHEREAS, exempting the parcels in Attachment 1 and 2 will prevent housing from being developed on sites that do not have the infrastructure needed to accommodate high-quality housing and will not comply with the land use plan and housing program that the HCD certified Housing Element is based upon; and

WHEREAS, the City of Santa Ana, based upon the written findings required for exemption under AB 2011 and set forth above, exempts the parcels listed in Attachments 1 and 2 from the streamlined approval process for eligible projects provided by Government Code sections 65912.114 and 65912.124; and

WHEREAS, pursuant to California Government Code Section 65912.114(o) and 65912.124(o), a local government may adopt an ordinance to implement the provisions of AB 2011, and an ordinance adopted to implement AB 2011 shall not be considered a “project” under Division 13 (commencing with Section 21000) of the Public Resources Code.

NOW, THEREFORE, the City Council of the City of Santa Ana does ordain as follows:

Section 1. The recitals above are each incorporated by reference and adopted as findings by the City Council.

Section 2. Under California Government Code sections 65912.114(o) and 65912.124(o), the adoption of an ordinance by a city implementing the provisions of AB 2011 is statutorily exempt from the requirements of the California Environmental Quality Act (“CEQA”). Therefore, the proposed Ordinance is statutorily exempt from CEQA.

Section 3. The City Council, based upon the written findings required for exemption under AB 2011, exempts the parcels listed in Attachments 1 and 2 from the streamlined approval process for eligible projects provided by Government Code sections 65912.114 and 65912.124.

Section 4. This ordinance shall become effective thirty (30) days after its adoption.

Section 5. If any section, subsection, sentence, clause, phrase or portion of this ordinance is for any reason held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this ordinance. The City Council of the City of Santa Ana hereby declares that it would have adopted this ordinance and each section, subsection, sentence, clause, phrase or portion thereof irrespective of the fact that any one or more sections, subsections, sentences, clauses, phrases, or portions be declared invalid or unconstitutional.

Section 6. The Clerk of the Council shall certify the adoption of this Ordinance and shall cause the same to be published as required by law.

ADOPTED this _____ day of _____, 2023.

Valerie Amezcua
Mayor

APPROVED AS TO FORM:
Sonia R. Carvalho, City Attorney
