

CITY OF SANTA ANA

City Council Meeting Date

August 1st, 2023

Subject

Reservation and Facilities Fees Discussion

Councilmember-Requested Item Title

Discuss and Re-consider Fees for registering events and reserving facilities to create a community-friendly atmosphere.

Discussion

The focus area is waiving fees for neighborhood associations that partner up with non-profits and or Council Members within their ward to reserve Santa Ana Community Facilities to provide Santa Ana residents with their services.

(Ex: TKO boxing club contribution of 30+ years community involvement- waived rent to continue to provide services for Santa Ana Residents, 200+ youth participating.)

Street closure fees: Consider waiving fees as businesses unite to agree on street closures for designated times and days for purposeful community events.

Decrease fees for Santa Ana field reservations per youth sporting events.

- If reservations consist of personal use of facilities the fee will remain unchanged. Likewise, if facilities are reserved for private use or personal occupancy fees should not be waived.
