DISCUSSION

The City of Santa Ana is developing safer, walkable streets for Santa Ana residents through projects such as the Bristol Street Protected Bike Lanes from Edinger Avenue to First Street Project. This project will install protected bike lanes along Bristol Street from Edinger Avenue to First Street (Exhibit 1). The proposed bike lanes will improve bicycle routes to and from schools, parks, trails, local shopping centers, and high-density residential areas. The bike lanes will also provide connections to future bike facilities on Willits Street and Edinger Avenue. The construction

scope of work includes the removal of asphalt concrete, cold milling, concrete bus pads, and concrete curbs and gutters. The project will also include the construction of 6" to 8" Portland cement concrete bicycle lanes, bicycle detection, concrete bus pads, concrete curb ramps, landscaping, irrigation, striping, and signal modifications.

To move forward with this project, staff recommends approval of an appropriation adjustment to recognize and appropriate construction funding of \$2,102,777 from Fiscal Year 2017-18 Bicycle Corridor Improvement Program (BCIP).

Public Outreach and Contractor Participation

To provide an opportunity for local vendors to submit bids, a Notice Inviting Bids was advertised in the Orange County Register newspaper on October 14 and October 19, 2020. The project was also advertised in PlanetBids from October 14, 2020, through November 5, 2020. Bids were received electronically via PlanetBids, on November 5, 2020.

A total of 1,071 vendors, including vendors in the City of Santa Ana, were notified of the project via PlanetBids. Fifty-nine vendors requested bidding documents and 11 bids were received. Bids were not received from any Santa Ana contractors.

The undersigned contractor or corporate officer, during the performance of this contract, certifies as follows:

1. The Contractor shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin.
