**Subject:** Planning Department

I am appalled that the SA Planning Department is pushing the Planning Commissioners to vote tonight on having a special meeting on Nov. 5th to determine the outcome of the 2525 Main Development. This will not give us enough time to review if our comments were addressed and certainly won't be enough time for the Planning Commission to read the 3500 page document! A vote the day before the general elections!! It's clear that the objectives of the builder are more important than the residents. This is not right.
