**Re: Appeal No. 2018-02 of Conditional Use Permit No. 2018-01 to Approve the Conditional Use Permit Allowing the Operation of a K-12 School for Citrus Springs Charter School**

Dear Mr. Pulido,

Santa Ana Unified School District (District) wishes to inform you of our interest in *Appeal No. 2018-02 of Conditional Use Permit No. 2018-01 to Approve the Conditional Use Permit Allowing the Operation of a K-12 School for Citrus Springs Charter School* which will come before the Santa Ana City Council (Council) tonight on June 5, 2018. We respectfully oppose the council overturning the recommendation of the planning commission.

In a letter from Citrus Springs Charter School to the Mayor and Councilmembers dated March 22, 2018, (noted as 75C-18, Exhibit B), the charter organization states that they need students attending on campus particularly their English Learners, students with disabilities, and struggling students in order to meet grade level standards. We believe these students would better be served in our local public schools with highly qualified trained teachers and up to date instructional materials on a consistent basis. Furthermore, Citrus Springs holds that at most, the total number of students in 9<sup>th</sup> - 12<sup>th</sup> grades will only be on campus twice a week (75C-2). This falls short of providing struggling students the interventions they need to be successful. Additionally, how can the Charter School arbitrarily make a decision on providing services twice a week to students with disabilities? The individualized services for each student with a disability is determined by each Individualized Education Program (IEP) team. By stating that services will only be provided on campus twice a week, the school will not be able to meet the needs of students with disabilities and will be denying access to students who required five days a week of specialized academic instruction and related services per their IEPs. Consequently, adding additional days would impact severely the traffic around Sierra Preparatory Academy and impact the quality of life for Santa Ana residents whom are already impacted by density.

1601 East Chestnut Avenue, Santa Ana, CA 92701-6322, (714) 480-5349

Santa Ana, CA 92701

Dear Mayor and Council Members:

As the parent of a child who attends the Citrus Springs Charter School in Santa Ana, I am writing you today to urge you to support our school's Conditional Use Permit (CUP) request to allow middle and high school students to attend mentoring and tutoring programs on our campus. The center has always served as a positive and healthy learning environment for my children and I very much want them to be able to continue their studies there as they get older and progress through school.

Having a strong base is important for student growth and achievement. I am comforted in knowing that my children are enrolled in a school where their teachers and peers are focused and committed to their futures. If we truly want our future generation to learn and flourish, we need to provide them with California credentialed teachers and mentors who design quality education programs that are unique to every student's individual needs.

Please support my child, their school and approve the Citrus Springs Student Center's application for an expanded CUP. Thank you for your time and attention to this issue.

Sincerely,

Victor Araya

Dear Mayor

I am writing you today to let you know of the CHS  
Springs Conditional Use permit (CUP) application  
to the City of Santa Ana that will allow middle  
high school student to attend Crestview and  
Jolofing programs on our campus.

My experience as a student at CHS  
Springs Charter School is to remain I can  
always be grateful for. I have learned a lot  
and my teachers support my personal  
growth. I've been able to experience school in a  
Christlike atmosphere during Field trips, workshops  
and through other activities.

Being able to have a personalized education  
really helps me see the value of what I'm  
learning. The center provides me with  
programs that will allow me to take college  
courses and apply for internships that support  
my studies.

6/4/2018

Dear Mayor and Council Member:

I am writing you today to urge your support of the Citrus Springs Conditional Use Permit (CUP) application to the City of Santa Ana that will allow middle and high school students to attend mentoring and tutoring program on our campus.

My experience as a student at Citrus Springs Charter school is something I will always be grateful for. I have learned a lot -- and my teachers support my personal growth.
