RECOMMENDED ACTION

Adopt a resolution which authorizes submittal of two grant applications for the Urban Greening Grant Program in the total amount of \$4,269,874.

DISCUSSION

The Urban Greening Grant Program is administered by the State of California Resources Agency, and funds will be provided to preserve, enhance, increase, or establish community green space in California. The total Urban Greening grant funding available for Fiscal Year (FY) 2018-19 is \$24.7 million statewide. A resolution from the City Council authorizing Public Works Agency staff to submit the applications for funding consideration is required by the grant application process (Exhibit 1). The resolution is due to the State Resources Agency prior to site visits for selected projects. Grant funds are anticipated to be awarded in November 2018.

In April 2018, the Public Works Agency submitted preliminary concept applications under the grant's Call for Projects for Bristol Street Active Transportation and Urban Greening Improvements. The proposed project includes the addition of a 6-foot parkway; installation of bio-swales to percolate any street water runoff; drought-tolerant native planting, drip irrigation, canopy trees for shade and heat reduction and reduction of greenhouse gas emissions; an 8-foot ADA-compliant pedestrian sidewalk; a 6-foot concrete bike lane; and a 4-foot landscaped buffer to separate the bicyclists from motorized vehicles.

Other key features include interpretive bikeway signage and pavement markings, which are intended to educate the public on designated conflict zones. The total estimated cost is \$4,269,874. Given the importance of greening public lands and structures, and active transportation enhancements to public health and safety, staff recommends that the City Council adopt the resolution to complete eligibility requirements for this grant application.

STRATEGIC PLAN ALIGNMENT

Approval of this item supports the City's efforts to meet Goal #5 – Community Health, Livability, Engagement & Sustainability, Objective #6 (focus projects and programs on improving the health and wellness of all residents), Strategy F (incorporate health and wellness into all applicable policies and plans [e.g., General Plan, Comprehensive Economic Development Strategy, Capital Improvement Plan, etc.]).

ENVIRONMENTAL IMPACT

There is no environmental impact associated with this action.

FISCAL IMPACT

No City funding match is required for this grant program.
