**DISCUSSION**

The Santa Ana Regional Transportation Center (SARTC) was built in 1983 and is a regional transportation hub that brings together Amtrak, Metrolink, Orange County Transportation Authority, and interstate bus services. In addition, when completed, the OC Streetcar will have a dedicated platform stop at SARTC. The facility is open to the public seven days a week from 5:00 a.m. to midnight, and contains approximately 35,000

square feet of rental space, including ten bus bays, two surface parking lots, and a parking structure.

On August 16, 2016, the City Council approved a site license and site lease agreements with Greyhound Lines, Inc., to license two bus bays and ticket counter office space at SARTC. The site lease agreement was for a three-year term with two one-year renewal options, which expired on November 30, 2021, and has continued on a month-to-month term. The site license agreement continues indefinitely, subject to termination with seven days' notice. Greyhound has expressed an interest in extending the site lease agreement for one additional year, beginning February 1, 2022, through January 31, 2023. Due to the current situation, given the COVID-19 pandemic and the impacts it has had on their operations, Greyhound Lines, Inc., has asked the City for a rent reduction for the first six-month period after which the rental rate will revert to the rates established prior to the COVID-19 pandemic.

Greyhound has been a tenant at SARTC for over twenty years and has paid the monthly rent consistently. Staff recommends amending the site license and site lease agreements for a one-year period that will allow for the preparation of a new Request for Proposals for bus passenger services.
